

PSI Survey Screenshots

NISS Homepage

The screenshot displays the NISS Homepage dashboard. At the top, there is a navigation bar with tabs for DASHBOARD, FACILITY PROFILES, TASKS, FACILITY MESSAGING, SPONSORSHIP SUBMISSIONS, FCL PACKAGES, and MORE. A DASHBOARD VIEWS dropdown menu is open on the right, listing options like NISS External Home Page, Facility Clearance Sponsor Dashboard, Facility Security Staff Dashboard, and Facility Profile Edits.

The main content area features a section titled "-NISS External Home Page" with a sub-section for "DISS Training - January 2021". A heading reads "Upcoming DISS Training". Below this, a paragraph states: "DCSA is working with NCMS, using its NCMSLive WebEx platform, to provide a 2-hour training session 2 - 4 p.m. ET during the month of January for EVERY user of the Defense Information Security for Security (DISS). For more information please click [here](#)."

Another section is titled "Voice of Industry Newsletters". A heading in red text says "Industry Newsletters are now available in the Knowledge Base & the December 2020 VOI has been published". The text below reads: "The NISS Team is excited to announce Voice of Industry (VOI) Newsletters are now available in the Knowledge Base as a Topic entitled 'Voice of Industry Newsletters'." and "The December 2020 VOI Newsletter has been published and can be accessed by [clicking here](#)."

A final section titled "To access to all of the VOI Newsletters, completing the following steps:" includes a numbered list:

1. Click ".NISS External Home Page" on the right sidebar of your Dashboard.
2. Under the blue Quick Links, click "Access the External Knowledge Base."
3. Within the same window, click the "Go to Knowledge Base" button.
4. Select Voice of Industry Newsletters under the Topics section located on the left hand side of the screen.

Defense Counterintelligence and Security Agency (DCSA) Personnel Security Investigations (PSI) Projected Requirements Data Collection

OMB Control No.: 0704-0417; Expiration Date: 06/30/2021;

AGENCY DISCLOSURE NOTICE

The public reporting burden for this collection of information is estimated to average 40 minutes per response for a single active, cleared facility submission, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Facilities submitting a consolidated submission of multiple active, cleared facilities may experience a longer reporting burden.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden to: Department of Defense, Washington Headquarters Services, Executive Services Directorate, Information Management Division, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply if a valid OMB control number is not displayed.

Personnel Security Clearance (PCL): An administrative determination that an individual is eligible, from a security point of view, for access to classified information of the same or lower category as the level of the personnel clearance being granted.

Privacy Act Statement:

Authority: DoD Directive 5220.22, National Industrial Security Program (NISP) and Executive Order (EO) 12829.

Principal Purpose(s): To gather information necessary to budget for the resources to meet the need for Personnel Security Investigations (PSI) for Contractor clearances. DCSA must solicit input from the contractor entities regarding the number of each type of investigation they require for contract performance requiring access to classified information.

Routine Use(s): Information collected is compiled to create an aggregate projection of NISP personnel security clearance requirements. Only the aggregate data is reported and all individual Facility Security Officer name and company information is kept in DCSA records

Disclosure: Voluntary. However, failure to provide background investigation requirements may adversely impact sufficient funding for these background investigations for clearances.

Introduction:

The purpose of this data collection is to gather the information necessary to ensure that funding is available to meet the need for Personnel Security Investigations (PSI) for contractor clearances.

Contractor clearances are part of the National Industrial Security Program (NISP) that DCSA administers on behalf of DoD and 31 other federal agencies. Funding for the associated industry PSIs is handled centrally by DCSA as part of its NISP responsibilities and DCSA is conducting this data collection in order to carry out these responsibilities effectively. Data collection results are critical to DCSA/DoD program planning for NISP security clearances.

Please read all the instructions and follow the prompts to submit your PSI Projected Requirements data collection to Defense Counterintelligence and Security Agency.

If you received this data collection email invitation, DCSA records indicate that you are a proper point of contact to complete this data collection for a specific cleared facility or facilities.

General Instructions

- Identify whether your facility is a single submitter, filing a consolidated response, or does not require clearances in the next three fiscal years. The fiscal year runs from Oct 1 to Sep 30.
- Determine whether your PSI requirements are in support of DoD and/or Non-DoD agencies and select all that apply from the drop-down menus.
- You will provide your projections for Tier 5 (Top Secret), Tier 5R (Top Secret Reinvestigation), Tier 3 (Secret and Confidential), and Tier 3R (Secret Reinvestigation) for both DoD and non-DoD agencies.
- If you have an employee who works under multiple cleared contracts who will require a PSI for a clearance, you should only count them once and toward their primary contracting activity (either DoD or Non-DoD). Do not 'double count'.
- The final section of the data collection will provide you with an opportunity to input general comments or comments for a specific fiscal year.
- Do not submit classified information in the comments section. If you believe classified information is essential to your facility's data collection response, contact your Industrial Security Representative for assistance.

Introduction Submission Type Confirmation and Reason Comments

Confirmation and Reason

You have stated that you are not currently projecting any initial and periodic investigations for clearances in the upcoming three years and you are not being covered under a consolidated response. Is this correct?

YES

NO

If not, please return to the "Submission Type" Tab and alter your response.

Please indicate the reason that you will not require any clearances in the next three years.

- Loss of all classified contracts
- Employees are not due for periodic re-investigations over next three years
- Rebarment from government contracts
- Other (please indicate reason below)
