(a) Fund agreements

The Secretary is authorized to enter into an agreement for the establishment and operation of a student loan fund in accordance with this subpart with any public or other nonprofit school of medicine, osteopathic medicine, dentistry, pharmacy, podiatric medicine, optometry, or veterinary medicine.

(b) Requirements

Each agreement entered into under this section shall -

- (1) provide for establishment of a student loan fund by the school;

- (A) the Federal capital contributions to the fund;
- (B) an amount equal to not less than one-ninth of such Federal capital contributions, contributed by such institution;

the student loan fund may be paid (in whole or in part) by the Secretary; and

- (6) contain such other provisions as are necessary to protect the financial interests of the United States.
- (c) Failure of school to collect loans
- (1) In general

Any standard established by the Secretary by regulation for the collection by schools of medicine, osteopathic medicine, dentistry, pharmacy, podiatric medicine, optometry, or veterinary medicine of loans made pursuant to loan agreements under this subpart shall provide that the failure of any such school to collect such loans shall be measured in accordance with this subsection. This subsection may not be construed to require such schools to reimburse the student loan fund under this subpart for loans that became uncollectible prior to August 1985 or to penalize such schools with respect to such loans.

(2) Extent of failure

The measurement of a school's failure to collect loans made under this subpart shall be the ratio (stated as a percentage) that the defaulted principal amount outstanding of such school bears to the matured loans of such school.

(3) Definitions

For purposes of this subsection:

- (A) The term "default" means the failure of a borrower of a loan made under this subpart to -
- (i) make an installment payment when due; or
- (ii) comply with any other term of the promissory note for such loan,

except that a loan made under this subpart shall not be considered to be in default if the loan is discharged in bankruptcy or if the school reasonably concludes from written contracts with the borrower that the borrower intends to repay the loan.

- (B) The term "defaulted principal amount outstanding" means the total amount borrowed from the loan fund of a school that has reached the repayment stage (minus any principal amount repaid or canceled) on loans -
- (i) repayable monthly and in default for at least 120 days; and
- (ii) repayable less frequently than monthly and in default for at least 180 days;
- (C) The term "grace period" means the period of one year beginning on the date on which the borrower ceases to pursue a full-time course of study at a school of medicine, osteopathic

medicine, dentistry, pharmacy, podiatric medicine, optometry, or veterinary medicine; and

- (D) The term "matured loans" means the total principal amount of all loans made by a school under this subpart minus the total principal amount of loans made by such school to students who are -
- (i) enrolled in a full-time course of study at such school; or
- (ii) in their grace period.

Sec. 292r. Loan provisions

- (a) Amount of loan
- (1) In general

Loans from a student loan fund (established under an agreement with a school under section 292q of this title) may not, subject to paragraph (2), exceed for any student for a school year (or its equivalent) the cost of attendance (including tuition, other reasonable educational expenses, and reasonable living costs) for that year at the educational institution attended by the student (as determined by such educational institution).

(2) Third and fourth years of medical school

For purposes of paragraph (1), the amount of the loan may, in the case of the third or fourth year of a student at a school of medicine or osteopathic medicine, be increased to the extent necessary to pay the balances of loans that, from sources other than the student loan fund under section 292q of this title, were made to the individual for attendance at the school. The authority to make such an increase is subject to the school and the student agreeing that such amount (as increased) will be expended to pay such balances.

(b) Terms and conditions

Subject to section 292s of this title, any such loans shall be made on such terms and conditions as the school may determine, but may be made only to a student -

- (1) who is in need of the amount thereof to pursue a full-time course of study at the school leading to a degree of doctor of medicine, doctor of dentistry or an equivalent degree, doctor of osteopathy, bachelor of science in pharmacy or an equivalent degree, doctor of pharmacy or an equivalent degree, doctor of podiatric medicine or an equivalent degree, doctor of optometry or an equivalent degree, or doctor of veterinary medicine or an equivalent degree; and
- (2) who, if required under section 453 of title 50, Appendix,

to present himself for and submit to registration under such section, has presented himself and submitted to registration under such section.

- (c) Repayment; exclusions from repayment period Such loans shall be repayable in equal or graduated periodic installments (with the right of the borrower to accelerate repayment) over the period of not less than 10 years nor more than 25 years, at the discretion of the institution, which begins one year after the student ceases to pursue a full-time course of study at a school of medicine, osteopathic medicine, dentistry, pharmacy, podiatry, optometry, or veterinary medicine, excluding from such period -
- (1) all periods -
- (A) not in excess of three years of active duty performed by the borrower as a member of a uniformed service;
- (B) not in excess of three years during which the borrower serves as a volunteer under the Peace Corps Act [22 U.S.C. 2501 et seq.];
- (C) during which the borrower participates in advanced professional training, including internships and residencies; and
- (D) during which the borrower is pursuing a full-time course of study at such a school; and

(2) a period -

- (A) not in excess of two years during which a borrower who is a full-time student in such a school leaves the school, with the intent to return to such school as a full-time student, in order to engage in a full-time educational activity which is directly related to the health profession for which the borrower is preparing, as determined by the Secretary; or (B) not in excess of two years during which a borrower who is a graduate of such a school is a participant in a fellowship training program or a full-time educational activity which (i) is directly related to the health profession for which such borrower prepared at such school, as determined by the Secretary; and
- (ii) may be engaged in by the borrower during such a two-year period which begins within twelve months after the completion of the borrower's participation in advanced professional training described in paragraph (1)(C) or prior to the completion of such borrower's participation in such training.
- (d) Cancellation of liability

The liability to repay the unpaid balance of such a loan and accrued interest thereon shall be canceled upon the death of the

borrower, or if the Secretary determines that he has become permanently, and totally disabled.

(e) Rate of interest

Such loans shall bear interest, on the unpaid balance of the loan, computed only for periods for which the loan is repayable, at the rate of 5 percent per year.

(f) Security or endorsement

Loans shall be made under this subpart without security or endorsement, except that if the borrower is a minor and the note or other evidence of obligation executed by him would not, under the applicable law, create a binding obligation, either security or endorsement may be required.

(g) Transferring and assigning loans

No note or other evidence of a loan made under this subpart may be transferred or assigned by the school making the loan except that, if the borrowers transfer to another school participating in the program under this subpart, such note or other evidence of a loan may be transferred to such other school.

(h) Charge with respect to insurance for certain cancellations Subject to regulations of the Secretary, a school may assess a charge with respect to loans made this subpart to cover the costs of insuring against cancellation of liability under subsection (d) of this section.

(i) Charge with respect to late payments

Subject to regulations of the Secretary, and in accordance with this section, a school shall assess a charge with respect to a loan made under this subpart for failure of the borrower to pay all or any part of an installment when it is due and, in the case of a borrower who is entitled to deferment of the loan under subsection (c) of this section, for any failure to file timely and satisfactory evidence of such entitlement. No such charge may be made if the payment of such installment or the filing of such evidence is made within 60 days after the date on which such installment or filing is due. The amount of any such charge may not exceed an amount equal to 6 percent of the amount of such installment. The school may elect to add the amount of any such charge to the principal amount of the loan as of the first day after the day on which such installment or evidence was due, or to make the amount of the charge payable to the school not later than the due date of the next installment after receipt by the borrower of notice of the assessment of the charge.

(j) Authority of schools regarding rate of payment A school may provide, in accordance with regulations of the Secretary, that during the repayment period of a loan from a loan fund established pursuant to an agreement under this subpart payments of principal and interest by the borrower with respect to all the outstanding loans made to him from loan funds so established shall be at a rate equal to not less than \$40 per month.

- (k) Authority regarding repayments by Secretary
 Upon application by a person who received, and is under an obligation to repay, any loan made to such person as a health professions student to enable him to study medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, or podiatry, the Secretary may undertake to repay (without liability to the applicant) all or any part of such loan, and any interest or portion thereof outstanding thereon, upon his determination, pursuant to regulations establishing criteria therefor, that the applicant -
- (1) failed to complete such studies leading to his first professional degree;
- (2) is in exceptionally needy circumstances;
- (3) is from a low-income or disadvantaged family as those terms may be defined by such regulations; and
- (4) has not resumed, or cannot reasonably be expected to resume, the study of medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, or podiatric medicine, within two years following the date upon which he terminated such studies.
- (l) Collection efforts by Secretary

The Secretary is authorized to attempt to collect any loan which was made under this subpart, which is in default, and which was referred to the Secretary by a school with which the Secretary has an agreement under this subpart, on behalf of that school under such terms and conditions as the Secretary may prescribe (including reimbursement from the school's student loan fund for expenses the Secretary may reasonably incur in attempting collection), but only if the school has complied with such requirements as the Secretary may specify by regulation with respect to the collection of loans under this subpart. A loan so referred shall be treated as a debt subject to section 5514 of title 5. Amounts collected shall be deposited in the school's student loan fund. Whenever the Secretary desires the institution of a civil action regarding any such loan, the Secretary shall refer the matter to the Attorney General for appropriate action.

- (m) Elimination of statute of limitation for loan collections
- (1) Purpose

It is the purpose of this subsection to ensure that obligations to repay loans under this section are enforced without regard to any Federal or State statutory, regulatory, or administrative limitation on the period within which debts may be enforced.

(2) Prohibition

Notwithstanding any other provision of Federal or State law, no limitation shall terminate the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by a school that has an agreement with the Secretary pursuant to section 292q of this title that is seeking the repayment of the amount due from a borrower on a loan made under this subpart after the default of the borrower on such loan.

Amounts remaining after allotment under the preceding sentence shall be reallotted in accordance with clause (B) of such sentence among schools whose applications requested more than the amounts so allotted to their loan funds, but with such adjustments as may be necessary to prevent the total allotted to any such school's loan fund from exceeding the total so requested by it.
