Piping logic:

If the respondents report through an agent (“yes” to Q 16.4) but do not report AAR or JOCR directly (not “yes” to either Q 16.5 or Q 16.7), they will be directed to Module 17 and then 19.

If they use agents (“yes” to Q 16.4), submit AAR directly (“yes” to Q 16.5) and submit JOCR directly (“yes” to Q 16.7), they will be directed to Module 17 about agents, then Module 18 about experiences with AAR, then Module 35 about experiences with JOCR, and then Module 19.

If they use agents but also submit AAR directly, but do not report JOCR directly (“yes” to Q 16.4, “yes” to Q 16.5 (AAR), but “no” to Q 16.7), they will be directed to Module 17 about agents next, then Module 18 about experiences with AAR, and then Module 19.

If they use agents but also submit JOCR directly, but do not submit AAR directly (“yes” to Q 16.4, not “yes” to Q 16.5 (AAR), and “yes” to Q 16.7), they will be directed to Module 17 about agents next, then Module 35 about experiences with JOCR, and then Module 19.

If they do not use agents, submit AAR directly, but do not report JOCR directly (“no” to Q 16.4, “yes” to Q 16.5 (AAR), but not “yes” to Q 16.7), they will be directed to Module 18 about experiences with AAR, and then Module 19.

If they do not use agents, submit JOCR directly, but do not submit AAR directly (not “yes” to Q 16.4, not “yes” to Q 16.5 (AAR), and “yes” to Q 16.7), they will be directed to Module 35 about experiences with JOCR, and then Module 19.

If they have not reported themselves (not “yes” to Q 16.1), their organization has (“yes” to Q 16.2) using an agent (“yes” to Q 16.4), they will be directed to Module 17 about agents, then Module 19.

If they do not report directly or through an agent (not “yes” to Q 16.4, Q 16.5 or Q 16.7), they will be directed to Module 19.
