Description (labels may vary by state)

Autism

Intellectually disabled, mild/mild MR / Educable mentally handicapped

Intellectually disabled, moderate/moderate MR/ Trainable mentally handicapped

Intellectually disabled, severe/severe MR/ Severely mentally handicapped

Intellectually disabled, profound/profound MR/ Profoundly mentally handicapped

Hearing impaired/Deaf

Hosp/homebound

Orientation/mobility

Orthopedic impaired

Other health impaired

Severe emotional disorder

Significant developmental delay

Traumatic brain injury

Visually impaired/Blind/Deaf and blind

Description

Schizo-Affective Type

Schizophrenia NOS

Manic Disorder, Single Episode

Bipolar Affective Disorder, Manic

Bipolar Affective Disorder, Depressed

Bipolar Affective Disorder, Mixed

Bipolar Affective Disorder NOS

Manic-Depressive Psychosis NOS

Manic-Depressive Psychosis, Other

Affective Psychosis NOS

Psychosis NOS

Psychoses with Origin Specific to Childhood

Infantile Autism

Disintegrative Psychosis, CDD

Asperger's Disorder, PDD NOS, Atypical Autism

Child Psychosis NOS; Schizophrenia, childhood type

Anxiety States

Anxiety State NOS

Panic Disorder

Generalized Anxiety Disorder

Anxiety State, Other
Agoraphobia Without Mention of Panic Attacks
Social Phobia
