## In-Training Info Page – Create Education (Manually Enter)

### Create In-Training Educational Program ✕

The "In Training Education Program" represents the complete educational experience for the trainee at your institution – i.e. the entire length of their doctoral/medical program or post doctoral experience. Please note that "Education Program" and the "Training Appointment" are not the same thing. As the PI, you use xTRAIN to create a Training Appointment to this grant, and those data are displayed here in CareerTrac in the upper right corner of the "In Training Page". Training appointments are typically shorter than educational programs because the NRSA program puts a cap on the number of years a trainee can be appointed.

Please list the degrees or training that the trainee will experience while supported by the training program. For example, if the trainee is appointed to a PREDOC position enter the Doctoral Program education information here. If the trainee is a POSTDOC enter the expected/actual information about the entire doctoral program. If the trainee is in an MD/PHD program, or will also get an MPH or similar degree, please add all degrees and timeframes.

## Accomplishments – Career Highlights/Leadership

### Create Career Highlights/Leadership ✕

#### Career Highlight Example:

The purpose of this accomplishment category is to allow CareerTrac users to provide a narrative account of how training has directly impacted a Trainee's career or leadership potential.

For example, Jane Doe, Ph.D., participant in the XXX research training program, received a competitive "Best Paper" award at the International Conference on \_\_\_\_\_. Her training with \_\_\_\_\_ had a direct influence on the direction of the research describe in the paper.

Other examples might include:

- Served as member or Chairperson of a scientific panel convened by a the National Academy of Sciences, the Institute of Medicine, or other government entity
- Received an award
- Led revisions of clinical guidelines, etc.
