Warning Notice

This is a U.S. Government computer system, which may be accessed and used only for authorized Government business by authorized personnel. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action.

All information on this computer system may be intercepted, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including criminal investigations. Such information includes sensitive data encrypted to comply with confidentiality and privacy requirements. Access or use of this computer system by any person, whether authorized or unauthorized, constitutes consent to these terms. There is no right of privacy in this system.

Respondent Burden Statement

Public reporting burden for this collection of information is estimated to average 40 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to:

NIH
Project Clearance Branch
6705 Rockledge Drive, MSC 7974
Bethesda, MD 20892-7974

If the Education you wish to enter is not found in IMPAC II for this trainee, you may manually input it here.

In-Training Info Page – Create Education (Manually Enter)

Create In-Training Educational Program ✕

The "In Training Education Program" represents the complete educational experience for the trainee at your institution – i.e. the entire length of their doctoral/medical program or post doctoral experience. Please note that "Education Program" and the "Training Appointment" are not the same thing. As the PI, you use xTRAIN to create a Training Appointment to this grant, and those data are displayed here in CareerTrac in the upper right corner of the "In Training Page". Training appointments are typically shorter than educational programs because the NRSA program puts a cap on the number of years a trainee can be appointed.

Please list the degrees or training that the trainee will experience while supported by the training program. For example, if the trainee is appointed to a PREDOC position enter the Doctoral Program education information here. If the trainee is a POSTDOC enter the expected/actual information about the entire doctoral program. If the trainee is in an MD/PHD program, or will also get an MPH or similar degree, please add all degrees and timeframes.

Educational Degree or Nature of Training Program *

Institution Country (of Institution Granting the Degree)

Accomplishments – Career Highlights/Leadership

Create Career Highlights/Leadership ✕

Career Highlight Example:

The purpose of this accomplishment category is to allow CareerTrac users to provide a narrative account of how training has directly impacted a Trainee's career or leadership potential.

For example, Jane Doe, Ph.D., participant in the XXX research training program, received a competitive "Best Paper" award at the International Conference on _____. Her training with _____ had a direct influence on the direction of the research describe in the paper.

Other examples might include:

- Served as member or Chairperson of a scientific panel convened by a the National Academy of Sciences, the Institute of Medicine, or other government entity
- Received an award
- Led revisions of clinical guidelines, etc.
