

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB#: 0925-0648 Exp Date: 03/2018)

TITLE OF INFORMATION COLLECTION: Patient Perception Survey (CC)

PURPOSE: The purpose of this survey is to solicit patient feedback on the patient experience at the National Institutes of Health Clinical Center (NIHCC). We have ensured that these survey activities, which are designed to gather and measure customers’ perceptions of the quality of the Clinical Center’s services and operations, satisfy the requirements and the spirit of Executive Order (EO) 12862. Furthermore, periodic surveys of patient perceptions of their care is a requirement for hospital accreditation by the Joint Commission. Our planned activities for the next several years reflect our emphasis on performance improvement activities, and our reliance on the valuable data generated from these surveys.

DESCRIPTION OF RESPONDENTS: The sample will consist of approximately 7,500 patients admitted to the NIH Clinical Center for participation in clinical research.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

Yes No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

All patients admitted to the NIH Clinical Center (CC) are sent a patient perception survey not more often than annually while an active patient at the CC.

Administration of the Instrument

1. How will you collect the information? (Check all that apply)

Web-based or other forms of Social Media

Telephone

In-person

Mail

Other, Explain

In keeping with the survey methodology developed by the Centers for Medicare and Medicaid Services for the HCAHPS survey, patients receive a mailed survey approximately two weeks after discharge. Non-respondents are sent a follow up request. Their responses are returned to a third-party contractor, and results are made available to the NIH Clinical Center staff through a secure, web-based portal.

2. Will interviewers or facilitators be used? Yes No

Please make sure that all instruments, instructions, and scripts are submitted with the request.
