TITLE OF INFORMATION COLLECTION:

NIAAA Website Survey for Website Satisfaction Rating

PURPOSE:

The National Institute on Alcohol Abuse and Alcoholism (NIAAA) wishes to collect feedback on user satisfaction with specific pages on the NIAAA websites such as niaaa.nih.gov, alcoholtreatment.niaaa.nih.gov, and arcr.niaaa.nih.gov. NIAAA provides program information and consumer health information through its websites. Qualitative customer feedback on NIAAA websites will help product developers enhance these important services.

The website survey pop-up, link, or embedded version will collect satisfaction data via one to six questions. The conciseness of the survey increases the chance of participation and completion. The information from this survey will be used to improve the design and operation of the publicly accessed website.

In this application, we are providing a list of questions that could be used to make up surveys of one to six questions. We will not be asking individual users all the questions in the list provided. These questions serve as a pool of options from which NIAAA product owners can pick and choose to best suit their needs.

DESCRIPTION OF RESPONDENTS:

Visitors to NIAAA websites who choose to respond to the survey pop-up, link, or embedded version.
