Scientific Resources

Section 0: All Respondents

Burden Disclosure

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

Introduction:

This survey asks a series of questions about your perception of the ORS Scientific Resources Presentation. Your feedback is valuable and will be used to evaluate the Presentation.

Instructions:

Please see the attached survey card for your reference and use. A hard copy of the survey questions is included to assist in the evaluation process. In addition, please note the following below:

- Survey responses reside behind the NIH firewall and are secure to the extent permitted by law.
- For each question, select the option that best represents your view.
- The survey will take approximately 5 to complete.
- Try to answer each question as honestly and accurately as possible.
- At any point, you may exit the survey and return to complete the survey at a later time. Your answers will be saved.

Questions about this survey may be sent to Janice Rouiller at janice.rouiller@nih.gov.

Please indicate your level of agreement with the following statements about the training you received today. Mark the box that indicates your level of agreement.

Statements	Strongly Disagree	Disagree	Somewhat Disagree	Somewhat Agree	Agree	Strongly Agree	Not Applicable
Training objectives were met							
It is clear to me how this training applies to my work activities							
The instructors are knowledgeable							
We were encouraged to ask questions							
I am likely to share this information with colleagues							

Please indicate your likelihood of using the following services by marking the appropriate box. If you need more information or the service is not relevant to your work, please also mark appropriate box.

Service	Likelihood of use					Information	Relevance
	Definitely not use	Probably not use	Maybe use	Probably will use	Definitely will use	Need more information	Not relevant to my work
NIH Library							
Bibliometrics and portfolio analysis (e.g., publication analysis, citation impact, identifying research topics)							
Bioinformatics support (e.g., consultation, training, resources)							
Data services (e.g., training and tools to support data management, visualization, analysis)							
Division of Occupational Health and Safety (DOHS)							
Mandatory DOHS clearance prior to purchase of biological safety cabinets							
Mandatory periodic DOHS certifications of biological safety cabinets							
Mandatory DOHS gaseous decontamination of biological safety cabinets prior to relocation or surplus and after internal repairs are made or filters replaced							
Mandatory DOHS lab safety training							
DOHS maintenance and repair of biological safety cabinets							
Integrated pest management services (e.g., prevention, identification, solutions, monitoring, technical oversight) to ensure compliance with a variety of accreditation programs and regulations necessary to NIH
