TITLE OF INFORMATION COLLECTION: Brother Your On My Mind (BYOMM) Knowledge Attitudes and Belief Form

PURPOSE:

The National Institute on Minority Health and Health Disparities (NIMHD) works to expand the knowledge-base of research on minority health and health disparities through several mechanisms, such as research and education collaborations, training programs, and outreach initiatives. These efforts help to further NIMHD’s goals for disseminating health information to minority health/health disparities stakeholders.

NIMHD and Omega Psi Phi Fraternity, Inc. (OPPF) and have launched an initiative to help start conversations about mental health entitled Brother, You’re on My Mind (BYOMM): Changing the National Dialogue Regarding Mental Health Among African American Men. The BYOMM program is one of the major public outreach efforts for NIMHD. NIMHD has created the BYOMM materials about depression and stress that are based in the science of mental health. OPPF disseminates the materials through national, regional, and local meetings, events and conferences.

To determine how the BYOMM program is doing, NIMHD created the Knowledge, Attitudes and Beliefs (KAB) Participant Assessment. A well-designed and rigorously conducted KAB Participant Assessment will produce qualitative data that is informative, insightful and useful in the planning and/or refining of the initiative. Participants will be able to complete the KAB Participant Assessment electronically from their personal cell phones or other electronic devices provided by the event coordinators. There is also a PDF version of the KAB form for participants that do not have access to an electronic device.

Collecting the KAB Participant Assessment data will be critical in determining future directions for this important outreach initiative.

DESCRIPTION OF RESPONDENTS: Respondents will be participants who attend BYOMM events.
