

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). # NIH Return to the Physical Workspaces: Group C Pulse Check

---

**NIH remains focused on protecting NIH staff and patient health and safety while continuing to further our mission. The purpose of this survey is to assess the number of NIH federal employees who are interested in voluntarily returning to the physical workplace as a part of Group C. Your feedback will help the NIH Coronavirus Response Team as they consider when and how we may proceed with Group C at our various worksites.**

**The survey should take about 5 minutes to complete and all of your responses will be kept confidential. Responses will be aggregated by the Office of Human Resources and summary data will be shared with the NIH Coronavirus Response Team. If you encounter technical difficulties with the survey, please submit an HR help desk ticket**

**at [https://nihohrweb.nih.gov:1010/WiTS\\_IntraHR/WiTSHome.aspx](https://nihohrweb.nih.gov:1010/WiTS_IntraHR/WiTSHome.aspx)**

**Thank you for providing your feedback on the NIH Framework for Returning to the Physical Workspaces - Group C.**

**Thank You!**

**Thank you for taking this survey. Your input is very important to the NIH leadership. As a reminder, completion of this survey is not an application to return. The NIH Coronavirus Response Team will review the results of this survey in considering when and how to proceed with Group C. If the team decides to proceed with a Group C, federal employees will have the opportunity to voluntarily apply to return to the worksite. Those who are approved to return to the worksite must comply with all safety guidance outlines in the [NIH Safety Guidance for Return to Physical Workplace](#).**

**Please continue to check the [NIH COVID intranet site](#) for updates regarding our return to the physical workspaces and other guidance. The NIH COVID intranet site also contains a [wellness page](#) that contains a collection of videos and other resources from NIH to support your emotional, mental, and physical well-being.**

**If you have additional questions about NIH's return efforts, please contact [CoronavirusStaffQuery@od.nih.gov](mailto:CoronavirusStaffQuery@od.nih.gov).**
