See *Introduction Prompt for Staff* for additional guidance as needed.

	NOTES
Tell me about your role and responsibilities as the program's Medical Coordinator.	
What are the things that you love/enjoy about your job? What are the challenges you face in your job?	
Are you aware of ORR tools, such as the UAC MAP, and where to find ORR policies and procedures and any updates?	
 What is your system for adhering to policy and procedures, including updates, related to medical guidance? Describe any challenges the program has faced in successfully adhering to ORR policy/procedures/guidance regarding medical treatment. 	

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to allow ORR Monitoring Team staff to interview and document responses from medical coordinators during biennial site visits. Public reporting burden for this collection of information is estimated to average 1.0 hour per response (plus an additional 1.0 hour if the site visit is performed by a contractor monitor), including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a mandatory collection of information (Homeland Security Act, 6 U.S.C. 279). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. If you have any comments on this collection of information please contact UACPolicy@acf.hhs.gov.

Describe your system for tracking and documenting	
health and medical services.	
Do you have opportunities for ongoing training and	
development?	
 What additional trainings do you think the 	
medical team could benefit from?	
 Please describe how your agency addresses the 	
additional training requirement on sexual abuse	
for medical and mental health practitioners.	
Is the specialized training helpful/sufficient?	
Do you have any suggestions for improvement?	
 Is there any additional training that would be 	
beneficial to better equip medical and mental	
health practitioners to respond to issues related	
to sexual abuse and/or sexual harassment?	
to sexual abuse allu/of sexual flatassifierit:	
Describe the procedures when there is an allegation of	
child abuse or maltreatment.	
Do you have any concerns related to the confidentiality	
of medical information or services for UACs?	
Describe how medical services are tailored for cultural	
sensitivity and age appropriateness.	
What does trauma-informed care mean to you?	
. Have de very deliberation to the control of the c	
How do you deliver trauma-informed care as	
part of the medical team?	
How does the medical department work with the other	
program areas to ensure that the health needs of	

children are being met? How do staff (all shifts) receive important health information on each child regarding special conditions (i.e. disabilities, allergies, other relevant medical issues or medical emergencies)? (If applicable) How do you accommodate a child with special health care needs or medication requirements? What is the medical team's policy/medical orders for youth with short-term injury or short-term contagious illness as it relates to participating in program activities? • How do you ensure a child with a short-term injury or short-term contagious illness is excluded from participation in program activities when risk to the health or safety of that child or others is present? • How does the medical team work to prevent youth from re-injuring or hurting themselves? What measures does the medical team take to prevent the spread of contagious illnesses? How are written P&P established and maintained regarding medication administration, labeling, storage of all medications? What are the procedures for disposing of unused psychotropic medications? • Describe how you track medication errors. o Does the team use a specific system or documentation to track these errors? o Can you provide an example?

What are the plans of action for health emergencies requiring rapid response?
 Are you aware of ORR policy that if there is an emergency SIR (hospitalization), the care provider must notify immediately notify the ORR Hotline by phone? (If coordinator does not mention this as a part of the response, ask specifically about this requirement and provide TA if needed.)
Describe your working relationship with outside
medical stakeholders.
 Hospitals/mental health providers/outpatient medical clinics/dental care providers/etc. Are there any services youth need that the program does not have access to or has slow access to at this time?
Do you have any concerns about the treatment of UACs in care?
Do you have any concerns about any particular staff members (any staff members you think should NOT be working with UAC)?
Describe your working relationship with the program's ORR medical coordinator.
Describe your relationship with your supervisor.
Do you feel that your supervisor provides
