Instructions for Completion of Form ACF-696 Financial Reporting Form for the Child Care and Development Fund (CCDF) State & Territory Grantees

OVERVIEW

Pursuant to CCDF regulations at 45 CFR 98.65(g), and as part of the terms and conditions of the grant award, States and Territories are required to complete and submit a quarterly financial status report (ACF-696) in accordance with these instructions on behalf of the CCDF Lead Agency. Note that the term "State" as used in this document also includes Territories except when specifically referring to Mandatory and Matching funds. Territories do not receive Mandatory or Matching funds.

The ACF-696 form and instructions can be found on the Office of Child Care (OCC) website at: http://www.acf.hhs.gov/programs/occ/report/index.htm

TERMINOLOGY

To ensure clear communications for overlapping grant periods, please use the following terminology:

- Grant Year (GY) refers to the federal fiscal year during which funds are awarded, although states and territories may liquidate CCDF funding streams in later fiscal years.
- Federal Fiscal Year (FFY) refers to the federal fiscal year period from October 1 through September 30, during which states and territories may spend funds awarded in the current and prior years.
- Re-distributed Matching funds are unused prior GY state Matching funds re-awarded into the current GY.
- Reallotted Discretionary funds are unused current GY Discretionary funds re-awarded into the same current GY to other grantees.

SUBMISSION AND DUE DATES

This form must be submitted quarterly (reports are due 30 days after the end of the quarter) by October 31 (Quarter 1), April 30 (Quarter 2), July 31 (Quarter 3), January 31 (Quarter 4).

Expiration Date: 05/31/2021

States must submit quarterly reports for each federal fiscal year until all funds are expended or when the liquidation period expires. Since CCDF funds are awarded each federal fiscal year, a Lead Agency might submit up to 3 separate quarterly ACF-696 forms for multiple overlapping grant award years simultaneously.

States are required to submit their ACF-696 reporting forms electronically via the ACF On-Line Data Collection (OLDC) system. OLDC is accessed through the Grant Solutions portal at: https://home.grantsolutions.gov/home/. The electronic submission requirement regulation can be found here: https://www.federalregister.gov/documents/2013/10/01/2013-23773/final-notice-to-announce-the-implementation-of-required-electronic-submission-of-state-or-tribal.

GENERAL INSTRUCTIONS

- Check box at top of form to indicate whether submission is Final (Yes or No). *Note*: Reports marked "Final" must match the corresponding Payment Management System (PMS) grant accounts, e.g., final reported expenditures must match the final PMS disbursed and PMS "CHG-ADV" (drawn) funds.
- Confirm the following OLDC auto-populated information (if incorrect, please notify your Grants Management Specialist):
 - o State or Territory.
 - O Grant Year (GY means, the federal fiscal year funds were awarded) for which this report is being submitted. Since up to 3 GYs might be active at the same time, quarterly reporting must accurately distinguish between each GY's overlapping expenditures, obligation periods, and liquidation periods. Grant Document Number (GDN). *Note*: "CCDF" refers specifically to the Mandatory funding stream as well as generally to the ACF-696 report, which describes expenditure from all CCDF funding streams (e.g., CCDF, CCDD, CCDM, etc.). Therefore, the GDN shown at the top of the report form should be *******CCDF.
 - O Current Quarter Ended. Reports must be cumulative obligations and expenditures through the end of the reporting quarter.
 - O Next Quarter Beginning. The next quarter beginning after submission of this report is the quarter for which estimates are provided on line 8. For example, if the report quarter ends on September 30, then the beginning date of the next quarter beginning after submission of this report will be January 1.
 - O Federal Medical Assistance Percentage (FMAP) Rate. FMAP amounts can be found on the CCDF allocation tables at: <u>https://www.acf.hhs.gov/occ/resource/ccdf-state-and-territory-funding-allocations</u>
- Report out to cents.
- Include costs of contracts and subcontracts in the appropriate reporting category based on their nature or function.

OMB #0970-0510 Expiration Date: 05/31/2021

• Report Revisions: Each report submission should be retained to ensure proper documentation of original filing dates and tracing and documentation of revisions made. Currently, to file a report revision, the original report must first be in a status of "Submission Accepted by CO" in OLDC. If it's not, please contact your Grants Management Specialist. Once in this status, you may then prepare and file a revised report and it will indicate "Revision #1" or "Revision #2" etc. as applicable at the top of the form.

COLUMNS – CCDF FUNDING STREAMS

The CCDF program has a number of fiscal requirements associated with multiple funding streams that comprise the block grant. The ACF-696 form has separate columns for reporting of expenditures from each of these component funding streams. All amounts reported in columns (A), (B), (C), (D), (E), (F), (G), and (H) must be actual obligations or expenditures made under the State's plan and in accordance with all applicable statutes and regulations and be cumulative through the grant period.

- Column (A): Mandatory Funds. Appropriated under section 418(a)(3) of the Social Security Act (SSA), 42 USC 618(a)(3). Mandatory funds are 100% Federal funds and are available until expended.
- Column (B): Matching Funds. The Federal share of the Matching fund is the remaining amount appropriated under section 418(a)(3) of the SSA after Mandatory funds are allotted.¹ In order to receive the full allotment of Matching funds for a fiscal year, a State must: (1) expend its Maintenance of Effort (MOE) requirement by the end of the award year fiscal year; and (2) obligate all Mandatory funds in the first year of the grant period. State expenditures in excess of the MOE requirement are matched at the Federal Medical Assistance Percentage (FMAP) Rate. The State share of Matching expenditures must be for allowable services or activities as described in the approved State Plan as appropriate, that meet the goals and purposes of the Child Care and Development Block Grant Act of 1990 (CCDBG Act). The same expenditure may not be counted as both State Match and State MOE.
- **Column (C): Discretionary Funds.** Authorized by the CCDBG Act, 42 USC 9858 *et seq.* Discretionary funds are 100% Federal funds.

States may transfer up to 30% of their TANF grants to CCDF and these funds then take on the characteristics of Discretionary CCDF funds. States wishing to transfer funds back

¹ As stated above, the Federal Medical Assistance Percentage (FMAP) Rate used by the State should be entered at the top of the column. FMAP tables can be found at the following website:

https://www.acf.hhs.gov/occ/resource/ccdf-state-and-territory-funding-allocations.

Expiration Date: 05/31/2021

to the TANF block grant must do so within the two-year obligation period for CCDF Discretionary funds (see obligation/liquidation table below).²

- Column (D): Maintenance-of-Effort (MOE). Section 418(a)(2)(C) of the Social Security Act, 42 USC 618(a)(2)(C) requires States to spend a specified amount of non-Federal funds on child care in order to claim Federal match from the Matching Fund. This State MOE must be expended on allowable services or activities as described in the approved State Plan as appropriate, that meet the goals and purposes of the CCDBG Act. The same expenditure may not be counted as both State Match and State MOE.
- Column (E): Discretionary Disaster Relief Funds. The Supplemental Appropriations for
 Disaster Relief Act of 2019 (Public Law 116-20) made disaster relief funds available to
 State and Territory CCDF Lead Agencies for child care expenses directly related to
 Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, wildfires
 and earthquakes that occurred in calendar year 2018, and tornadoes and floods
 occurring in calendar year 2019. These are also 100% Federal funds.
- Column (F): Discretionary Disaster Relief Funds—Construction and Major Renovation. CCDF Lead Agencies that are awarded CCDF Discretionary Disaster Relief funds may use those funds for renovating, repairing, or rebuilding child care facilities, subject to ACF approval. Upon approval, ACF will transfer any funds approved for use on construction or major renovation to a separate grant document number, which will be reported in column (F). Grantee must receive an ACF construction transfer grant award prior to September 30, 2021. If not all funds transferred to the separate grant award are ultimately needed for construction or major renovation, the Lead Agency may request permission from ACF to use the funds for other allowable CCDF purposes (i.e., purposes other than construction and major renovation). Expenditures in column (F) that are used for construction and major renovation will be reported on line 1(f) (Construction and Major Renovation). However, other lines in column (F) remain open for data entry in the event that the Lead Agency requests and receives approval to use the funds for allowable CCDF purposes other than construction and major renovation.
- Column (G): Discretionary CARES Act Funds. Additional CCDF Discretionary Funds were appropriated in the Coronavirus Aid, Relief, and Economics Security Act (CARES Act) (Public Law 116-136), which was passed into law on March 27, 2020. These are also 100% Federal funds. The CARES Act included a \$3.5 billion increase in CCDF Discretionary funding. This funding is in addition to the Federal Fiscal Year (FFY) 2020 appropriations levels and is meant to supplement, not supplant, State, Territory, and Tribal general revenue funds for child care assistance for low-income families. The supplemental funding must be used for activities authorized under the CCDBG Act that

Expiration Date: 05/31/2021

prevent, prepare for, and respond to COVID-19. CCDF Lead Agencies do not need to apply for the funds, and have been awarded the funds automatically on a formula basis as detailed in the CCDBG Act. CARES Act funds are subject to all CCDF Discretionary requirements, except as noted.

Lead Agencies must follow the applicable obligation and liquidation periods when expending and accounting for CCDF grant funds (see CCDF regulations at 45 CFR 98.60(d)). The table below indicates obligation and liquidation requirements for each of the CCDF funding streams.

Column (H): Discretionary Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) of 2021 Funds. Additional CCDF Discretionary funds were appropriated in the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) of 2021 (via the Consolidated Appropriations Act of 2021, H.R. 133-402; P.L. 116-260), which was passed into law on December 27, 2020. These are also 100% Federal funds. This Act included a \$10 billion increase in CCDF Discretionary funding. This funding is in addition to the Federal Fiscal Year (FFY) 2021 appropriations levels and is meant to supplement, not supplant, State, Territory, and Tribal general revenue funds for child care assistance for low-income families. The supplemental funding must be used for activities authorized under the CCDBG Act that prevent, prepare for, and respond to COVID-19. CCDF Lead Agencies do not need to apply for the funds, and have been awarded the funds automatically on a formula basis as detailed in the CCDBG Act. These funds are subject to all CCDF Discretionary requirements, except as noted.

^{*} The State should only enter expenditures of State Match and MOE funds up to the required amount or maximum amount (the State share amounts indicated on the CCDF Funding Allocations tables available at: http://www.acf.hhs.gov/programs/occ/resource/ccdf-state-and-territory-funding-allocations. The State should not report any additional or "excess" State funds above the required MOE amount or above the maximum State share amount in these columns.

Line 1(a) - Child Care Administration

Not more than 5% of the aggregate amount of Discretionary, Mandatory, and Federal and State shares of Matching fund expenditures from each fiscal year's allotment may be used for administrative activities. Therefore, at the end of the liquidation period no more than 5% of Line 1 can be claimed for child care administration at Line 1(a). Expenditures reported in column (G) related to the CARES Act funds and column (H) related to CRRSA funds are subject to this requirement. Expenditures reported in columns (D) and (F) are not subject to the 5% limitation, and are not included in the calculation.

By the end of the liquidation period, Line 1(a) columns $A + B + C + E + G + H \le$ (must be less than or equal to) 5% of Line 1 columns A + B + C + E + G + H.

Line 1(b) - Quality Activities Excluding Infant/Toddler Quality Activities

Expiration Date: 05/31/2021

GY 2018 and FY 2019: At least 8% of the aggregate amount of Discretionary, Mandatory, and the Federal and State shares of Matching fund expenditures from each fiscal year's allotment must be used for quality activities. Therefore, at the end of the liquidation period, no less than 8% of Line 1 (columns A + B + C + E) must be claimed for this activity.

By the end of the liquidation period, Line 1(b) columns $A + B + C + E \ge$ (must be greater than or equal to) 8% of Line 1 columns A + B + C + E.

GY 2020 and subsequent fiscal years: At least 9% of the aggregate amount of Discretionary, Mandatory, and the Federal and State shares of Matching fund expenditures from each fiscal year's allotment must be used for quality activities. Expenditures reported in columns (G) are not subject to this requirement and are not included in the calculation. Therefore, at the end of the liquidation period, no less than 9% of Line 1 (columns A + B + C + E) must be claimed for this activity.

By the end of the liquidation period, Line 1(b) columns $A + B + C + E \ge$ (must be greater than or equal to) 9% of Line 1 columns A + B + C + E.

Quality expenditures reported in the MOE column (D) **will not** be counted towards the minimum expenditure amount required to be spent on quality activities. The CCDF Lead Agency must describe in its State Plan the quality activities it will fund under this expenditure category.

Discretionary Disaster Relief expenditures used for construction or major renovation and reported in column (F), Discretionary CARES Act expenditures reported in column (G), and Discretionary CRRSA expenditures reported in column (H) are <u>excluded</u> from the calculation of the minimum quality spending amount.

Once a State has met the requirement to spend at least 3% of its aggregate award on infant/toddler quality activities (Line 1(c)), the State may assign additional expenditures on infant and toddler quality activities toward the quality activities reported on Line 1(b).

Expiration Date: 05/31/2021

 Providing funds for the purposes of cleaning and sanitation (including cleaning supplies or deep cleaning services), other supplies, equipment (such as personal protective equipment or PPE), virtual professional development opportunities, staffing, and other activities necessary to maintain or resume the operation of programs.

- Providing temporary grants to impacted providers to retain the child care supply during periods of closures.

 Agencies may target quality improvement or supply-building grants (e.g., for start-up
 costs, equipment, supplies) specifically to child care providers who are serving health
 care sector employees, emergency responders, sanitation workers, and other
 essential workers. Lead Agencies can use quality dollars for any provider, regardless of
 whether they are eligible to serve, or currently serving, children receiving CCDF
 subsidies.

Line 1(c) - Infant/Toddler Quality Activities

At least 3% of the aggregate amount of Discretionary, Mandatory, and the Federal and State shares of Matching fund expenditures from each fiscal year's allotment must be used for activities to improve the quality of care for infants and toddlers. Therefore, at the end of the liquidation period, no less than 3% of Line 1 (columns A + B + C + E) must be claimed for this activity.

Infant/Toddler quality activity expenditures reported in the MOE column (D) **will not** be counted towards the minimum expenditure amount required to be spent on infant/toddler activities. The CCDF Lead Agency must describe in its State Plan the infant/toddler activities it will fund under this expenditure category.

Discretionary Disaster Relief expenditures used for construction or major renovation and reported in column (F), Discretionary CARES Act expenditures reported in column (G), and Discretionary CRRSA expenditures reported in column (H) are <u>excluded</u> from the calculation of the minimum infant/toddler quality spending requirement.

Infant/Toddler expenditures reported do not count toward the minimum quality expenditure requirement included in Line 1(b). These are considered a separate expenditure requirement.

By the end of the liquidation period, Line 1(c) columns $A + B + C + E \ge$ (must be greater than or equal to) 3% of Line 1 columns A + B + C + E.

- Establishing or expanding the operation of community or neighborhood-based family child care networks;
- Promoting and expanding child care providers' ability to provide developmentally appropriate services for infants and toddlers;
- Developing infant and toddler components in the State's quality rating and improvement system (QRIS), licensing regulations, and the early learning and development guidelines; Improving the ability for parents to access transparent and easy to understand consumer information about high-quality infant and toddler care; and,
- Providing health and safety training, including training in safe sleep practices, first aid, and cardiopulmonary resuscitation (CPR) for child care providers and caregivers working with infants and toddlers.

Expiration Date: 05/31/2021

Line 1(d) - Direct Services

The direct services category consists **solely** of expenditures for child care subsidies to eligible children. Child care subsidies may be provided through certificates (or vouchers) or through grants or contracts to providers.

The costs of eligibility determination and re-determination are considered a non-direct service activity and should be reported at Line 1(e).

If the CCDF Lead Agency sub-contracts the operation of the child care program to another entity (whether a State or non-State entity) the Lead Agency continues to be responsible for reporting only the portion of the sub-contract or sub-award which was expended on child care subsidies in this category. Some Territorial Lead Agencies may run their own child care centers serving CCDF-eligible children and these expenditures (less any administrative, non-direct service, or quality activities costs) would also be considered direct services.

The CARES Act and CRRSA supplemental funds can be used for direct services, including:

- Continuing subsidy payments to child care providers in the case of decreased enrollment or closures related to COVID-10, and to assure that providers are able to remain open or to reopen.
- Paying subsidies for a child that is (1) unable to attend child care because of closure or health and safety concerns and/or (2) attending child care, including with an emergency provider.
- Paying subsidies to two different providers for the same child for the same time of service. Whereas Lead Agencies are restricted from using regular CCDF funds—i.e., CCDF funding other than CARES Act and CRRSA funding—to pay two provider for the same child for the same time of service, CARES Act funds and CRRSA funds are not restricted in the same way. There is no bar on paying for both a child's regular provider that is closed and a temporary or emergency replacement provider.

Using CARES Act and CRRSA funds to provide child care subsidies to health care sector employees, emergency responders, sanitation workers, and other workers deemed essential by public officials during the response to COVID-19, without regard to income eligibility requirements.

Note that costs associated with State compliance with Subpart K – Error Rate Reporting of CCDF regulations are not subject to the administrative costs cap and should be reported as non-direct service expenditures on Lines 1(e) and 1(e)(2).

Any such funds used for construction on major renovation (as defined at 45 CFR 98.2 of the CCDF regulations) should be reported on Line 1(f), column (F). Funds used for minor remodeling or minor renovation (i.e., renovation other than major renovation) should **not** be reported on Line 1(f), but rather should be reported as a quality expenditure on Line 1(b) or 1(c). Line 2 - State Share of Expenditures

In order to receive their full allotment of Federal Matching funds for a fiscal year, States must expend their required Maintenance-of-Effort (MOE) amount and obligate the State share of Matching expenditures in the first year of the grant award.

In column (B) – Matching Funds, the amount reported <u>may not</u> exceed the total of the State's share of the Matching fund required to draw down the full allotment of Federal Matching funds. This amount is based on the State's FMAP rate.

Similarly, in column (D) – MOE, the amount reported <u>may not</u> exceed the amount of the State's MOE requirement. Any additional State expenditures that exceed the State's share of the Matching fund and the MOE requirement should not be reported on the ACF-696 form. (See CCDF allocation tables for the State share Match and MOE requirements at: http://www.acf.hhs.gov/programs/occ/resource/ccdf-state-and-territory-funding-allocations)

The following sub-categories for State share of expenditures are included on the ACF-696 form reporting expenditures under Line 2:

Expiration Date: 05/31/2021

Line 2(a) – Regular: All public funds used by the State as the State share of the Matching fund that are not privately donated funds or public pre-kindergarten (pre-k) expenditures are to be included in this category. State expenditures of non-Federal funds must be for allowable child care services or activities, as described in the approved State Plan. State share of expenditures may include public funds when the funds are appropriated directly to the Lead Agency or transferred from another public agency and under the Lead Agency's administrative control, or certified by the contributing public agency as representing expenditures eligible for Federal match. The same expenditures may not be used to meet both the Match and MOE requirements under CCDF.

The following may **not** be used as State share of expenditures [See 45 CFR 98.53(i) & (g)]:

- Federal funds (unless authorized by Federal law to be used as match);
- Funds used to match other Federal funds;
- In-kind contributions;
- Family contributions to the cost of care (i.e., family co-payments); and
- Expenditures for which the use of Federal CCDF funds is prohibited.

Line 2(b) - Private Donated Funds: Private donated funds reported in column (D) must meet the requirements of CCDF regulations at 45 CFR 98.53(e)(2). Private donated funds may be used as State Match when the donated funds are made without any restriction that would require their use for a specific individual, organization, facility or institution; do not revert to the donor's facility or use; and are not used to match other federal funds.

The donated funds shall be certified as available and representing expenditures eligible for Federal match and shall be subject to audit requirements.

Line 2(c) - Pre-K: Public Pre-Kindergarten (Pre-K) expenditures on CCDF-eligible children may be used for up to 20% of the funds serving as MOE expenditures (column D) as long as the State has not reduced its expenditures for full day/full year child care services. A State may use other public Pre-K funds for up to 30% of the funds required for State Match (column B). States must include in the CCDF Plan, as provided in 98.16(q), a description of the efforts it will undertake to ensure that Pre-K programs meet the needs of working parents and, if the State uses Pre-K to meet more than 10% of either the MOE or Matching requirement, how the State will coordinate its pre-k and child care services to expand the availability of care.

Expenditures from State-funded public Pre-K services claimed as CCDF Match or MOE must be for services to children from families who meet CCDF eligibility criteria. ACF permits Lead Agencies that do not have child-specific information on children enrolled in Pre-K programs to develop a methodology for calculating Pre-K expenditures for purposes of claiming Match and MOE. States may estimate the proportion of children served in the public Pre-K program who are also CCDF eligible (Also see 63 FR 39966). The methodology should take

Expiration Date: 05/31/2021

into consideration the number of children served by the Pre-K program who are from families who would be eligible for CCDF based on State income eligibility limits, participation in employment, training, or education activities, etc.

The Lead Agency is required to report the total unduplicated number of children served through the public Pre-K program that are determined to be CCDF eligible and for which CCDF Match and MOE expenditures were claimed, on the annual ACF-800 CCDF administrative data report. Additional information on the ACF-800 report can be found at: http://www.acf.hhs.gov/programs/occ/resource/acf-800-annual-aggregate-child-care-data-report

TANF funds transferred to CCDF are treated as Discretionary funds and are subject to the same requirements and restrictions (e.g., States must obligate their TANF transfers within two years and liquidate those obligations within three years). Funds reported in column (C) of Line 6 must also be reported in the categorical amounts entered in column (C) for other lines on the ACF-696.

States wishing to transfer funds back to the TANF block grant must do so within the two-year obligation period for CCDF Discretionary funds.

Any unobligated portion of a State's Matching fund for a given GY will be redistributed to the following GY to requesting States that have met the requirements for Matching funds in the period for which the grant was first made. Redistributed Matching funds are considered part of the GY to which the redistribution is made, and are subject to obligation/liquidation requirements for the receiving GY.

For the quarter ending September 30 report, States must mark **YES** if the State wants to request any redistributed Matching funds. A State requesting redistributed Matching funds may

⁷ These estimated funds are for the quarter beginning after the submission of this report. For example, if the report quarter ends on September 30, then the beginning date of the next quarter beginning after submission of this report will be January 1.

Expiration Date: 05/31/2021

Reallotted Discretionary Funds:

Any unobligated Discretionary funds for a given GY will be reallotted to other requesting States <u>in the same GY</u> in proportion to the original allotments. Unlike reallotted Matching funds, reallotted Discretionary funds must be obligated and liquidated in the applicable periods for which they were originally awarded (since they are reallotted within the same GY). For the quarter-ending March 31 report, States must mark "YES" if the State would like to request any reallotted Discretionary funds should they become available.

Please Note:

If reports are not received within 30 days after the end of the quarter (10/31 and 4/30 respectively), the State <u>may not</u> be eligible for redistributed Matching or reallotted Discretionary funds.
