

As part of the COVID-19 Public Education Campaign market research efforts, the Current Events Tracker (CET) is a flexible survey vehicle designed for easy addition or removal of questions as applicable to the current environment. In this round, last week's additional questions are removed; non-substantive additions include a question on trust in CDC, messenger questions, and questions regarding barriers that may impact an individual's willingness to get a vaccine. This request does not impact the total burden hours proposed for the CET in the initial submission.
