SUPPLEMENTARY INFORMATION: The Draft RMP Amendment/Draft EIS for the Cedar Fields is now available. The BLM prepared this document in consultation with cooperating agencies and in accordance with NEPA, FLPMA, implementing regulations, the BLM's Land Use Planning Handbook (H-1601-1) and National Environmental Policy Handbook (H-1790-1), and other applicable law and policy.

The Draft RMP Amendment/Draft EIS analyzes management options for the BLM-managed portions of Cedar Fields that were not evaluated in the EIS for the 1985 Monument Resource Management Plan. Its purpose is to consider a range of reasonable alternatives for managing recreation use while providing cultural resource protection on BLM-managed lands and adjacent U.S. Bureau of Reclamation (USBR)-managed lands in Cedar Fields. This will be done in a manner that maintains the values identified in the 1985 Monument RMP and the 1999 American Falls Archaeological District (Archaeological District) listing on the National Register of Historic Places. The five alternatives range from reducing the area available for rock climbing and off-highway vehicle use, to limiting the type of rock climbing allowed in the Archaeological District to traditional climbing only.

The BLM initiated the land use planning process on August 23, 2011, through a Notice of Intent published in the **Federal Register**, notifying the public of a formal scoping period and soliciting public participation in the planning process. The BLM held three scoping meetings in September and October 2011 in Pocatello, Burley, and American Falls, Idaho. Based on public input gathered during initial scoping, and from stakeholders throughout the process, the BLM formulated the five alternatives considered and analyzed in the Draft RMP Amendment/Draft EIS. Because nominations for the designation of Areas of Critical Environmental Concern were previously analyzed for the RMP, the BLM did not solicit new nominations during scoping for the amendment.

Following the close of the public review and comment period, the Draft RMP Amendment/Draft EIS will be revised in preparation for its release as the Proposed RMP Amendment and Final EIS. The BLM will respond to substantive comments by making appropriate revisions to the document or explain why a comment did not warrant a change.
