PAYROLL SUPPORT PROGRAM CONTRACTOR COMPLIANCE CERTIFICATION AND FINAL PAYMENT CONFIRMATION

BACKGROUND

Thank you for logging into the contractor certification portal for participants in the first Payroll Support Program (PSP1) established under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), as amended.

As a contractor that received PSP1 financial assistance, you must certify your compliance with all applicable PSP1 requirements, including certain new statutory requirements under the PSP1 to recall involuntarily furloughed employees. In addition, you must indicate whether you would like to receive a final PSP1 payment, related to the calculation of the final proration of awardable amounts, equal to approximately 25 percent of the amount you have already received. Finally, you must either re-certify that your PSP1 sworn financial statement does not include ineligible amounts or identify any ineligible amounts that were included in the statement.

Specifically, you must complete the following actions in the screens that follow where applicable:

1. If you have spent any PSP1 funds after December 27, 2020, you must certify that you are in compliance with new PSP1 requirements that extend the prohibitions on certain involuntary furloughs or reductions of wages, salaries, or pay rates; share buybacks; and dividends, in accordance with Section 412 of Division N of the Consolidated Appropriations Act, 2021 (PSP Extension Law). These restrictions apply to you even if you do not elect to receive the final proration payment.
2. If you had PSP1 funds remaining as of December 27, 2020, and you involuntarily furloughed employees or reduced pay rates and benefits between March 27, 2020 and the date on which you entered your PSP1 agreement, you must certify that you have issued recall notices to certain employees that were previously involuntarily furloughed, or request a waiver from issuing such recall notices, in accordance with the PSP Extension Law. You will be prompted to enter data confirming your recall notice requirements (where applicable).
3. You must elect whether to receive the final PSP1 payment of approximately 25 percent of the PSP1 amount you have received to date. These PSP1 funds will be subject to the terms and conditions applicable to the Recipient under the PSP1 Agreement, including the requirements of the PSP Extension Law, such as the prohibition on involuntary furloughs until all PSP1 funds are expended.
4. If you did not complete an application for additional financial assistance under PSP2 pursuant to the PSP Extension Law, you must re-certify the amounts you included in your PSP1 sworn financial statements used to determine your PSP1 awardable amount. If you completed an application for PSP2, you will not need to perform this re-certification again.

You are completing these forms and certifications on behalf of the Recipient and all Affiliates participating in the PSP1. All capitalized terms have the meaning set forth in the Payroll Support Agreement. Please proceed to complete the certification.

Employer-side payroll taxes include the taxes you report to the IRS on Lines 5e and 5f of your IRS Form 941 “Employer’s Quarterly Federal Tax Return.”

Dear Payroll Support Program Participant,

We are following up on your participation in the original Payroll Support Program (PSP1) under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

As you may be aware, section 412 in Division N of the Consolidated Appropriations Act, 2021 (PSP Extension Law) includes new statutory requirements affecting contractors that participated in the PSP1. These new requirements were detailed in a notice that the Department of the Treasury (Treasury) sent to PSP1 contractor recipients on January 1, 2021. Treasury is requiring all contractor recipients to certify their compliance with the new requirements, as well as provide additional information regarding their PSP1 award amount.

You **MUST** certify your compliance with these new requirements by **5:00 PM EDT on Monday, February 1, 2021**.

[Click Here](#)

Additionally, because interest in the PSP1 exceeded available program funds, Treasury granted each recipient a prorated amount of its maximum awardable amount, with the possibility of making a prorated "top-off" disbursement if sufficient program funds remained. Treasury is now preparing to disburse the remaining funds up to a new prorated award level. If you are interested in receiving the top-off disbursement, please indicate your interest in the online portal. The amount of this final "top-off" disbursement will be approximately 25% of the prorated PSP1 awardable amount you have received to date. Please note that, if you accept the new "top-off" disbursement you will be required to continue using the Payroll Support funds exclusively for the continuation of payment of employee wages, salaries and benefits, and you will also be subject to the new requirements under the PSP Extension Law that were detailed in the notice that Treasury sent to PSP1 contractor recipients on January 1, 2021. Recipients are permitted to use funds from the top-off disbursement to compensate recalled employees, subject to the terms and conditions of the PSP1 Agreement.

For more information on the PSP1 and other CARES programs, please visit <https://home.treasury.gov/policy-issues/cares>

Sincerely,

U.S. Department of the Treasury
