### Please read this before you begin the survey...

All Title IV postsecondary institutions are required to participate in this data collection with **two exceptions**:

1. If your institution has a **campus that opened after January 31st** in the latest calendar year for which the survey collects data, that campus isn't required to complete the survey. For example, if the campus opened in September 2019, the campus shouldn't complete the 2020 survey which collects statistics for the entire 2019 calendar year. The campus is, however, required to comply with all other *HEA* safety- and security-related requirements and will be required to complete the 2021 survey.
2. If yours is a **distance education-only institution**, the institution isn't required to complete the survey. Please call our help desk when you receive the survey registration packet so that we can update the database with this information.

## General Information about the Survey Application

Instructions included in this user's guide address all schools that participate in the survey. The specific data entry screens for each institution will be determined by responses to the Screening Questions included at the beginning of the survey. Based on your answers to the Screening Questions, you will only be asked to complete screens that pertain to your institution. For example, if your answer to the Screening Question indicates that your institution does not have noncampus buildings or property, you will not have survey screens for noncampus statistics. If you indicate that your institution does not have on-campus student housing facilities, you will not have survey screens for on-campus student housing facilities.

Please apply the information in this user's guide as appropriate for your school. If you do not have noncampus buildings or property and/or on-campus student housing facilities, follow the instructions that do apply to your school's *Clery Act* geography and ignore the instructions that apply specifically to noncampus locations and/or on-campus student housing facilities.

**Note:** If your institution had on-campus student housing facilities in 2018, but not in 2019, you will still have screens for fire statistics. This will allow you to revise your 2018 data if necessary.

### Browsers and Cookies

The survey application has been re-designed and formatted to work in Chrome, Firefox and Internet Explorer (IE 11). For more information, please select the **Privacy Statement** link on the footer of the survey Log In screen.

# Multiple Campuses

If your institution has **multiple campuses**, a separate survey form must be completed for each campus. A **campus with its own IPEDS number** has its own User ID and password and should complete its own survey. A **campus that shares an IPEDS number with the main campus** does not have its own User ID and password for the survey. In this case, the survey form for the separate campus is accessed from the Survey Summary tab on the Survey Navigation screen. The Survey Summary tab is for updating institution/campus identification and for updating screening questions related to other campuses.

## Getting Help with the Survey

There are various ways of getting help with the survey:

**Online help features:** There are various help features throughout the survey. On the header of the Log In screen, under “? Help” page, there are links to access the **user’s guide** in its entirety, **Print Survey Forms** to use as worksheets, the **Clery Act Appendix** to the Federal Student Aid Handbook, and **Help Desk Information**. On the header of the Log In screen is also the **Glossary**. The footer of the Log In screen has copies of this year’s **Chief Executive Officer** and **CSSA letters** as well as the **Privacy Statement**.

After you log in, the right side of the page will show the **Options at this point** of the survey, the **Help** options to access the same links mentioned above, and the **Printable Forms**.

On every survey screen after the Survey Navigation page, you can select the **screen instructions** link to get screen-specific instructions from this user’s guide for completing that screen.

**Help desk:** Assistance from the Campus Safety Help Desk is available toll-free by telephone at **(800) 435-5985** and e-mail ([campussafetyhelp@westat.com](mailto:campussafetyhelp@westat.com)) year-round. The telephone help desk is staffed from 8:00 a.m. to 6:00 p.m. Eastern time, Monday through Friday. Voicemail is available at all times.

If a staff member is not available when you call, please leave a message with the following information and someone will return your call as soon as possible:

- Your name and title
- The name of your school
- A brief description of why you are calling
- Your telephone number
- The best time to call you back

If you e-mail the help desk, please include the following information and someone will respond as soon as possible:

- Your name and title
- The name of your school
- A detailed description of the problem you are having

Please note that if you call the help desk and leave a message, there is no need to e-mail the help desk as well, and vice versa.

## Navigation

- **Data fields:** On each data entry screen you can move from one data field to the next using the tab key or you can position the cursor with your mouse to make a selection.
- **Screens:** You can move from screen to screen in two ways:
  - After you complete a screen, select the **Next** or **Previous** button at the bottom of the screen to move through the survey screens sequentially.
  - Use the navigation menu on the left side of each screen to either move through the survey screens sequentially or to select a specific screen.

You can complete the survey during one session, or complete it over multiple sessions. **Remember to save your data** as you complete each screen and to close your browser when you log out of the survey.

**Note:** Do not use the **Back** button to navigate through the screens as the system cannot save your text.

## Caveat Boxes

Each data entry screen has a caveat box. It provides space to write anything you think would help the reader better understand the data on that specific screen. For example, if your institution opened an on-campus student housing facility for the first-time last year, it would be helpful to provide a caveat explaining why crime statistics for the “On-campus Student Housing Facilities” category is included for only the most recent year. You can also use a caveat box if you want to disclose non-*Clery Act* crimes, for example the number and type of crimes that occurred in a part of the city that students frequently visit. Be sure to indicate that those non-*Clery Act* crimes are not included in the survey table.

Because your caveat will appear on the public site, please check your spelling and grammar, and make sure that the caveat will be easily understood by anyone who reads it. Do not include any personally identifying information or any messages to the help desk.

**Caveats are optional with two exceptions.** (1) If you change the data in the 2018 column, you must explain what data were changed and the reason for the change in the caveat box. (2) If you need to make changes to your school’s 2017 data, enter the change in the caveat box along with an explanation of why the change was made. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).” See Appendix B for full details.**

### Caveat:

If you have changed prior years’ data, you must add a caveat explaining the change. Use the following format: “For (YEAR), Line (X) was changed from (A) to (B) because (REASON).”

For 2017, Line C was changed from 6 to 10 because of an internal audit due to data entry error.  
For 2018, Line C was changed from 5 to 8 because of an internal audit due to data entry error.

Be concise when providing additional text as each caveat box only allows 1,000 characters. Please do not include duplicate caveats (i.e., the same caveat on multiple screens). Again, we suggest that you double-check your entries for spelling and grammar because the caveats will appear along with your data on the Office of Postsecondary Education’s public website.

**Note:** Do not use the symbols < or > in your text. The survey system cannot save your text if you do. Also, if you do not want to add a caveat to your data, please do not write “None,” “N/A,” or similar text in the caveat box as we will have to delete it.

## Errors

If the system detects an error when you try to save data on a specific screen, there will be an **icon** next to the associated data field. Select the icon to get an explanation of the problem.

The **✖** icon indicates a **fatal error** that must be fixed before you can lock your survey.

The **!** icon indicates that a **confirmation or explanation** is needed before you can lock your survey. Enter a concise and informative confirmation/explanation in the box provided. **Do not use the caveat box for this purpose.** The confirmation/explanation text that you enter in the box will be read by our content specialists, but will not appear on the public website.

Example of an acceptable confirmation/explanation:

The screenshot shows a survey interface with three input fields at the top containing the values 58, 63, and 150. The field with 150 is highlighted with a yellow border. Below the fields, a yellow warning icon is followed by the text "CONFIRM OR EXPLAIN". A message states: "The number entered, 150, is not within the expected range based on the prior year value. Please explain or fix." A text box contains the explanation: "150 is correct number. We increased our police force and increases the number of robbery related arrests." To the right of the text box is a blue button labeled "SAVE EXPLANATION", which is circled in red. A red arrow points from the text below to this button. At the bottom left, there is a "CLOSE" button and a help desk contact section.

Remember to select save explanation after you enter your confirmation/explanation.

Example of an **unacceptable** confirmation/explanation:

b. Dating violence 0 1 50

**CONFIRM OR EXPLAIN**

The number entered, 50, is outside the expected range. Please explain or fix

yes that's correct.

**SAVE EXPLANATION**

\* Remember that each time you correct an error(s), you must click the 'Save' button on the bottom of that survey screen.

## Survey Status

There are two ways to check the status of your survey. To check the status of specific screens, go to the Survey Navigation screen. The status for each screen will read “Updated,” “Not Updated” or “Updated and has errors.” To check the status of the overall survey, go to the Survey Navigation screen and complete Step 3: Lock the survey.

Other incomplete surveys

Sample University: campus 3 (003)

If you report for multiple institutions, and have a multi-key holder ID, you will also have access to two Reports: Survey Status Summary and Institution Reporting Status. These are available under Reports in the navigation menu on the left side of the screen.

- The **Survey Status Summary** gives a count of the surveys you are responsible for in the various statuses: Registration, Identification, Screening Questions, No Data, Has Data, Has Errors, Clean, Partial (one or more campuses still incomplete), and Complete.
- The **Institution Reporting Status** lists all of the institutions you are responsible for with their Unit ID and Survey Status.

## Printing Survey Screens

There are various ways to print your survey screens.

- To print **blank** screens:
  - Select **Print Survey Forms** on the Log In screen Help page. Select **Print Survey Form**.
  - From any screen you can select **Printable Forms** on the right-hand side of your screen. Then, select the form you wish to print.

Note: You cannot use these forms for data entry. You must log into the system to enter and record your data.

- To print screens with partial or completed data:
  - Select **Printable Forms** on the right-hand side of any screen in the survey. Depending on your answers to the Screening Questions and the screens appropriate for your institution, there will be from 1-6 data headings available under the **Printable Forms: Institution Information, Blank Survey Forms, Crime Data, 2017 Fire Data, 2018 Fire Data, 2019 Fire Data, and Fire Data Summary**. Click on the form you wish to print and it will open on new tab.
  - To print a PDF file: Follow the instructions above for printing your partial or completed screens and once the form is opened on a new tab, click on **PRINT** button and select **save as PDF**.

## Other Important Information

- **Reporting period:** Disclose statistics for crimes and fires reported in the *previous* calendar year (i.e., the 2020 survey collects data for crimes and fires reported Jan. 1, 2019– Dec. 31, 2019).
- **Use whole numbers:** Enter whole numbers only. Zero is considered a statistic, so if there are no reported crimes for a category, enter 0 for that category. If you leave the category blank you will get an error icon.
- **Adding campuses:** If your institution has more than one campus, each campus must comply independently with all of the *Clery Act* and the fire- and safety-related HEA requirements and submit separate statistics in the online survey. Remember that campuses that opened after Jan. 31, 2019 will not get added to the database for the 2020 survey, but must still comply with all of the other safety- and security-related *HEA* requirements

For the purpose of *Clery Act* requirements, consider an additional location a separate campus if it meets all of the following criteria:

- Your institution owns or controls the site;
- It is not reasonably geographically contiguous with the main campus;
- It has an organized program of study; and
- There is at least one person on site acting in an administrative capacity.

To add a campus, please contact the help desk and provide the following information:

- The name of the main institution.
- The complete name and address of the new location.
- The date the new location opened.
- Whether the new location has administrative personnel or anyone acting in an administrative position on site.
- Whether the location offers an organized program of study.

**See Appendix A for complete details.**

- **Deleting campuses:** You must also contact the help desk if you need a campus deleted (for example, if the location closed or if it was added as a separate campus but was later determined to be a noncampus location). If the campus has closed, please provide us with the month, year, and reason that it closed. If a campus was open during the reporting period, but is closed as of December 31 when the ASR is due to be published, you do not need to continue reporting for it in the survey. If there are plans to re-open the campus, please let us know the approximate date.
- **Reporting for a campus that has changed locations:** If your campus moved to a new location partway through 2019, you will still complete only one survey form for that campus. Just add a caveat to the Criminal Offenses - On Campus screen that informs the reader of the move and when it took place. Combine statistics from the first location for the first part of the year, with statistics from the second location for the second part of the year.

- **Reporting for a shared campus:** If your school shares an entire campus with another Title IV school, each school must complete a survey form and must disclose statistics for the entire campus. If your school has a written contract giving it use only of a specific part of the other school’s campus (for example, two buildings and a parking lot), disclose statistics only for the buildings and property specified in the contract.
- **Reporting for multiple institutions:** If you are a CSSA who is responsible for completing surveys for 2 or more institutions with separate Unit IDs, the system refers to you as a **multi-keyholder**. You will be issued a single User ID (7 characters beginning with 88G) and password for all of those institutions. You will only need to register once. When you select the **Update** button on the Registration screen, the Registration screen for each of the other surveys will automatically update.

You will then have a list of the institutions for which you must complete surveys. Please make sure that the list is up to date. To add an institution or delete an institution from the list, please contact the help desk.

To select an institution from the list, select the institution name and then begin the survey. The data you enter will not affect the surveys for any of the other institutions.

## **E-Mail Correspondence**

The help desk sends e-mails for various reasons. If you haven't registered by a particular date, we send an e-mail as a friendly reminder so that your institution doesn't miss the deadline. If you enter your data, but forget to check for errors, or forget to lock your survey, we will contact you with a reminder to do so. If questions arise upon reviewing your data, we will send an e-mail that asks you to contact us to resolve the problem. If at any point the CSSA is not responding to phone calls or emails, the help desk will also contact alternate institutional officials, such as the office of the president or CEO, to ensure that the institution does not miss the survey deadline.

## **A Note about the Annual Reports**

Every Title IV postsecondary institution is required to publish a 2020 annual security report by December 31st. If your campus has on-campus student housing, you must also publish an annual fire safety report by December 31st. Although the annual security report and the annual fire safety report disclose similar data to the Campus Safety and Security Survey, they are not identical. The reports contain policy statements in addition to crime and fire statistics. Your institution may not use its participation in the survey to fulfill its annual report requirement. Nor may the institution provide a link to the Office of Postsecondary Education's public website to fulfill the requirement.

# The Web-based Data Collection

## Getting Started

### Registration Packet

Annually, the U.S. Department of Education sends a packet by regular mail to the chief administrative officer (e.g., president, provost, director, chancellor) of every postsecondary Title IV institution a few weeks before the data collection opens. The packet contains three items. The first is a letter to inform the chief administrator about the upcoming Campus Safety and Security web-based data collection. A similar letter is addressed to the institution's Campus Safety Survey Administrator (CSSA), the person designated by the school to complete the survey. The third item is a registration certificate which contains the following information necessary to access the survey and enter data:

Contents	Description
<b>User ID</b>	Typically, the User ID consists of an uppercase letter followed by 8 numbers. For example: C12345678.
<b>Password</b>	The password consists of 9 characters, made up of uppercase letters, lowercase letters, numbers, and symbols. For example: A1BcaaD%e. <b>Note: A new password is issued every year.</b>
<b>Web address</b>	The web address is the address you must enter into your computer's browser to access the survey site. The site is located at: <a href="https://surveys.ope.ed.gov/campussafety">https://surveys.ope.ed.gov/campussafety</a> .
<b>Telephone help desk number</b>	This is a toll-free number to call if you need help with the survey. The number is (800) 435-5985.
<b>E-mail help desk address</b>	This is the address to use if you would like help with the survey via e-mail. The address is: <a href="mailto:campussafetyhelp@westat.com">campussafetyhelp@westat.com</a> .
<b>Data collection dates</b>	These are the dates of the current data collection: Nov. 18, 2020 through Jan. 14, 2021.

Although new User IDs and passwords are mailed to schools in September, the data collection site does not open until mid-November. The exact date appears on the registration certificate. You will not be able to log on to the site until that day. The data collection will close at midnight EST on the date indicated on the registration certificate. **There are no extensions.**

Please note that although you have until the deadline printed on the registration certificate to complete your survey, it is better to complete it as soon as possible so that if you have any problems or questions, you can receive timely assistance by telephone or e-mail from our help desk staff. The later in the data collection period, the busier the help desk becomes.

# Log In

To access the survey, enter <https://surveys.ope.ed.gov/campussafety> into your browser. The survey Log In screen is the first screen that will appear.

Enter your User ID and password in the boxes under **Login to Collection System** on the upper right side of your computer screen. The **letters are case sensitive** so you must enter them exactly as they are shown on the registration certificate. Don't tell the survey application to remember your initial password as you will have to change it for security purposes on the Change Password screen. Next, select the **Log In** button.

## Institutional Burden

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1840-0833. Public reporting burden for this collection of information is estimated to average 25 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. ## Forgot Your Password

If you misplace or forget your password, select the **Forgot Password?** link above the password entry box.

Enter your User ID and the e-mail address that is listed on the survey Registration screen. The survey system will reset your password and send it to that address. ## Change Password

For security reasons, the Change Password screen prompts you to change the password that you initially used to log in to the survey. Use the rules stated on the screen to create your new password and follow these steps:

1. Enter your current password in the **Password on registration certificate** field.
2. Enter your new password in the **New Password** field.
3. Enter your new password again in the **Confirm New Password** field.
4. Select **Change Password**.
5. Keep a record of your new password in a secure place as it will be the password you need each time you log in to the survey. That is, **the password printed on the registration certificate will become invalid after you create a new one, and only the new password will allow you to re-enter the survey.**

The screenshot shows the 'Change Password' interface. At the top left is the 'CSS Campus Safety and Security' logo. At the top right are links for 'Glossary' and 'Help'. The main content area is a white box with the following text:

**Change Password** [screen instructions](#)

-Thank you for logging on to the Campus Safety and Security data Collection system.  
-For security purposes, you must change your password using the rules that follow.  
-Please keep a record of your new password in a secure place as you will need it each time you re-enter this site.

**Rules for changing password:**

- Must be between eight and fourteen characters long
- Must contain at least one upper case character (A, B, C...)
- Must contain at least one lower case character (a, b, c...)
- Must contain at least one numeric character (1, 2, 3...)
- Must contain at least one special character (!, @, #, \$, %, ^, & or \*)

Below the rules are three password input fields:

- Password on registration certification
- New Password
- Confirm Password

At the bottom of the form is a blue button labeled 'CHANGE PASSWORD'.

At the bottom of the page, there is a footer with the text: 'Chief Executive Letter | CSSA Letter | Privacy Statement'.

## Assigning More Than One Password

## Survey Navigation

The Survey Navigation screen is the hub of the survey. It shows how far you've progressed in the survey and what, if anything, you need to do next. It provides links to the various survey screens and allows you to go back and review or change data.

You will be directed to the Survey Navigation screen after you complete Registration Screen. From this point on you can access the Survey Navigation screen from other survey screens by selecting the **Survey Navigation** link at the bottom of the Navigation Menu that will appear on the left side of each screen.

The Survey Navigation screen walks you through the steps in completing the survey.

**Step 1: Update Campus Information:** When you begin your survey, the screen will contain a link to the Institution/Campus Identification screen. Instructions for completing the Institution/Campus Identification screen are provided beginning on page [21, 22 & 23](#) of this user's guide. Once this screen is complete it will say "Updated" in green text.

If you have multiple campuses you will also have access to a Campus drop-down menu which is located in the header. This drop-down will allow you to navigate between surveys for each campus. If you do not see all of your campuses available via the drop-down menu, please call the help desk at 800-435-5985 to add the location.

**Step 2: Update Screening Questions and Complete the Survey:** You must complete Step 1, the Institution/Campus Identification screen, to access the Screening Questions. Once Step 1 is complete, a link for Screening Questions will be available under Step 2. Instructions for completing the Screening Questions can be found on pages [24, 25 & 26](#) of this user's guide.

Once you have updated the Screening Questions, links to the remaining data entry screens for your institution will be available under Step 2. Once these screens are updated, it will say "Updated" in green text next to each link. If a screen has errors that need to be addressed prior to locking the survey it will say "Updated and has errors" in red text. Instructions for completing these screens are included in the remaining sections of this user's guide.

**Step 3: Lock the survey:** Once you have completed the data entry screens, you must review your campus description, caveats (if you have any) and your intentional fire descriptions (if you have any). Select the appropriate link (**Review Caveat/Campus Description**) and follow the instructions on the screen.

Next select the **Check for Errors** link in the menu. If the survey system has detected any errors they will be listed in the report and you must fix them before you can lock the survey. Instructions for fixing errors are located earlier in this user's guide.

When your survey is complete and locked, a "**Click here for Survey Completion Certificate**" link will appear at the bottom of the page. This link leads to a certificate of completion that can be saved or printed for your records. *Completion Certificates cannot be recreated or emailed.* If your institution is reporting for multiple campuses, you will see a confirmation certificate for each campus. If other campuses of the institution are not yet locked, those campuses will be listed as not yet complete at the bottom of the certificate. Remember, each campus must be locked separately. You are done only when the surveys for *all* of your campuses are locked.

## Identification

You must complete this screen before you can continue with the survey.

### Information you need to complete this screen:

- This screen collects general information about your institution. If your institution completed a survey for the prior year, most of the information will be pre-filled. You can update this information with the exception of the hard-coded institution name and address in the Institution Information section. **If the name or address of your institution has changed, please notify the agency that accredits your institution and it will appear correctly on the following year's survey.** You can note that the institution's name or address changed in the Campus Description box; however, this information will only be seen internally by the help desk. If you would like to make this information available to the public, add a note in the caveat box on the Criminal Offenses – On Campus screen.
- We use the name of the institution's chief administrative officer and the institution's address as they appear on this screen for the **mailing label on the survey registration packet** we send to the institution. Please make sure this information is up to date.
- Note that you can update the name or address of a campus in the Campus Information section. If you would like to make this information available to the public, add a note in the caveat box on the Criminal Offenses – On Campus screen.
- This screen asks for contact information for your institution's campus safety officer, campus fire safety officer, and lead Title IX coordinator. If your institution does not have a campus police or security department, enter the name of the person who is responsible for security. If you do not have a fire safety officer, enter the name of the appropriate person to whom the Department of Education could send fire safety information at a future date.
- If your campus is located outside of the United States, select the **Other Country** radio button in the Campus Information section. If your campus is within the jurisdiction of the United States, leave the **State or Outlying Area** button selected. (This jurisdiction includes the following outlying areas: American Samoa, Federated States of Micronesia, Guam, Marshall Islands, Northern Marianas, Palau, Puerto Rico, and the U.S. Virgin Islands.)

**Screen instruction:**

Please enter/review all applicable information. All fields are required unless noted as optional.

**Directions:**

1. If your institution is participating in this survey for the first time, complete the screen.
2. If your institution participated in this survey last year, review the pre-filled information and make any necessary changes.
3. After you complete/review the screen, select **Update** to record your information. If the system does not detect any errors, you will get the message “Identification has been updated successfully.” Select **Return to Survey Navigation** to continue.

Note: If you want to edit the **Identification** screen after it has been updated and you have moved on to another screen, select **Survey Navigation** on the vertical menu bar on the left side of your screen where you can select the **Institution/Campus Identification** link again to access and edit the screen.

## Screening Questions

### Information you need to complete this screen:

- Answer the questions on these screens as they pertain to your institution for the designated **calendar year** (i.e., Jan. 1st – Dec. 31st).

- If you are completing surveys for more than one campus, answer the screening questions for each campus as appropriate for that specific campus. For example, if your institution has three separate campuses, and only the main campus has on-campus student housing facilities, only the survey for the main campus should indicate that there are on-campus student housing facilities.

- Screening Question 1: *Does your institution provide on-campus student housing facilities?*

An **on-campus student housing facility** is *any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.*

- Screening Question 2: *Does your institution have any noncampus buildings or properties?*

**Noncampus** means *any building or property owned or controlled by a student organization that is officially recognized by the institution; or*

*Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.*

- Screening Question 3: *Have you combined statistics that you received from the local or state police with your institution statistics for this report?*

“Local police” does not mean the campus police. **Local police** refer to other law enforcement agencies with responsibility for the jurisdiction in which your school is located. There may be multiple agencies. **You must ask local law enforcement agencies for statistics for all of your institution's Clery Act geographic areas, not just for your public property.**

– Select “yes” for Screening Question 3 if:

1. The statistics you obtained from local police were for *Clery Act* crimes and could be separated into on campus, noncampus (if applicable), and public property categories, and you have combined these statistics with your institution's statistics for this survey. Your institution's statistics are those obtained from your campus security authorities (which includes your campus police or security department if you have one). If your institution falls within the jurisdiction of multiple law enforcement agencies, and you only receive statistics from some of them, you should still answer “yes” to this question. Explain in the first caveat box in the survey that only some of the agencies provided your institution with the requested statistics.

**OR**

2. The statistics you obtained from local police were all zeros, because the 0s should, in effect, be combined with your institution's statistics (i.e., those

collected by campus security authorities including your campus police/security, if applicable).

- Select “**no**” for Screening Question 3 *only* if the local police gave you statistics for crimes that occurred on your *Clery Act* geography, but the police could not cite the exact location. For example, the police could not tell you whether the crimes took place “on campus” or on your school’s “public property.” If you answer “**no**,” later in the survey you will have “Local Police” screens where you should enter these statistics. Very few, if any, schools will need to use the local police screens. If you think you should answer “**no**,” please call the help desk for confirmation *before* proceeding with the survey.
- Select the first “**not available**” for Screening Question 3 if you requested statistics from the local police but they could not provide you with statistics for *Clery Act* geographic areas only (e.g., they could only provide you with statistics encompassing too large an area, such as the entire city, and you were unable to determine if any of those statistics were for your *Clery Act* geography).
- Select the second “**not available**” for Screening Question 3 if you requested statistics from the local police but they did not provide you with statistics.

**Screen instruction:**

Please answer these questions carefully. The answers you provide will determine which screens you will be asked to complete for this data collection.

**Directions:**

1. Question 1: Indicate whether your campus provides on-campus student housing facilities. If it does, enter the number of facilities that were open during the reporting period.
2. Question 2: Indicate whether your institution has any noncampus buildings or property.
3. Question 3: Indicate whether you have combined the statistics you obtained from local police with your institution’s statistics.

When you have completed this screen, select **SAVE** to record your data. If no errors are detected, the next screen will read **Data saved successfully**. Select **NEXT** to continue.

## Screening Questions

[screen instructions](#)

Please answer these questions carefully. The answers you provide will determine which screens you will be asked to complete for this data collection.

### 1. Does your institution provide On-campus Student Housing Facilities?

- No.
- Yes. (If Yes is selected, you must enter the number of student housing facilities below and enter Fire Statistics for each facility.)

Number of On-campus Student Housing Facilities:

### 2. Does your institution have any noncampus buildings or properties?

- Yes
- No

### 3. Have you combined statistics that you received from the local or state police with your institution statistics for this report? If you answer No to this question, you will be asked to provide the data you received from the local and state police separately.

- Yes. Local and/or state law enforcement agencies provided us with statistics that we are combining with statistics collected by our campus security authorities.
- No. We are not combining the statistics because we cannot determine whether the statistics we obtained from local and/or state law enforcement agencies are for on-campus incidents or public property incidents.
- Not available. We cannot determine if the statistics we obtained from local and/or state law enforcement agencies are for our Clery geography.
- Not available. We made a good-faith effort to obtain statistics from local and/or state law enforcement agencies, but the agencies did not comply with our request.

# Criminal Offenses

## Criminal Offenses – On Campus

### Information you need to complete this screen:

- **On Campus** means *any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and*  
*Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food vendor or other retail vendor).*
- Statistics for crimes reported to have occurred in on-campus student housing facilities should be included on this screen. They must also be reported separately on the Criminal Offenses – On-campus Student Housing facilities screen.
- *Clery Act* regulations specify that institutions must classify crimes using definitions from the FBI’s Uniform Crime Reporting Program’s *Summary Reporting System (SRS) User Manual* for murder, rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, weapons: carrying, possessing, etc. law violations, drug abuse violations, and liquor law violations. Institutions must use definitions from the FBI’s *National Incident-Based Reporting System (NIBRS) Data Collection Guidelines* edition of the UCR for fondling, incest and statutory rape. Institutions must use definitions from the *Violence Against Women Act of 1994* and repeated in the *Clery Act* regulations for domestic violence, dating violence and stalking.
- Additional information:
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. You cannot correct 2017 data in the table. Instead, use the caveat box to specify the changes and the reason for the changes. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).”**
  - To read the definition of a specific criminal offense, select the underlined offense on the screen.
  - Do not differentiate between attempted and completed crimes. The only exception to this rule applies to attempts or assaults to murder when the victim does not die. Classify these incidents as Aggravated Assaults rather than murders.
  - *Clery Act* crimes must be disclosed by the year in which the crimes were reported.

## Criminal Offenses – On-campus Student Housing Facilities

Note: Instructions in this user’s guide address institutions with on-campus student housing facilities and noncampus buildings or property. Please apply the information as appropriate for your institution. For example, if you have on-campus and public property *Clery Act* geographic areas only, follow the instructions that apply to on-campus and public property categories and ignore the instructions that apply to the on-campus student housing facilities and noncampus categories.

### Information you need to complete this screen:

- An **on-campus student housing facility** is *any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.*
- “On-campus Student Housing Facilities” is a *subset* of the on-campus category. The statistics you enter on this screen should also be included on the Criminal Offenses-On Campus screen. Make sure that the number of crimes reported on this screen is equal to or less than the number reported on the Criminal Offenses-On Campus screen.
- *Clery Act* regulations specify that institutions must classify crimes using definitions from the FBI’s Uniform Crime Reporting Program’s *Summary Reporting System (SRS) User Manual* for murder, rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, weapons: carrying, possessing, etc. law violations, drug abuse violations, and liquor law violations. Institutions must use definitions from the *Violence Against Women Act of 1994* and repeated in the *Clery Act* regulations for domestic violence, dating violence and stalking.
- Only include motor vehicle thefts on this screen if the motor vehicle was taken from a parking garage that is physically attached to an on-campus student housing facility and accessible from that facility. Do not include motor vehicles taken from one of your school’s parking lots or parking garages that is simply intended for use by on-campus student housing facility residents. That is an on-campus parking lot or parking garage only.
- Do not include statistics for faculty-only or staff-only residential facilities on this screen.
- Additional information:
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. ## Criminal Offenses – Reported by Local and State Police

### Information you need to complete this screen:

- “Local and state police” refers to law enforcement agencies (other than your institution’s campus police or security department) with responsibility for the jurisdiction in which your institution is located. There may be multiple agencies.
- You must ask the agencies for statistics for all of your school’s *Clery Act* geographic areas, not just for public property statistics.
- Use this screen only if the law enforcement agencies provided you with statistics for crimes that occurred somewhere on your *Clery Act* geography, but the agencies could not indicate the exact location, for example, “on campus” or “public property.”
- Do not use this screen if:
  - The statistics you obtained from the police are all 0s. The 0s should, in effect, be combined with your school’s statistics (i.e., those obtained from your campus security authorities).
  - You made a good faith effort to obtain the statistics from the police but the police (1) did not provide you with the statistics or (2) provided you with statistics for too large an area (e.g., their entire jurisdiction or the entire city) and you cannot determine which statistics are for your *Clery Act* geographic areas.

If you need to change your response to Screening Question 3, return to that screen by selecting the **Screening Questions** link on the vertical menu on the left side of the screen.

- *Clery Act* regulations specify that institutions must classify crimes using definitions from the FBI’s Uniform Crime Reporting Program’s *Summary Reporting System (SRS) User Manual* for murder, rape, robbery, aggravated assault, burglary, motor vehicle theft, arson, weapons: carrying, possessing, etc. law violations, drug abuse violations, and liquor law violations. Institutions must use definitions from the FBI’s *National Incident-Based Reporting System (NIBRS) Data Collection Guidelines* edition of the *UCR* for fondling, incest and statutory rape. Institutions must use definitions from the *Violence Against Women Act of 1994* and repeated in the *Clery Act* regulations for domestic violence, dating violence and stalking.
- Additional information:
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. You cannot correct 2017 data in the table. Instead, use the caveat box to specify the changes and the reason for the changes. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).”**

- *Clery Act* crimes must be disclosed by the year in which the crimes was reported.

## Hate Crimes – Noncampus

Note: Instructions in this user’s guide address institutions with on-campus student housing facilities and noncampus buildings or property. Please apply the information as appropriate for your institution. For example, if you have on-campus and public property *Clery Act* geographic areas only, follow the instructions that apply to on-campus and public property categories and ignore the instructions that apply to the on-campus student housing facilities and noncampus categories.

### Information you need to complete this screen:

- **Noncampus** means *any building or property owned or controlled by a student organization that is officially recognized by the institution; or Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.*
- A **hate crime** is *a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim.* Under the *Clery Act*, only the following eight categories of bias are reported: race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.
- If a single hate crime was motivated by multiple biases, select one bias in the data table and note the additional bias(es) in the caveat box.
- Additional information:
  - You will need to scroll down to access your 2017 and 2018 data or to enter a caveat.
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. You cannot correct 2017 data in the table. Instead, use the caveat box to specify the changes and the reason for the changes. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).”**
  - To read the definition of a specific criminal offense, select the underlined offense on the screen.
  - Do not differentiate between attempted and completed crimes. The only exception to this rule applies to attempts or assaults to murder when the victim does not die. Classify these incidents as Aggravated Assaults rather than murders.
  - *Clery Act* crimes must be disclosed by the year in which the crimes were reported.

## Hate Crimes – Public Property

### Information you need to complete this screen:

- **Public property** means *all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.*
- A **hate crime** is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Under the *Clery Act*, only the following eight categories of bias are reported: race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.
- If a single hate crime was motivated by multiple biases, select one bias in the data table and note the additional bias(es) in the caveat box.
- Additional information:
  - You will need to scroll down to access your 2017 and 2018 data or to enter a caveat.
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. You cannot correct 2017 data in the table. Instead, use the caveat box to specify the changes and the reason for the changes. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).”**
  - To read the definition of a specific criminal offense, select the underlined offense on the screen.
  - Do not differentiate between attempted and completed crimes. The only exception to this rule applies to attempts or assaults to murder when the victim does not die. Classify these incidents as Aggravated Assaults rather than murders.
  - *Clery Act* crimes must be disclosed by the year in which the crimes were reported.

## Hate Crimes – Reported by Local and State Police

### Information you need to complete this screen:

- “Local and state police” refers to law enforcement agencies (other than your institution’s campus police or security department) with responsibility for the jurisdiction in which your institution is located. There may be multiple agencies.
- Use this screen only if the law enforcement agencies provided you with statistics for crimes that occurred somewhere on your *Clery Act* geography, but the agencies could not indicate the exact location, for example, “on campus” or “public property.”
- Do not use this screen if:
  - The statistics you obtained from the police are all 0s. The 0s should, in effect, be combined with your institution’s statistics.
  - You made a good faith effort to obtain the statistics from the police but the police (1) did not provide you with the statistics or (2) provided you with statistics for too large an area (e.g., their entire jurisdiction or the entire city) and you cannot determine which statistics are for your *Clery Act* geographic areas.
- A **hate crime** is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. Under the *Clery Act*, only the following eight categories of bias are reported: race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.
- If a single hate crime was motivated by multiple biases, select one bias in the data table and note the additional bias(es) in the caveat box.
- Additional information:
  - You will need to scroll down to access your 2017 and 2018 data or to enter a caveat.
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. You cannot correct 2017 data in the table. Instead, use the caveat box to specify the changes and the reason for the changes. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).”**
  - To read the definition of a specific criminal offense, select the underlined offense on the screen.
  - Do not differentiate between attempted and completed crimes. The only exception to this rule applies to attempts or assaults to murder when the victim does not die. Classify these incidents as Aggravated Assaults rather than murders.
  - *Clery Act* crimes must be disclosed by the year in which the crimes were reported.

Arrests and disciplinary referrals cannot be unfounded.
- If a reported crime is investigated by law enforcement authorities and found to be false or baseless, meaning that **the crime did not occur or was never attempted**, the crime is “unfounded”. Only sworn or commissioned law enforcement personnel may unfound a crime.
- Count unfounded crimes in the year in which they were originally reported.
- Additional information:
  - Data for 2017 and 2018 are pre-filled. If you need to correct data for 2018, change it in the table and then explain in the caveat what data were changed and why they were changed. You cannot correct 2017 data in the table. Instead, use the caveat box to specify the changes and the reason for the changes. **Use the following format to explain the change: “For (YEAR), line (X) was changed from (A) to (B) because (REASON).”**

# Fires

## Fires – On-campus Student Housing Facilities

### Information you need to complete this screen:

- An **on-campus student housing facility** is *any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.*
- **Fire** is defined as *any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.*

The applicable **categories** of fire for this screen are:

- **Unintentional:** *A fire that does not involve an intentional human act to ignite or spread fire into an area where the fire should not be.*
  - **Intentional:** *A fire that is ignited, or that results from a deliberate action, in circumstances where the person knows there should not be a fire. You must provide a brief description for each intentional fire. Do not simply write “arson.” The total number of intentional fires that you report must be equal to or less than the number of arsons you report on the Criminal Offenses-On-campus-Student Housing Facilities screen. (This is because attempted arsons are included on the Criminal Offenses-On-campus-Student Housing Facilities screen.)*
  - **Undetermined:** *A fire in which the cause cannot be determined.*
- The applicable **causes** of fire for unintentional fires on this screen include:
    - Cooking
    - Smoking materials
    - Open flames
    - Electrical
    - Heating equipment
    - Hazardous products
    - Machinery/Industrial
    - Natural
    - Other

- **Fire-related injury** is defined as *any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term "person" may include students, employees, visitors, firefighters, or any other individuals.*

– Include:

- Individuals who are transported to a medical facility (even if they refuse treatment at the facility).
- Individuals who are treated at a temporary medical facility that is set up at the fire site.

- **Fire-related death** is defined as *any instance in which a person -*

(1) *Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or*

(2) *Dies within one year of injuries sustained as a result of the fire.*

- **Value of property damage** is defined as *the estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.*

Include the value of all property damage, even to property not owned or controlled by your institution. Your estimate for structural damage should be based on replacement value, not market value. Do not include any indirect losses. In addition to business interruption, indirect losses include the cost of emergency housing, personnel costs associated with subsequent cleanup and restoration, and lost tuition.

The applicable ranges to use are:

\$0 – 99	\$50,000 – 99,999
\$100 – 999	\$100,000 – 249,999
\$1,000 – 9,999	\$250,000 – 499,999
\$10,000 – 24,999	\$500,000 – 999,999
\$25,000 – 49,999	>\$1,000,000

## Screen Instructions:

Enter the name, address and number of fires for each On-campus Student Housing Facility. After you select **SAVE**, there will be a **REPORT** button across from each facility that has 1 or more fires. For each of these facilities, select **REPORT** to complete the fire statistics for that facility.

If your institution did not use a facility in 2019, click the **MAKE INACTIVE** link for that facility.

## Directions:

1. **If you are entering fire statistics for the first time**, enter the name and street address of each on-campus student housing facility. Be sure to include every facility whether or not there were any reported fires for the facility. The number of available fields matches the number of on-campus student housing facilities that you indicated for Screening Question 1. If you need to add a facility, select the **Add a facility** button on this screen. (If you have more than 20 facilities, the button will be located on the last page of your facilities list.) If you need to delete a facility, select the **DELETE** link in the "Action" column on the applicable line. If you add or delete facilities, be sure to adjust the number in Screening Question 1 if necessary.

# Reviewing and Submitting Your Survey

Before you can lock and submit your survey, you must review it for possible errors. Depending on your survey data, there are two possible screens to review:

## Caveat Review/Campus Description

### Step 3: Lock the survey

<p>Review Caveat/ Campus Description</p> <p>! You must complete this step before check errors</p>	<p>Check for errors</p> <p>! Check for errors (has unresolved errors)</p>
---	---

If you have entered any caveats, they will be migrated to the public website along with your data. For this reason, the caveats cannot contain the names of individuals or messages to the help desk. Please also review them for clarity, grammar, and spelling. If you have changed data for prior years, please make sure your caveat conforms to the following format: “For (YEAR), Line (X) was changed from (A) to (B) because (REASON).”

You must also review any intentional fire descriptions before you can lock your survey as they will also be migrated to the public site along with your data. An example of an acceptable description is “A student used a cigarette lighter to set fire to a poster on a hallway bulletin board.” An example of an unacceptable description is “Arson.”

Next, click on the “Update and/or Confirm” button to save your changes or to confirm that no changes are needed.

Note that if you have not entered any caveats or intentional fire descriptions, you will not have a link to the Caveat Review/Campus Description screen.

## Check for Errors/Error Report

Regardless of whether you entered any caveats or intentional fire descriptions, you must check for errors (and correct any that exist) before you can lock the survey. To do this, go to the **Survey Navigation** screen. It will show the **Check for Errors** link. Follow these steps:

1. Select the **Check for Errors** link. You will be taken to an **Error Report**. This report displays a list of any errors and includes links to screens requiring updates.
2. If there are no errors, you will get the message, “The survey for (institution ID) is ready for locking.”
3. If the system has detected any errors, you must correct them before you can lock the survey. To correct an error, select the “Error Screen” link adjacent to the error under the Options column. If you have an error that affects only one screen, the link will read, “Go to screen with error.” If you have a Global error, or an error that affects more than one screen, select the “Back to Survey Navigation” button at the bottom of the screen to return to the Survey Navigation screen. When you correct an error, save the screen with the corrected error. The **Error Report** will be updated and the associated line under the “Resolved” column will read “Yes” when you return to the report.

A survey must be locked before it is considered complete. After you conduct the error check and there are no errors detected by the survey system, you are ready to lock your survey. The **Survey Navigation** screen will be updated to **Clean** and you will be able to lock your survey by clicking **Lock the Survey**. The Campus Safety Survey Administrator (CSSA) is the only person who can lock the survey.

Locking the survey creates a read-only file and prevents additional updates. It is advisable to lock the survey only **AFTER** the data inputs have been thoroughly verified and deemed final.

1. Select **LOCK THE SURVEY**.
