

OMB Number 2900-0712
Est. Burden: 12 minutes
VA Form 10-1465-5

SURVEY OF HEALTHCARE EXPERIENCES OF PATIENTS: SHEP PRIMARY CARE 2021

In order for the VA to carry out its mission to provide the best possible medical care and services to all Veterans, it is extremely important that you complete and return this survey booklet. Your answers will help ensure that all Veterans receive the high-quality care they have earned and so richly deserve.

Please read each question and check the box that best describes your experience. Please be sure to read all pages of this survey booklet.

The check-box responses you provide to the survey questions will not be connected with you personally but combined with the opinions of other Veterans before being reported. However, any additional information which you provide including comments written in the margins, letters, and other enclosures will be shared with my office unless you indicate that you want your comments to remain confidential and not be shared. If you would like to see the results of the survey for all Veterans who get care at this facility, you may contact the Patient Advocate at this facility.

Participation is voluntary and your answers to the survey will not affect the health care you receive or your eligibility for VA benefits.

If you have a specific question or need help with your VA care, you may contact the VA as described at the end of this survey booklet.

Thank you very much!

The Paperwork Reduction Act of 1995: This information is collected in accordance with section 3507 of the Paperwork Reduction Act of 1995. Accordingly, we may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a valid OMB number. We anticipate that the time expended by all individuals who complete this survey will average 12 minutes. This includes the time it will take to read instructions, gather the necessary facts and fill out the form. Customer satisfaction surveys are used to gauge customer perceptions of VA services as well as customer expectations and desires. The results of this survey will lead to improvements in the quality of service delivery by helping to shape the direction and focus of specific programs and services. Disclosure of information involves release of statistical data and other non-identifying data for the improvement of services within the VA healthcare system and associated administrative purposes. Submission of this form is voluntary and failure to respond will have no impact on benefits to which you may be entitled.
