HAZARD ANALYSIS COMPLIANCE

PRIMARY CONTACT: Jacqueline Campbell, ESFS, 301-987-2024, jcampbell@cpsc.gov

BACK-UP CONTACT: Carolyn Carlin, CRE, 301-504-7889, ccarlin@cpsc.gov

ASSIGNMENT MESSAGE:

Investigate all cases that involve ignition, melting, or smoldering of all types of garments worn by children under age 15. Conduct an onsite investigation **only if** a sample of the garment can be obtained or viewed. Collect the entire garment, if possible, so that flammability can be tested and the garment can be measured to determine if it is of required proportions. But samples as small as one square inch from undamaged areas can be useful to determine the fiber content, fabric construction, and if the fabric had a flame retardant finish.

If sample is unavailable, conduct a telephone investigation.

Please include both primary and backup contacts in the distribution of the completed IDI.

----- Area below will be completed in Data Systems -----
