

FFIEC 031 Draft Supplemental Instructions and Reporting Form for Call Report Revisions Related to the Temporary Adjustment to the Measurement Date for Certain Total Asset Thresholds

The following draft reporting form, along with accompanying draft Supplemental Instructions, both of which are subject to change, presents the pages from the FFIEC 031 Call Report as they were revised as of the December 31, 2020, report date and will be as of the March 31, 2021, report date to implement temporary adjustments to the measurement date for certain total asset thresholds. These revisions are subject to final approval by the U.S. Office of Management and Budget (OMB).

The instructions will be included as an appendix to the Call Report Supplemental Instructions for the December 31, 2020, through December 31, 2021, report dates and will be updated, as appropriate, over this period. The temporary adjustments to the measurement date for certain total asset thresholds in the Call Reports are described in the federal banking agencies' initial Paperwork Reduction Act (PRA) [Federal Register Notice](#) published on November 30, 2020. As discussed in the agencies' final PRA [Federal Register Notice](#) published in the *Federal Register* on February 18, 2021, the agencies are proceeding with the revisions to the FFIEC 031 Call Report as proposed. The initial and final notices are available on the [FFIEC's web page for the FFIEC 031 Call Report](#).

The Call Report revisions relate to an [interim final rule](#) (IFR) that the Federal Deposit Insurance Corporation, the Board of Governors of the Federal Reserve System, and the Office of the Comptroller of the Currency published in the *Federal Register* on December 2, 2020. This IFR provides relief to financial institutions with under \$10 billion in total assets as of December 31, 2019, by allowing them to calculate their asset size for applicable thresholds in certain rules during calendar years 2020 and 2021 based on the lower of their total assets as of December 31, 2019, or their total assets as of the normal measurement date.

In accordance with the IFR, Call Report Schedule RC-R, Part I, was revised effective December 31, 2020, to reflect the IFR's adjustment to the measurement date for the \$10 billion total asset qualifying criterion for the use of the community bank leverage ratio framework. This adjustment applies through the December 31, 2021, report date.

In addition, consistent with the IFR, the agencies are permitting an institution to use the lesser of the total consolidated assets reported in its Call Report as of December 31, 2019, or June 30, 2020, when determining whether the institution may be eligible to file the FFIEC 051 Call Report, and whether it has crossed certain total asset thresholds that require the reporting of additional data items in its Call Reports (FFIEC 031, FFIEC 041, or FFIEC 051, as applicable), for report dates in calendar year 2021.

Draft as of February 18, 2021

Temporary Adjustment to the Measurement Date for Certain Total Asset Thresholds in the Call Reports

During 2020, relief measures enacted by Congress through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) in response to the strains on the U.S. economy and disruptions to the financial markets as a result of coronavirus disease 2019 (COVID-19) have led to unprecedented growth at many institutions, including from loans made through the Paycheck Protection Program (PPP). This rapid growth has caused the assets of some institutions to rise above certain asset-based thresholds, and may cause the assets of other community institutions to do so in the near future. Much of this growth, especially growth related to PPP lending, is likely to be temporary, and the increase in assets currently held by an institution may not reflect a change in the institution's longer-term risk profile. To provide reporting relief due to institutions' asset growth in 2020 related to participation in various COVID-19-related stimulus activities, the agencies are adjusting the measurement date for certain total asset thresholds that trigger additional reporting requirements in the Call Reports for report dates in 2021 only, as discussed below.

First, on December 2, 2020, the agencies published in the *Federal Register* an interim final rule (IFR) that, among other provisions, revises their rules on FFIEC 051 Call Report eligibility¹ to permit an institution to use the lesser of the total consolidated assets reported in its Call Report as of December 31, 2019, or June 30, 2020, when evaluating eligibility to use the FFIEC 051 for report dates in calendar year 2021 only.² The institution still must meet the other criteria for eligibility for the FFIEC 051 in the Call Report instructions. In addition, the banking agencies also reserve the right to require an institution otherwise eligible to use the FFIEC 051 to file the FFIEC 041 Call Report instead based on supervisory needs.

For example, if an institution had \$5.3 billion in total consolidated assets as of June 30, 2020, but had \$4.8 billion as of December 31, 2019, and meets the other criteria for eligibility for the FFIEC 051 in the Call Report instructions, it could choose to file the FFIEC 051 for the March 31, 2021, report date. Unless a change of status event occurs as described in the Call Report General Instructions or as directed by its primary regulatory agency, the institution would continue to file the FFIEC 051 Call Report for the remaining three quarters of calendar year 2021.

Secondly, the agencies' capital rules permit institutions that meet certain criteria to use the community bank leverage ratio (CBLR) framework to measure their regulatory capital.³ The agencies' IFR also revises these capital rules to allow institutions that temporarily exceed the \$10 billion total asset threshold in those rules to use the CBLR framework from December 31, 2020, through December 31, 2021, provided they meet the other qualifying criteria for this framework.⁴ For report dates through December 31, 2021, institutions that elect to use the CBLR framework would report in Call Report Schedule RC-R, Part I, item 32 (Total assets), the lesser of the institution's total assets as of December 31, 2019, or as of the current quarter-end report date, which must be less than \$10 billion.

In addition, on November 30, 2020, the agencies proposed to permit an institution to use the lesser of the total consolidated assets reported in its Call Report as of December 31, 2019, or June 30, 2020, when determining whether the institution has crossed a total asset threshold to report certain additional data items in its Call Reports for report dates in calendar year 2021.⁵ On February 18, 2021, the agencies

finalized these Call Report revisions as proposed and are subject to the Office of Management and Budget approval.⁶ Specifically, the following Call Report total asset thresholds are impacted by this change:

- For the FFIEC 041 and FFIEC 051 only, the \$100 million threshold to report “Other borrowed money” in Schedule RC-K, item 13.
- For the FFIEC 041 and FFIEC 051 only, the \$300 million threshold to report additional agricultural lending information in Schedule RI, Memorandum item 6; Schedule RI-B, Part I, Memorandum item 3; Schedule RC-C, Memorandum item 1.f.(5); Schedule RC-K, Memorandum item 1; and Schedule RC-N, Memorandum items 1.f.(5) and 4.

These same items also have an activity threshold that applies to institutions with less than \$300 million in total consolidated assets based on whether an institution had agricultural loans (Schedule RC-C, Part I, item 3) exceeding 5 percent of total loans and leases (Schedule RC-C, Part I, item 12) reported as of June 30 of the prior calendar year. For these items, if an institution’s total consolidated assets are less than \$300 million as of December 31, 2019, but are \$300 million or more as of June 30, 2020 (or vice versa), the institution would determine whether it exceeded the 5 percent threshold as of the same date as of which its total consolidated assets are less than \$300 million.

For example, if an institution’s total consolidated assets exceeded the \$300 million total asset threshold as of the June 30, 2020, report date, but not as of the December 31, 2019, report date, the institution would use December 31, 2019, as its measurement date for determining whether it exceeded the 5 percent activity threshold for agricultural loans.

However, if an institution’s total consolidated assets are less than \$300 million as of both December 31, 2019, and June 30, 2020, the institution has not crossed the \$300 million total asset threshold as it would be measured under the agencies’ reporting relief proposal. Accordingly, the institution would measure the 5 percent activity threshold as of June 30, 2020, consistent with the existing Call Report instructions.

- For the FFIEC 031 and FFIEC 041 only, the \$300 million threshold to report certain information on credit card lines in Schedule RC-L, items 1.b.(1) and (2).⁷
- For the FFIEC 041 only, the \$300 million threshold to report cash and balances due from depository institutions in Schedule RC-A; credit losses on derivatives in Schedule RI, Memorandum item 10; and certain additional loan information in Schedule RI-B, Part I, Memorandum items 2.a, 2.c, and 2.d; Schedule RC-C, Part I, items 2.a, 2.b, 2.c, 4.a, 4.b, 9.b.(1), 9.b.(2), 10.a, and 10.b, column A; Schedule RC-C, Part I, Memorandum items 1.e.(1), 1.e.(2), and 5; and Schedule RC-N, Memorandum items 1.e.(1), 1.e.(2), and 3.a through 3.d.
- For all three versions of the Call Report (FFIEC 031, FFIEC 041, and FFIEC 051), the \$1 billion threshold to report components of deposit fee income in Schedule RI, Memorandum items 15.a through 15.d; disaggregated credit loss allowance data in Schedule RI-C; components of transaction and nontransaction savings consumer deposit account products in Schedule RC-E,

⁶ 86 FR 10157, February 18, 2021.

⁷ The separate \$300 million credit card lines threshold for reporting in Schedule RC-L, items 1.b.(1) and (2), as of report dates in 2021 would continue to be measured as of June 30, 2020, consistent with the existing Call Report instructions.

Memorandum items 6.a, 6.b, 7.a.(1), 7.a.(2), 7.b.(1), and 7.b.(2); and estimated uninsured deposits in Schedule RC-O, Memorandum item 2.

- For the FFIEC 031 and FFIEC 041 only, the \$1 billion threshold to report information on certain income from mutual funds and annuities in Schedule RI, Memorandum item 2; and financial and performance standby letters of credit conveyed to others in Schedule RC-L, items 2.a and 3.a.
- For the FFIEC 031 and FFIEC 041 only, the \$10 billion threshold to report additional information on derivatives in Schedule RI, Memorandum items 9.a and 9.b, and Schedule RC-L, items 16.a and 16.b.(1) through 16.b.(8); holdings of asset-backed securities and structured financial products in Schedule RC-B, Memorandum items 5.a through 5.f and 6.a through 6.g; and securitizations and asset-backed commercial paper conduits in Schedule RC-S, items 6 and 10, and Memorandum items 3.a.(1), 3.a.(2), 3.b.(1), and 3.b.(2).
- For the FFIEC 031 only, the \$10 billion threshold to report information on deposits in foreign offices by type of depositor in Schedule RC-E, Part II, items 1 through 6.
