12. The undersigned requests that the firm identified in Item 6 be included on the list of establishments certified by USDA as meeting the requirements of the country specified with respect to the importation of meat/poultry or meat/poultry products.

We make this request with the understanding that, in addition to compliance with normal U.S. inspection requirements, the above-named firm voluntary agrees to the following:

- To comply with all provisions of appropriate inspection laws and regulations of the importing country when preparing product for export to that country. These requirements have been reviewed by officials of this firm and are fully understood.
- To reimburse USDA for any inspections over and above U.S. requirements, (Reference FSIS Directive 5110.1).
- To segregate and maintain identity of product eligible for export from noneligible product.
- To operate in the mode to meet the importing country's requirements anytime an export audit is made by a U.S. review team or by a foreign official.
- To notify appropriate FSIS officials promptly when firm wishes to be removed from the list of plants that are eligible to export to the country named herein (Item 3).

FSIS SECTION *(Type or Print Name Above All Signatures)*

20. I surveyed the above-named establishment on the date indicated below and in my opinion, it meets the requirements for export to

(Name of Country) _____, subject to comments if any on the attached correspondence.

21. SIGNATURE OF INSPECTOR-IN-CHARGE	22. DATE SURVEYED
23. SIGNATURE OF CIRCUIT SUPERVISOR/DATE	24. SIGNATURE OF DISTRICT MANAGER/DATE

INSTRUCTIONS FOR FSIS FORM 9080-3

Purpose:

For most countries, all FSIS authorized meat, poultry and egg product establishments are eligible to export meat, poultry and egg products, provided all requirements indicated in the [FSIS Export Library](#) are met. Several countries however, require additional certification provided by the plant and approved by FSIS. The country requirements listed in the [FSIS Export Library](#) will reflect the necessity of this additional certification process if required. Plants wishing to export to such countries must submit FSIS Form 9080-3 to the Office of Policy and Program Development in order to become eligible.

Instructions:

FSIS Form 9080-3 is to be completed and submitted by establishment personnel using PHIS (Public Health Information System). Effective June 29, 2018, FSIS no longer accepts the paper version of FSIS Form 9080-3 submitted to FSIS IPP for review and approval. For establishments that do not have access to or use PHIS, they are to send a fully completed paper copy of FSIS Form 9080-3 to the FSIS Proxy, using one of the three options listed below. The FSIS Proxy will enter the application information into PHIS on the applicant's behalf.

1. Email: FSCEXport.Recon@fsis.usda.gov;
2. Mail: U.S. Department of Agriculture, Food Safety and Inspection Service, FMD, Financial Services Center, P.O. Box 9205, Des Moines, IA 50306-9948; or
3. Fax: 1-844-378-1048

Approval:

Once FSIS Form 9080-3 is approved by Office of Field Operations personnel, the Office of Policy and Program Development will process the request with the appropriate foreign authorities. Upon receipt of approval notification from foreign authorities, the Office of Policy and Program Development will post the plant information in the FSIS Export Library under the list of approved plants for the appropriate country. Users should monitor the FSIS Export Library to see when their plant has been approved. Users may contact the Office of Policy and Program Development for an update of the status of the application by email at ImportExport@fsis.usda.gov or phone at (202) 720-0082.
