casualty involve?			(from page 4)					
How many fishing days did you lose due to casualty?	Total							
Explain the Vessel's activity at the tir	ne of casual	tv						
Explain the vessers activity at the th	ne or casuar	ty.						

Explain how the captain and crew responded.								
Explain any attempts to retrieve gear. State the number of gear units deployed and the number lost.								
Explain the extent of damage.								
Explain the extent of damage.								
Explain what captain and crew did after casualty. For example, did the vessel continue to fish or return to port?								
If returned to port, why?								
How much time did the casualty inv	olve?							
Names of other vessels in the vicinit	ty at th	ne time of casualt	ty.					
		W	Vitnes	eses				
Each claim must contain notarized statements from any material witnesses to the casualty. Statements must describe the basic circumstances (i.e. who, when, what was lost/damaged, etc.) under which the casualty occurred and any knowledge as to cause of the casualty. Statements must include the occupational status (i.e. vessel owner, vessel operator, crew, etc.). Provide the following information and attach the notarized statements. Attached additional sheets if more than 3 witnesses.

CRIMINAL PENALTY FOR FRAUDULENT CLAIM. Any person who files a fraudulent claim is subject to criminal prosecution under 18 U.S.C. Section 284 and 1001, each of which, upon conviction, imposes a penalty of not more than a \$10,000 fine and 5 years imprisonment, or both.

Privacy Act Statement.

Authority: The collection of this information is authorized by Title 45 U.S.C. 1177 and CFR Part 259. The data is for the evaluation of eligibility for compensation from the Fishermen's Contingency Fund. Compensation will not be considered unless all requested information is furnished.

Purpose: In order to determine eligibility for the Fishermen's Contingency Fund, the NOAA National Marine Fisheries Service (NMFS) requires financial information, vessel owner contact data, vessel and licensing information, damage estimates, replacement invoices, verification of payments, fish ticket data, economic and fuel loss estimates, snag information, and other data as relevant.

Routine Uses: NMFS will use this information to determine eligibility for compensation from the Fishermen's Contingency Fund. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS' Financial Services Division. Disclosure of this information is also subject to all of the published routine uses as identified in Commerce/NOAA-21, Financial Services Division.

Disclosure: Furnishing this information is voluntary; however, failure to provide complete and accurate information will prevent the determination of eligibility and compensation from the program.

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0082. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the Financial Services Division (F/MB5) Office of Management and Budget, 1315 East West Highway-13th Floor, Silver Spring, MD 20910, Attn: Elaine Saiz/Financial Services Division Chief and elaine.saiz@noaa.gov.

Confidential name and address information may be released via a NOAA website for informational purposes. All other data submitted will be handled as confidential material in accordance with NOAA Administrative Order 216-100, Protection of Confidential Fisheries Statistics. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject requirements of the Paperwork Reduction Act, unless that collection of information displays a currently claim OMB Control Number.

SURROGATION AGREEMENT. I,					
Signature	 Date				
I, (name), a U.S. citizen, am the Owner Operator of the (vessel) and have read all of the foregoing statements and supporting documents relating to this claim, and to the best of my knowledge all statements and documents are true and correct. No portion of the claimed loss and/or damage may be recoverable through an insurance claim. I also agree to repay all or any part of the award if the award should for any reason be subsequently reduced.					
Signature	Date				
INSTRUCTIONS TO CLAIMANTS					

- I. GENERAL. The Fishermen's Contingency Fund (FCF) is authorized by Title IV of the Outer Continental Shelf (OCS) Lands Act Amendments of 1978. Its purpose is to compensate commercial fishermen for damage or loss caused by obstructions associated with OCS oil and gas activities in U.S. Federal waters. The Program is administered by the NMFS FCF, Financial Services Division F/MB5, 1315 East-West Hwy, 13th Floor, Silver Spring, MD 20910.
 - A. PRESUMPTION OF CAUSATION. A presumption that the damage or loss was caused by items associated with OCS oil and gas activities is allowed if you report the damage or loss to NMFS FCF within 15 days after the date your vessel first return to port after discovering damage or loss and report the required information. If the report is not submitted within the 15 day period, the presumption exception will not be allowed and you will have to prove that the obstruction causing the damage was related to OCS oil and gas activities.
 - B. NEGLIGENCE OR FAULT. Causalities occurring within a one-quarter (1/4) mile radius of obstructions so recorded or marked are presumed to involve your negligence or fault.
 - C. FILING YOUR CLAIM. You must file a complete and accurate claim within 90 days after the date you first discovered the damage or loss. The term "file" means delivered in person or mailed to NMFS FCF at the address above. Claims not filed within 90 days may not be eligible for FCF compensation. NMFS FCF suggests that claims be sent by registered or certified mail with return receipt requested.
 - D. FAILURE TO MEET THE FILING REQUIREMENTS. NMFS FCF may reject your Claim if it does not meet the filing requirements. If your claim is rejected, NMFS FCF will give you written notice of the reasons for rejection. If you do not refile an acceptable claim within 30 days after the date of this written notice, you will not be eligible for FCF compensation unless there are extenuating circumstances.
 - E. AGGREGATING CLAIMS. If more than one commercial fisherman suffers loss or damage from the same casualty, the losses should be included in one claim application.
 - F. AMENDMENT TO CLAIMS. You may amend your claim any time before the NMFS FCF initial determination.

- II. WHAT CAN BE CLAIMED. You may file for actual and consequential damages as follows:
 - A. ACTUAL DAMAGES. The lesser of the gear's repair or reasonable replacement cost.
 - B. RESULTING ECONOMIC LOSS. Up to 50% of gross income loss, as estimated by NMFS FCF, you will lose because of not being able to fish, or having to reduce fishing effort, during the period before the damaged or lost fishing gear is repaired or replaced. This period must be reasonable and supportable by the facts and documents.
 - C. ATTORNEY, CPA, AND CONSULTANT FEES. Reasonable fees paid to an attorney, CPA, or other consultant for the preparation of your claim. NMFS FCF will determine what amounts are reasonable. You will not be compensated for these fees if the claim is denied.
 - D. CONSEQUENTIAL (OTHER) DAMAGES. Damage or loss, except personal injury, that was incurred as a consequence pf the fishing gear damage or loss.
- III. NEGLIGENCE CLAIMANT. An award will be reduced to the extent that the damage or loss was caused by your negligence or fault. Basic grounds for finding a claimant negligent or at fault are listed in the FCF Regulations. Negligence of the owner or operator of fishing gear will affect crew member awards.
- IV. INSURANCE PROCEEDS. An FCF award will be reduced by the amount of any compensation you are entitled to receive from insurance.
- V. PENALTY FOR FALSE CLAIMS. Any person who files a fraudulent claim is subject to prosecution under 18 USC sections 2187 and 1001, each of which, upon conviction, imposes a penalty of not more than \$10,000 fine and 5 years imprisonment, or both.
- VI. REQUIRED DOCUMENTATION. Documents which must be submitted with your claim are:
 - A. Proof that you purchased the fishing gear damaged or lost. Submit copies of the best evidence available (i.e. sales receipts, affidavits, cancelled checks, or other evidence).
 - B. Written estimate showing repair or replacement costs for the damaged and/or lost fishing gear.
 - C. Prior to payment of any claim, claimant must submit documentation that the replacement gear ordered and received and/or the date gear repair began and ended.
 - D. Trip tickets for the three (3) vessel trips immediately before the trip during which the casualty was discovered, the casualty trip, and for the trip immediately following the trip during which the casualty occurred.
 - E. Photographs (if available) of the obstruction and of any damage to your gear.
 - F. Signed notarized statements from each witness.
 - G. The name, address and phone number of each person, if any, to whom you have given oral or written notice that such person caused or may have caused the damage or loss, together with a copy of any written notice given each such person and a statement whether each such person has paid or will pay you for any portion of your claim.

VII. NMFS PROCESSING OF CLAIMS.

- A. NMFS FCF will process your claim and mail a written initial determination to you within 60 days of the date it is complete with regard to the information required for compensation from FCF. An initial determination will state:
 - (1) If the claim is disapproved, the reason for disapproval, or
 - (2) If the claim is approved, the amount of compensation and the basis on which amount was determined.
- B. If you disagree with the initial determination, you or any other interested person who submitted evidence relating to the initial determination, may request a review of the initial determination.
 - (1) Your written request must be postmarked within 30 days of the date of the initial determination and must fully state your reason(s) for disagreement; and
 - (2) If a petition for review of an initial determination is timely filed, the NOAA Fisheries Assistant Administrator, or designee, will conduct a review of the initial determination, and issue a final determination within 60 days after the day on which the request for review of the initial determination was received.
- C. If no request for initial review is submitted within 30 days, the initial determination will become a final determination.

VIII. PAYMENT OF AWARD FOR CLAIM. When an initial determination becomes final, NMFS FCF shall disburse the amount awarded.

IX. SUBROGATION. NMFS must obtain a subrogation agreement signed by you which assigns to the NMFS your rights against third parties and provides that you will assist NMFS in any reasonable way to pursue those rights.
