Project DETECT: Part 2 Questionnaire Enrollment Survey B

Description: REDCap Survey to be completed by participants in Part 2/Phase 1 (Enrollment). Study staff will complete the ‘Face page’ questions before the participant begins the survey. These data will serve as a baseline for participants in the longitudinal arm of the study. The answer option “Refuse to answer” will be listed on every question on this survey except: FP-1 through FP-11, CT-1, CT-2, SU-1, SU-2, and SU-3. For free-text fields, the participant will have additional instructions on how to refuse the question (“If you refuse to answer this question, please enter "R".”).

RESEARCH STAFF HANDS COMPUTER TO PARTICIPANT

OMB LANGUAGE

CONSENT

We’ve already discussed the following two questions with you but would like to document your answers electronically. If you have any questions about what we’re asking, please talk to study staff before responding.

CT-1 Do you agree to take part in the study?

Yes
No

We are asking you to agree to freeze part of your blood and oral fluid specimens at the CDC for future use. We may use these samples for research in the future. Nothing that could be linked to you will be kept with your blood or oral fluid specimens. We are not sure what studies might be

done in the future. They might include standard tests as done at hospitals, tests for HIV or other viruses or on your immune system (ability to fight infection). We will not test for genetic problems or use the blood or oral fluid specimens for cloning or commercial purposes.

CT-2 Do you agree to storage of your specimens for future use?

Yes, I give consent for my blood and oral fluid specimens to be stored at CDC for the future use as outlined above.

No, I DO NOT give consent for my blood and oral fluid specimens to be stored at CDC for future research.

If CT-1 or CT-2 = No, participant has declined participation in the study. Screen will say, "Please pause the survey here and talk to study staff." Study staff will discuss the responses with the participant and address any questions or concerns. If participant does not want to participate, study staff will end the survey and withdraw participant from the study. If participant does want to participate and responded inaccurately for any reason, study staff will help the participant navigate back to these questions and answer them correctly, so the participant can proceed with the remainder of the survey.

The survey will start once you click the "Next Question" button.

MEDICAL CARE AND HIV TESTING

The next set of questions will ask you about where you get medical care and where and how often you have been tested for HIV.

HT-1 Do you have a regular health care provider?

Yes
No
[JHU only] No, I use the emergency room for my medical and health-related issues
Don't know

[If SU-1 = Male, Transgender Male to Female, or Transgender Female to Male AND SU-2 = Males AND HT-1 = "Yes"] HT-2 Does your regular health care provider know that you have sex with men?

Yes
No
Don't know

HT-3 In the past 12 months, approximately how many times have you seen a health care provider?

0 times
1-4 times
5-9 times
10 times or more
Don't know

[IF FP-5 = HIV-negative/unknown] HT-4 Have you ever had an HIV test before today?

- Yes
- No
- Don't know

[If HT-4 = Yes] HT-5 How do you usually decide when to test for HIV? Choose the one that best fits how you currently decide to test.

- On a regular schedule
- After being exposed to HIV
- Between sex partners
- When I have symptoms of HIV
- When I have symptoms of STIs other than HIV
- When it's free and convenient
- When recommended by my healthcare provider
- I don't have a reason for testing
- Other (Write in response)

[If HT-4 = Yes] HT-6 About how often do you test for HIV?

- Every month
- Every 3 months
- Every 6 months
- Once a year
- Once every 2 years
- No pattern
- Other (Write in response)

[IF FP-5 = HIV-negative/unknown] HT-7 What is the main reason you're getting an HIV test today?

- I get tested on a regular schedule and it was time for me to get tested again
- I was worried I might have been exposed to HIV
- Before having sex with someone new
- I had sex with someone new
- After stopping having sex with someone
- I have symptoms of HIV
- I have symptoms of STIs other than HIV
- My healthcare provider recommended that I get tested
- It is a routine test for any patient
- It's free and convenient
- Other (Write in response)

[IF FP-5 = HIV-negative/unknown] HT-8 In the past 12 months, that is, since [insert calculated month and year], how many times have you been tested for HIV? Please enter a number or, if you don't know, please enter 999.

___ ___ times (0 to N)

[If HT-4=Yes] HT-9 When was the last time you tested for HIV? Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.
MM/YYYY

[If HT-4=Yes] HT-10 When you last had an HIV test, what was the result?
Positive (have the infection)
Negative (did not have the infection)
Did not get the results/unknown

[If HT-10 = Negative OR Did not get the results/unknown] HT-11 Have you ever tested HIV positive?
Yes
No
Don't know

[If HT-10 = Positive] HT-12 Was that your first positive HIV test?
Yes
No
Don't know

[HT-12 = No, OR FP-5 ≠ HIV-negative/unknown] HT-13 When did you first test positive for HIV? Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.
MM/YYYY

[If HT-10 = Positive OR FP-5 ≠ HIV-negative/unknown] HT-14 Before you were diagnosed with HIV, did you ever have a negative HIV test?
Yes
No
Don't know

[If HT-14 =Yes] HT-15 When was your last negative HIV test? Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.
MM/YYYY

[If HT-10 = Positive OR FP-5 ≠ HIV-negative/unknown] HT-16 Do you currently have a doctor or medical provider for HIV care?
Yes
No

[If HT-16 = No or Refuse to answer] HT-17 Have you ever been to a doctor or medical provider for HIV care?
Yes
No

[If HT-16 = Yes OR HT-17 = Yes] HT-18 When did you last see your doctor or medical provider for HIV care? Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.

MM/YYYY

[If HT-10 = Positive OR FP-5 ≠ HIV-negative/unknown] HT-19 What was your last viral load? If you were told that your viral load was undetectable OR detectable but so low that the test cannot tell you the actual number, please choose “Undetectable”.

Undetectable

Detectable

PRE-EXPOSURE PROPHYLAXIS

[Ask section if FP-5 ≠ Established HIV infection – diagnosis >3 months ago.]

This next set of questions is about your experiences taking HIV medicines to prevent yourself from getting HIV. This can also be called Pre-Exposure Prophylaxis or PrEP.

PR-1 In the last 3 months (since [current month/year – 3 months]) have you taken HIV medicines to prevent yourself from getting HIV?

Yes

No

Don’t know

[If PR-1 = Yes AND FP-5 = HIV-negative/unknown] PR-2 Are you currently taking medicines to prevent yourself from getting HIV?

Yes

No

[If PR-1 = Yes] PR-3 When did you last start taking HIV medicines to prevent yourself from getting HIV? Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.

MM/YYYY

[If (PR-1 = Yes and PR-2 = No) OR (PR-1 = Yes and FP-5 ≠ HIV-negative/unknown)] PR-4 When did you last stop taking HIV medicines to prevent yourself from getting HIV? Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.

MM/YYYY

STD HISTORY

The next set of questions will ask about sexually transmitted infections (STIs) other than HIV that you may have had in the last 3 months.

SD-1 In the last 3 months has a healthcare provider told you that you had an STI other than HIV?

Yes

No
Don't know

[If SD-1 = Yes] SD-2 You said a healthcare provider told you that you had an STI in the last 3 months. Which one(s)? Check all that apply:

- a. Gonorrhea
- b. Chlamydia
- c. Syphilis
- d. Herpes
- e. Trichomonas ("Trich")
- f. Other (Write in response)
- g. Don't know

SYMPTOMS

[Ask section if FP-5 ≠ Established HIV infection – diagnosis >3 months ago.]

The next set of questions will ask about symptoms like fever or a sore throat that you may have had in the last 3 months.

SY-1 In the past 3 months (that is, since *insert date*) have you had any of these symptoms? Check all that apply.

- a. Sore throat
- b. Fever and/or chills
- c. Nausea
- d. Vomiting
- e. Diarrhea
- f. Headache(s)
- g. Fatigue
- h. Soreness or pain in your joints or muscles
- i. Swollen or sore lymph nodes
- j. Body Rash
- k. Sores, bumps, or rashes on your genitals
- l. Changes in hearing or vision
- m. Rash on the palms of your hands or the soles of your feet
- n. Abdominal pain
- o. I haven't experienced any of these symptoms in the last 3 months

For any checked symptoms:

SY-2a-SY-2n You said that you had [*insert symptom*] in the past 3 months. Do you have [*insert symptom*] today?

Yes
No

SY-3a-SY-3n When did you first experience this symptom *[insert symptom]*? Please enter a day, month and year in MM/DD/YYYY format. If you cannot remember the exact day, please enter just the month and year.

MM/DD/YYYY

[If SY-2a-SY-2n = No] SY-4a-SY4n When did you last experience this symptom *[insert symptom]*? Please enter a day, month and year in MM/DD/YYYY format. If you cannot remember the exact day, please enter just the month and year.

MM/DD/YYYY

[If SY-1 ≠ I haven't experienced any of these symptoms in the last 3 months] SY-5 Did you come here today because of your symptom(s)?

Yes

No

[If SY-1 ≠ I haven't experienced any of these symptoms in the last 3 months] SY-6 Did you go to a doctor or health care provider before today because of your symptom(s)?

Yes

No

[If SY-6 = Yes] SY-7 Did the doctor or another health care provider talk to you about testing for acute HIV infection and the “window period” for HIV tests? The window period is the average length of time from HIV exposure to when a test will give you a positive result for HIV infection.

Yes

No

[If SY-6 = Yes] SY-8 Did you get tested for HIV when you went to the doctor?

Yes

No

Don't know

[If SY-8 = Yes] SY-9 What type(s) of HIV tests did they do at the doctor's? Check all that apply.

Rapid test on oral fluid (you got the result when you were still in the office)

Rapid test on finger stick (you got the result when you were still in the office)

Blood draw for another HIV test

Don't know

[If SY-1 ≠ I haven't experienced any of these symptoms in the last 3 months] SY-10 Did you miss work or school because of your symptom(s)?

Yes

No

Don't know

[If SY-6 = Yes] SY-11 Were you hospitalized because of your symptom(s)?

Yes

No

[If SY-5 = No AND SY-6 = No] SY-12 What were the reason(s) you did not go to the doctor for your symptom(s)? Check all that apply.

I didn't know where to go

I was worried about how much it might cost

I didn't know my symptoms could be a sign of HIV infection

I thought I had the flu

I thought I had COVID

I was afraid to catch COVID

I wanted to wait to get my regular HIV test

I wanted to wait until after the "window period"

There is no clinic in my neighborhood

I didn't want to know if it was HIV

SEXUAL BEHAVIOR

We will now ask you some questions about sexual experiences you've had in the past 3 months. We only want to know about partners you had oral, anal or vaginal sex with since [*insert date from 3 months ago*].

Some questions will ask specifically about your sex partners' HIV status and what you did with partners who were HIV positive, HIV negative, and partners whose HIV status you did not know. We know you can't always be sure of a partner's HIV status. Please try to answer the questions based on what you knew and what your partners told you or did not tell you about their HIV status.

We know that it may be difficult to answer some of these questions if you or one or more of your sex partners do not identify as male or female, or if you or they are transgender. Except where we ask specifically about transgender partners, please include these sex partners in your responses to the questions about sex with either men or women, whichever you think is most appropriate.

We also know that how people refer to their genitals can be unique and personal. The following questions may use words that don't perfectly fit how you or your partners refer to your bodies. Please answer the questions about specific sex acts the best that you can.

Participants will be asked the appropriate sex partner questions (Female Sex Partners of Men, Male Sex Partners of Women, Other Sex Partners of Men, Male Sex Partners of Men, or none of the sex partner questions) based on their replies to questions SU-1, SU-2, and SU-3.

Female Sex Partners of Men (male sex at birth and female sex partners in the previous year)

The next questions are about women you had vaginal or anal sex with in the past 3 months. Vaginal sex means you put your penis in her vagina. Anal sex means you put your penis in her butt.

FX-1. In the past 3 months, with how many different women did you have vaginal or anal sex?
____ Number of women (0 to N)

FX-2. With how many of these [FX-1] women did you have vaginal or anal sex without using a condom or not using it the whole time?
Number of women (0 to N)

Check to make sure $FX-2 \leq FX-1$. If not, then display “The number of women you had sex without using a condom or not using it the whole time cannot be more than the number of women you had vaginal or anal sex with in the past 3 months. Please carefully re-enter your response.”

FX-3. The next three questions are going to ask you about the HIV status (unknown, HIV positive, or HIV negative) of the [FX-2] women with whom you had vaginal or anal sex without using a condom in the past 3 months:

In the past 3 months, how many of these [FX-2] women with whom you had vaginal or anal sex without using a condom were....

partners whose HIV status you didn't know?	____	Number of women (0 to N)
HIV positive?		Number of women (0 to N)
HIV negative?	____	Number of women (0 to N)

Check to make sure that the numbers in FX-3 add up to the total N from FX-2. If not, then display “The number of HIV positive, HIV negative and HIV status unknown partners must add up to [FX-2]. Please carefully re-enter your responses.”

Male Sex Partners of Women (female sex at birth and male sex partners in the previous year)

The next questions are about men you had vaginal or anal sex with in the past 3 months. Vaginal sex means he put his penis in your vagina. Anal sex means he put his penis in your butt.

FM-1. In the past 3 months, with how many different men did you have vaginal or anal sex?

___ ___ Number of men (0 to N)

FM-2. With how many of these [FM-1] men did you have vaginal or anal sex without using a condom or not using it the whole time?

___ ___ Number of men (0 to N)

Check to make sure $FM-2 \leq FM-1$. If not, then display “The number of men you had sex without using a condom or not using it the whole time cannot be more than the number of men you had vaginal or anal sex with in the past 3 months. Please carefully re-enter your response.”

FM-3. The next three questions are going to ask you about the HIV status (unknown, HIV positive, or HIV negative) of the [FM-2] men with whom you had vaginal or anal sex without using a condom in the past 3 months:

In the past 3 months, how many of these [FM-2] men with whom you had vaginal or anal sex without using a condom were....

partners whose HIV status you didn’t know? Number of men (0 to N)

HIV positive? ___ ___ Number of men (0 to N)

HIV negative? ___ ___ Number of men (0 to N)

Check to make sure that the numbers in FM-3 add up to the total N from FM-2. If not, then display “The number of HIV positive, HIV negative and HIV status unknown partners must add up to [FM-2]. Please carefully re-enter your responses.”

FM-4. Did any of the [FM-1] men you had sex with in the last 3 months also have sex with men?

Yes

No

Don’t know

Other Sex Partners of Men (male sex at birth and transwomen, transmen, non-binary/genderqueer, and/or other sex partners in the previous year)

The next questions are about people you had sex with in the past 3 months, who you didn’t identify as “Women” or “Men.” For the next few questions we are only interested in persons you had penetrative sex with, and for these questions we will refer to “Vaginal sex” for sex where you put your penis in their vagina (or “front hole”). “Anal sex” means you put your penis in their butt (or “back hole”).

OX-1. In the past 3 months, with how many different people who you would not identify as female or male did you have vaginal or anal sex?

___ ___ Number of people (0 to N)

OX-2. With how many of these [OX-1] people did you have vaginal or anal sex without using a condom or not using it the whole time?

Number of people (0 to N)

Check to make sure $OX-1 \leq OX-2$. If not, then display “The number of people you had sex without using a condom or not using it the whole time cannot be more than the number of people you had vaginal or anal sex with in the past 3 months. Please carefully re-enter your response.”

OX-3. In the past 3 months, how many of these [OX-2] people you had vaginal or anal sex without using a condom were:

HIV positive?	Number of people (0 to N)
HIV negative? ____	Number of people (0 to N)
People whose HIV status you did not know?	(0 to N)

Check to make sure that the numbers in OX-3 add up to the total N from OX-2. If not, then display “The number of HIV positive, HIV negative and HIV status unknown partners must add up to [OX-2]. Please carefully re-enter your responses.”

Male Sex Partners of Men (male sex at birth and male sex partners in the previous year)

The next questions are about men you had sex with in the past 3 months. Oral sex means you put your penis in his mouth, or he put his penis in your mouth. Anal sex means you put your penis in his butt, or he put his penis in your butt.

SX-1. In the past 3 months, with how many different men did you have oral or anal sex?
Number of men (0 to N)

SX-2. In the past 3 months, with how many different men did you have anal sex?
Number of men (1 to N)

SX-3. In the past 3 months, of the (SX-2) men you had anal sex with, with how many different men did you have anal sex without a condom?
____ Number of men (0 to N)

[IF UW Site AND SX-1>0] The next few questions will ask about times you had sex with more than one man in the same encounter. For these questions, a threesome involves sex with you and two other men. Group sex involves sex with you and at least 3 other men. When the question asks about the number of partners you had during a threesome or group sex, please write the total number of different partners you had across all encounters.

[IF UW Site AND SX-1>0] GS-1: In the past 3 months, how many times did you have sex with more than one man in the same encounter? (Threesome or group sex)
Number of events (times you had sex with more than one man in the same encounter)

[If UW site AND GS-1 > 0:] GS-2: In the past 3 months, how many times did you have sex with only two other men in the same encounter (a threesome)?

____ Number of events (times you had a threesome) (0 to N)

[If UW site AND If GS-2 > 0:] GS-3: In the past 3 months, in these [GS-2] threesomes, with how many different men did you have anal sex?

____ Total number of men with whom you had anal sex during a threesome (0 to N)

[If UW site AND GS-3 > 0:] GS-4: In the past 3 months, of the [GS-3] men you had anal sex with during threesomes, with how many different men did you have anal sex without a condom?

____ Total number of men with whom you had anal sex without a condom (0 to N)

[If UW site AND GS-4 > 0:] GS-5: The next three questions are going to ask you about the HIV status (unknown, HIV positive, or HIV negative) of the [GS-4] men with whom you had anal sex without using a condom during threesomes in the past 3 months:

How many of these [GS-4] men with whom you had anal sex without using a condom during threesomes were....

partners whose HIV status you didn't know? ____ Number of men (0 to N)

HIV positive? ____ Number of men (0 to N)

HIV negative? ____ Number of men (0 to N)

Check to make sure that the numbers in GS-5 add up to the total N from GS-4. If not, then display "The number of HIV positive, HIV negative and HIV status unknown partners must add up to [GS-4]. Please carefully re-enter your responses."

[If UW site AND GS-1 > 0 & GS-2 < GS-1:] GS-6: In the past 3 months, how many times did you have sex with 3 or more other men in the same encounter (group sex)?

____ Number of events (times you had sex with three or more other men) (0 to N)

[If UW site AND GS-6 > 0:] GS-7: In the past 3 months, in these [GS-6] times you had group sex (sex with 3 or more other men), with how many different men did you have anal sex?

____ Total number of men with whom you had anal sex during group sex (0 to N)

[If UW site AND GS-7 > 0:] GS-8: In the past 3 months, of the [GS-7] men you had anal sex with during group sex, with how many different men did you have anal sex without a condom?

____ Total number of men with whom you had anal sex without a condom (0 to N)

[If UW site AND GS-8 > 0:] GS-9: The next three questions are going to ask you about the HIV status (unknown, HIV positive, or HIV negative) of the [GS-8] men with whom you had anal sex without using a condom during group sex in the past 3 months:

How many of these [GS-8] men with whom you had anal sex without using a condom during group sex were....

partners whose HIV status you didn't know? ____ Number of men (0 to N)

HIV positive? ____ Number of men (0 to N)

HIV negative? _____

Number of men (0 to N)

Check to make sure that the numbers in GS-9 add up to the total N from GS-8. If not, then display “The number of HIV positive, HIV negative and HIV status unknown partners must add up to [GS-8]. Please carefully re-enter your responses.”

In the next section we will ask you more about the SX-2 men you had anal sex with.

[If UW site] Partner-Specific Questions

If SX-2 = 1 ask Partner 1 questions

If SX-2 = 2 ask Partner 1 and Partner 2 questions

If SX-2 = 3 ask Partner 1, Partner 2 and Partner 3 questions

If SX-2 ≥ 4 ask Partner 1, Partner 2, Partner 3 and Questions for ≥ 4 partners

SX-4 Please enter a nickname or initials for the most recent men you had anal sex with since [insert date from 3 months ago].

We do not want to know the names of your partners. Please choose a nickname or initials that you will remember and that will best help you identify that person. If you do not want to enter a nickname or initials, please enter "Partner 1", "Partner 2", and/or "Partner 3".

Please enter a nickname or initials for Partner 1:

Please enter a nickname or initials for Partner 2:

Please enter a nickname or initials for Partner 3:

SX-5: Now we are going to ask if you had sex with [insert “each of these partners” if SX-2>1 or partner initials if SX=1] during the past month, the month before that (between [insert date from 2 months ago] and [insert date from 1 month ago]), and the month before that [insert date from 3 months ago] and [insert date from 2 months ago]).

Ask the questions below based on how many partners are entered into SX-2.

Did you and [insert partner initials] have sex in the past month, that is since [insert date from 1 month ago]?

Did you and [insert partner initials] have sex 2 months ago, that is between [insert date from 2 months ago] and [insert date from 1 month ago]?

Did you and [insert partner initials] have sex 3 months ago, that is between [insert date from 3 months ago] and [insert date from 2 months ago]?

Ask this question for any partners with overlap in SX-5:

SX-6 You indicated that you had sex with both [partner X] and [partner Y] in the same month. Which of these statements is most correct?

- I last had sex with [partner X] before I had sex with [partner Y]
- I last had sex with [partner Y] before I had sex with [partner X]
- I was having sex with both [partner X] and [partner Y] during the same time period
- Don't know

Thank you for telling us the months in which you had sex with your partners. The next page will ask some questions to help us better understand what you just told us about your sexual partnerships. Click Next to continue

SX-7 Did you have sex with [insert partner initials] once, or more than once during the last 3 months?
