Current Question/Item

IE1. INTERVIEWER: Please enter today's date

IE10. INTERVIEWER: Was the respondent selected from the syringe exchange program?

N/A

ES1c. So, you are [AGE1] years old. Is that correct?

ES1d. So, you are [AGE2] years old. Is that correct?

INTRO_NSREL. Read: "Thank you for answering the questions. I'm going to start by asking you about the person who gave you this coupon. Please remember that your answers will be kept private."

NS1. Which of the following describes how you know the person who gave you this coupon?

N/A

N/A

ID2. Response option: "Heroin"

VI1. In the past 6 months, has anyone beaten, stabbed, or shot you with a weapon or another object?

VI2. In the past 6 months, has anyone slapped, punched, shoved, kicked, shaken, or otherwise physically hurt you? Do not consider times when a weapon or object was used.

VI3. In the past 6 months, has anyone forced or pressured you to have vaginal, oral, or anal sex when you did not want to?

TX7. In the past 6 months, which medicines did you try to get medicines to treat opioid use but were unable to?

PA1. In the past 6 months, have you gotten any new sterile needles? By new sterile needle, I mean no one - not even you - had ever used it before.

N/A

Requested Change

Divided into three separate questions:

IE1a. INTERVIEWER: Please enter today's date. Start by entering the month.

IE1b. INTERVIEWER: Enter the day.

IE1c. INTERVIEWER: Enter the year.

IE10. INTERVIEWER: Was the respondent invited to participate using a referral card?

Add IE3. INTERVIEWER: Please enter the unique program ID for this SSP

Change to: ES1c. Are you [AGE1] years old?

Change to: ES1d. Are you [AGE2] years old?

Change to: INTRO_NSREL. Read: "Thank you for answering the questions. I'm going to start by asking you about the person who told you about this survey. Please remember that your answers will be kept private."

Change to: NS1. Which of the following describes how you know the person who told you about this survey?

Add AC0. INTERVIEWER: Does the participant have the option to complete the next section on his or her own (e.g., ACASI)?

Add: INTRO1_SXEVER. READ: "The next few sections will have some sensitive questions about your sex life and drug use."

Change to: ID2. Response option: "Heroin, by itself"

Delete these questions from the survey

Change to: TX7. In the past 6 months, which medicines did you try to get to treat opioid use but were unable to?

Change to: PA1. In the past 6 months, have you gotten any new sterile needles? By new sterile needle, I mean no one - not even you - had ever used it before. The needle could have been for you or someone else.

Add Flashcards AA, BB, CC, DD, EE, FF

Justification/brief explanation for the change requested

Formatting change due to limitations in the programming of this date field

The edits to the question were to specify how the respondent was referred to the survey.

Added question to include information on project field site

The phrase of "So, you are" to this question may confuse the respondent.

The phrase of "So, you are" to this question may confuse the respondent.

Respondents may not necessarily require coupons to invite others to participate in the survey. The changes in the question text allow for that flexibility.

Respondents may not necessarily require coupons to invite others to participate in the survey. The changes in the question text allow for that flexibility.

Added question to allow respondent to skip self-administered survey sections if not able to complete on his or her own

Added introduction for smoother transition if respondent is not able to complete self-administered survey sections on his or her own

"By itself" is needed to distinguish use by itself versus in combination with other drugs

Responses to these questions may require follow-up from community providers which may not be available at the survey sites where this questionnaire will be administered

The word "medicines" was included in error.

Additional sentence included as respondents may have received new sterile needles but not necessarily for themselves.

The additional flashcards will help respondents answer questions if they are not able to complete the self-administered survey on their own and require assistance from an interviewer.
