The Social Security Administration is funding an evaluation of RETAIN, which Mathematica will conduct. As part of this effort, Mathematica will be fielding two surveys of RETAIN service providers. The first survey begins next week and the second will be conducted one year from now. The provider survey takes 14 minutes to complete. It asks about the provider’s experience delivering patient care and their experience with RETAIN. Providers will receive \$50 for completing this voluntary survey. We will send each provider a letter, followed by an email, inviting them to take part.

The following provider(s) at your practice organization have been selected for the RETAIN provider survey:
