Create Account - Terms of Service

Terms of Service

You must be able to verify some information about yourself and:

- · Have a valid email address;
- · Have a Social Security number;
- · Have a U.S. mailing address; and
- · Be at least 18 years of age.

You can only create an account using your own personal information and for your own exclusive use. You cannot create an account on behalf of another person or using another person's information or identity, even if you have that person's written permission.

For example, you cannot create an account for another person:

- · With whom you have a business relationship;
- · For whom you are a representative payee; or
- · For whom you are an appointed representative.

You may obtain help with creating an account from someone you trust. You must accept the risk of sharing your personal information with the person(s) helping you. To help protect your privacy and prevent fraud, **do not** share your password with anyone else.

Only you can use the account that you create with us. You can never share the use of your account with anyone else under any circumstances. You can never use another person's account.

Feedback

What will we do with your information?

We use the information you give us to verify your identity against our records. We also use an external Identity Services Provider to verify your information against their records. We do not share your Social Security number with them, and they keep your information only for the period of time permitted by federal laws, regulations, or guidelines.

When you make a verification request to establish your account, our Identity Services Provider may use information from your credit report to help verify your identity. As a result, you may see a "soft" inquiry entry on your credit report with the Identity Services Provider, indicating that the Social Security Administration made an inquiry at your request and the date of that request. Soft inquiries do not affect your credit score, and you do not incur any charges related to them. Soft inquiries are displayed in the version of the credit report provided to a consumer and are not reported to lenders. Soft inquiries will not appear on your credit report from other providers. Soft inquiries are generally removed from your credit report after 12 months. Once you have registered for an online account, you will not generate additional soft inquiries by logging in to access our services.

What happens if you provide false information or misuse this service?

You may be subject to criminal or civil penalties, or both, if you provide false or misleading statements to sign in or create an account or engage in unauthorized use of this service.

Who is responsible if the device you are using is not adequately safeguarded?

You accept that the responsibility to properly protect any information provided to you by Social Security is yours and that you are the responsible party should any information on or from your computer or other device be improperly disclosed. You agree that Social Security is not responsible for the improper disclosure of any information that Social Security has provided to you, whether due to your own negligence or the wrongful acts of others.

Social Security is Going "Green"

When you create a **my** Social Security account, you will no longer receive a paper Social Security *Statement* in the mail. You will, however, receive an email reminder — which contains no personal information — approximately three months before your birthday, to remind you to review your *Statement* online.

If you need a Statement by mail, please follow these instructions.

With your **my** Social Security account, you can immediately view, download, or print your *Statement*. Your online Statement contains the most up-to-date information in our records about your earnings and benefit.

☐ I agree to the Terms of Service.

As a result, you may see a "soft" inquiry entry on your credit report with the Identity Services Provider, indicating that the Social Security Administration made an inquiry at your request and the date of that request. Soft inquiries do not affect your credit score, and you do not incur any charges related to them. Soft inquiries are displayed in the version of the credit report provided to a consumer and are not reported to lenders. Soft inquiries will not appear on your credit report from other providers. Soft inquiries are generally removed from your credit report after 12 months. Once you have registered for an online account, you will not generate additional soft inquiries by logging in to access our services.

What happens if you provide false information or misuse this service?

You may be subject to criminal or civil penalties, or both, if you provide false or misleading statements to sign in or create an account or engage in unauthorized use of this service.

Who is responsible if the device you are using is not adequately safeguarded?

You accept that the responsibility to properly protect any information provided to you by Social Security is yours and that you are the responsible party should any information on or from your computer or other device be improperly disclosed. You agree that Social Security is not responsible for the improper disclosure of any information that Social Security has provided to you, whether due to your own negligence or the wrongful acts of others.

Social Security is Going "Green"

When you create a *my* Social Security account, you will no longer receive a paper *Social Security Statement* in the mail. You will, however, receive an email reminder — which contains no personal information — approximately three months before your birthday, to remind you to review your *Statement* online.

If you need a Statement by mail, please follow these instructions.

With your my Social Security account, you can immediately view, download, or print your Statement. Your online Statement contains the most up-to-date information in our records about your earnings and benefit.

What is extra security?

What is extra security?

Extra security is an added layer of protection for your account. If you would like to add extra security, you must answer a financial verification question. Adding extra security does not change the way that you sign in to your account. You must still sign in with your username, password, and a unique security code we will provide each time you sign in.

How can I protect my identity?

How can I protect my identity?

Keep your account safe

- Don't share your username or password
- Don't write down your username or password where someone could see it
- Never allow a shared computer to "save" your username and password

If you are a victim of domestic violence or identity theft, you can block all electronic access to your personal information. In fact, anyone can block access at any time for any reason. If you block access, no one, including you, will be able to see or change your personal information using our online or automated telephone services.

Here's where you can Block Electronic Access to your information.

Remember:

We will never ask you to reveal your password or financial information to us. If you get a phone call or Email message asking for your password or financial information, do not give it out. Report the call or the Email to us by calling 1-800-269-0271 (TTY 1-866-501-2101).

For more tips on protecting your password, visit www.onguardonline.gov.

For security reasons, your password will be valid for 6 months. If your password expires, we will ask you to change it the next time you sign in. You can also change your password at any time after signing in to your account.

How We Protect Your Information

How we protect your information

When you select the *Request Text Message* button, you will get a text from Equifax, our non-government third-party identity services provider (ISP) contracted by Social Security with a link to their web page. Selecting the link will begin the photo capture process.

You will need to capture photos of the front and back of your driver's license or other state-issued ID, and a photo of your face, in order for your identity to be verified. The ISP is responsible for protecting your information in accordance with Federal law and Social Security's privacy regulations.

Please refer to Social Security's Privacy Policy and Privacy Act Statement for the uses associated with Social Security's collection and maintenance of your information.

Privacy & Security Questions

Privacy & Security Questions

We take our responsibility to protect your personal information very seriously.

When you are on our website, either to create an account or to access your information, we will always provide you with a secure

We carefully verify that you are who you say you are. This is why we ask you to provide several different types of information and to answer questions that only you should be able to answer. If you are uncomfortable with the online process, you can always visit a local Social Security office to verify your identity in person.

When you make a verification request to establish your account, our Identity Services Provider may use information from you credit report to help verify your identity. As a result, you may see a soft inquiry entry on your credit report with the Identity Sen Provider, indicating that the Social Security Administration made an inquiry at your request and the date of that request. Soft inquiries do not affect your credit score, and you do not incur any charges related to them. Soft inquiries are displayed in the version of the credit report provided to a consumer and are not reported to lenders. Soft inquiries will not appear on your credit report from other providers. Soft inquiries are generally removed from your credit report after 12 months. Once you have registered for an online account, you will not generate additional soft inquiries by signing in to access our services.

2. We provide the most up-to-date account security

You will create an individual username and a strong password to secure your account. You will also have the option at any time to add extra security. Adding extra security will require you to provide your username, password AND a unique security code to access your account.

▲ How do you protect my information?

The law (the Privacy Act of 1974, 5 U.S.C. 552a) requires us to protect the information we get and keep about you. We take the following steps to protect your information

- . We make sure that the only people who see your information are those who need it to perform their official duties
- We train our employees on our privacy and security rules so they know how to keep your information secure

Extra security is an added layer of protection for your account. If you would like to add extra security, you must answer a financial verification question. Adding extra security does not change the way that you sign in to your account. You must still sign in with your username, password, and a unique security code we will provide each time you sign in.

If the following statements are true for you, the extra security is an option for you:

- I am comfortable answering an identity verification question online
- . I am comfortable answering a financial verification question online

♠ Why do I have to answer identity verification questions?

Any time you deal with us, we must verify your identity. We have to make sure that only you can access your information

If you visit a Social Security office, we can check your photo ID and ask you questions. We must be extra careful to protect your identify online. We designed the questions we ask so that only you should know the answer. If someone stole your wallet, they should not be able to answer these questions.

If you would prefer not to answer these questions, you can always verify your identity in person in a Social Security Office

▲ Why are you asking for financial informa

Providing financial account information is optional

You must give financial account information if you want extra security. We confirm financial account information as another way of ensuring your identity. We cannot look at your financial accounts or credit record with the information you give.

If you are uncomfortable giving us your financial account information, you can still sign up for a standard account

Yes. If you do not know the required information, or if you prefer not to answer these questions online, you may go to your local Social Security office to apply in person.

To apply in person you will need proof of your current address plus one of the following:

- · valid U.S. driver's license

- varient state-issued non-driver identity
 unexpired U.S. Passport or Passport card
 U.S. military identification card (active duty, retiree, national guard, or dependent)
- . U.S. government employee identification card

A How can I keep my account safe?

- . Follow our guidelines for creating a strong password
- Don't share your password
 Don't write down your username or password where someone could find it · Never allow a shared computer to save your username and passw
- . You can change your password at any time after signing in to your account

We will never ask you to reveal your password to us. If you get a phone call or email message asking for your password, do not give it out. Report the call or the email to us by calling 1-800-269-0271. If you are deaf or hard of hearing, our toll-free TTY number is 1-866-501-2101

For more tips on protecting your password, visit www.onguardonline.go

Length. Use at least 8 characters without spaces.

Content. Avoid numbers, names, or dates that are significant to you. For example, avoid your phone number, first name or date of birth. Try to choose a password you can remember.

▲ How can I keep my computer safe?

Protect your computer with anti-virus software, anti-spam software, and a firewall.

Security software can help prevent computer viruses, or anything that can infect your computer, from harming it.

Create strong passwords and keep them secret.

Strong passwords are long, include both letters and numbers, and avoid common words and personal names or dates. You should use different passwords for different accounts. Keep your password reminders in a safe and secure place

Be cautious with Fmail

Never open an Email you weren't expecting or that looks suspicious. Be wary of any Email that asks you to enter personal information. Avoid clicking on links in Emails; type in the address yourself to make sure you view the official website.

Before you enter personal information, check for security indicators.

Look for signs that a webpage is secure before you enter any personal information. A secure website should have a green address bar, a closed padlock icon, and a web address with https (s for secure). For extra precaution, view the security information and certificates to make sure you are on a site you can trust

Privacy Act Statement

Privacy Act Statement

Collection and Use of Personal Information

Section 205 of the Social Security Act, as amended; the Government Paperwork Elimination Act (P.L. 105-277); and the Federal Information Security Modernization Act of 2014 allows us to collect this information to grant you access to our online services. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent you from using our online services.

We will use the information to identify who you are before we provide you with the information you are requesting and for when we may need to communicate with you. We also use an external Identity Services Provider to verify your information against their records. We do not share your Social Security number with them, and they keep your information only for the time permitted by federal laws. We use their fraud prevention services to assist in protecting you from identity theft. We may also share your information for the following purposes, called routine uses:

- 1. To other Federal agencies and our contractors, including external data sources, to assist us in administering our programs; and
- 2. To appropriate Federal, State, and local agencies, entities, and persons when: (a) We suspect or confirm a compromise of security or confidentiality of information; (b) We determine that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, risk of identity theft or fraud, or harm to the security or integrity of this system or other systems or programs that rely upon the compromised information; and (c) We determine that disclosing the information to such agencies, entities, and persons will assist us in our efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notice (SORN) 60-0373, entitled Central Repository of Electronic Authentication Data Master File, as published in the Federal Register (FR) on December 19, 2010, at 75 FR 79065. Additional information, and a full listing of all our SORNs, is available on our website at www.ssa.gov/privacy/.

This Privacy Act Statement applies to the entire online authentication process and credential issuance, which includes account setup to account maintenance.

Why We Ask For Your Phone Number

Why We Ask For Your Phone Number

We encourage you to provide us with your phone number because we use it to help verify your identity.

If you do not have a phone number, you should leave this field blank.

Why do I need password reset questions?

Why do I need password reset questions?

If you forget your password, you can reset it by providing the answers to your password reset questions.

Why are these questions important?

Why are these questions important?

We collect and evaluate this information as a security measure to ensure that only you are able to access your personal information. We will not store your answers.

Any time you deal with us, we must verify your identity. We have to make sure that only you can get your personal information.

If you visit a Social Security office, we check your photo ID and ask you questions.

We must be extra careful to protect your identity online. We are using an Identity Services Provider to help us verify your identity. We will not share your Social Security number with them.

These questions are designed so that only you should know the answer. If someone stole your wallet, he or she should not be able to answer these questions.

If you prefer not to answer these questions, you can verify your identity by visiting your local Social Security office.

Keep your Account Secure

New security feature

The Social Security Administration has implemented a new sign-in feature for your account. This new security feature protects your personal my Social Security account by using your username, password and a unique security code that we will provide each time you sign in.

Why do I need a security code?

Your account and personal information are important to us. This step increases security.

How does it work?

Step 1: Sign In

Sign in with your username and password.

Step 2: Get your security code

Select how you want to receive the security code, and we will provide it for you.

Step 3: Submit Code

Enter the security code you received.

What if....

▲ I can't receive text messages or emails?

If you cannot receive text messages or emails, you will not be able to access my Social Security. To access your personal my Social Security account, you need a cell phone that can receive text messages, or an email address. Each time you sign in, we will provide a security code that you must input in order to access your account. Please visit our website to learn about other ways to contact us.

▲ I don't want to enter my cell phone number or email address?

If you do not want to enter your cell phone number or email address, you will not be able to access my Social Security. To access your personal my Social Security account, you need a cell phone that can receive text messages, or an email address. Each time you sign in, we will provide a security code that you must input in order to access your account. Please visit our website to learn about other ways to contact us

▲ I change my cell phone number or email address in the future?

You can change the cell phone number or email address on your account after you sign in.

▲ I am overseas?

Your text message rates will still apply. If you are overseas and cannot receive text messages or are concerned about roaming charges, please visit our website to learn more about our Services Around the World.

How can I stop receiving security codes by email?

How can I stop receiving security codes by email?

You must always have at least one way of receiving security codes. To stop receiving security codes by email, you must set up another way to receive security codes.

How can I stop receiving security codes by text?

How can I stop receiving security codes by text?

You must always have at least one way of receiving security codes. To stop receiving security codes by text, you must set up another way to receive security codes.

How do I sign up for extra security?

How does this work?

You can opt for extra security to provide your account with an extra level of protection. If you would like to add extra security, you must answer a financial verification question. Adding extra security does not change the way that you sign in to your account. You must still sign in with your username, password, and a unique security code we will provide each time you sign in.

If the following statements are true for you, then extra security is an option for you:

- · I am comfortable answering an identity verification question online.
- · I am comfortable answering a financial verification question online.

How do I sign up for extra security?

When you first register, you must verify your identity by answering a security question. We will ask for one of the following:

- · the last 8 digits of your Visa, MasterCard or Discover Card, or
- · information from your W-2 tax form, or
- information from a 1040 Schedule SE (self-employment) tax form.

Finishing this process usually takes 5 to 10 business days. An upgrade code will be mailed to your home address. When you sign in to your account, you will be asked to enter the upgrade code in order to finish adding your extra security. In the meantime, you can sign in to your account using your username, password, and a unique security code we will provide each time you sign in.

Terms of Service to add extra security online

my Social Security

We were unable to verify the financial information that you provided.

You may add extra security online at a later date or by visiting your local Social Security office. If you do decide to visit your local Social Security office, please be sure to have one of the following documents for identification purposes:

- · Valid state driver's license
- · Valid state issued identification card
- . U.S. Passport or Passport card
- U.S. military identification card (DOD Common Access Card)
- U.S. Government employee identification card

Any identification submitted must be the original and not expired.
