Abstract: DOI Talent is the
 Department of the Interior’s (DOI)
 shared services system to maintain and
 validate training records, manage class
 rosters and transcripts for course
 administrators and the student or
 learner, meet Federal mandatory
 training and statistical reporting
 requirements, and manage other
 programmatic functions related to
 training and educational programs.

DOI collects personal information
 from students in order to communicate
 training opportunities, manage course
 registration and delivery, validate
 training records necessary for
 certification or granting of college
 credit, process billing information for
 training classes, and to meet Federal
 training reporting requirements.
 Information may also be collected to
 comply with the Americans with
 Disabilities Act requirements to address

facilities accommodations. Training and
 learning records are maintained in DOI’s
 web-based learning management
 system, and bureau and office systems
 and locations where training programs
 are managed. DOI bureaus offer training
 programs which extend to external
 customers; such as universities, State
 governments, local governments, not-
 for-profit organizations, and in some
 cases, private citizens.

Each year approximately 3,000
 external users request to register for
 training offered by DOI bureau’s and
 offices through DOI Talent. Each
 registration will require approximately 5
 minutes. DOI Talent:

- Creates an authoritative system of record for all training completions;
- Offers a more flexible approach for external training requests and documentation;
- Creates a learning environment that encourages engagement on multiple levels;
- Enhances training delivery options; and
- Creates opportunities to offer world-class instruction and to engage directly with learners through discussion forums and communities of practice.
