

Law Enforcement Public Contact (LEPC) Questionnaire Platform

Data Collection:

Participating agencies will submit total annual counts in the three areas of public contacts relevant to the LEPC

- Citizen Calls for Service
- Unit/Officer Initiated Contact
- Court/Bailiff Activates

These counts will be entered into the electronic form found on the National Use-of-Force portal located on the Law Enforcement Enterprise Portal (LEEP). Below is an example of how the LEPC survey questions will be presented on the Use-of-Force portal.

The screenshot shows a web form titled "Law Enforcement Public Contact Entry". At the top, it asks "Is this a court/bailiff activity?" with "Yes/No" radio buttons and a note: "If yes, then business rule would apply and the ability to enter at bottom of page." Below this are three steps: Step 1: "Select the Agency for Law Enforcement Public Contact" with a text input field; Step 2: "Select the Year" with a dropdown menu; Step 3: "Enter/Update the Law Enforcement Public Contact Submission". This step contains a table with two columns: "Call/Request Call/Individuals on the Docket Count" and "Year". The table has three rows: "Citizen calls for service" with a radio button for "Yes" and a dropdown for "Actual"; "Unit/Officer-initiated contacts" with a radio button for "Yes" and a dropdown for "Estimated"; and "Court/bailiff activities" with a radio button for "Yes" and a dropdown for "Not Applicable". To the right of the table, three labels with arrows point to the dropdowns: "Actual", "Estimated", and "Not Applicable". At the bottom of the form are three buttons: "Save", "Reset Form", and "Submit".

This layout represents what participating agencies will see when they log onto the site. The layout of the platform may change as adjustments are made to the system for the final launch of the collection, but the three text fields and the corresponding dropdowns indicating actual or estimated counts will remain for all agencies to use in submitting their annual data.
