Air Carrier Loan and Payroll Support Programs

OMB No. 1505-0263

Feb 25, 2021

Treasury requests a non-substantive change of OMB Control No. 1505-0263 in order to add a new instrument: Quarter 4 compliance reporting screenshots. The changes from the Quarter 3 to Quarter 4 compliance reporting are to modify and improve some of the data fields. The involuntary terminations and furloughs explanations have been turned into a text field instead of a document upload. The employee wages, salaries, and benefits fields have been combined. The additional compensation allows for edits with an explanation for the previous quarters' spending.
