

1SUPPORTING STATEMENT
Internal Revenue Service
Form 8924, Excise Tax on Certain Transfers of Qualifying Geothermal or Mineral Interests
OMB Control Number 1545-2099

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Internal Revenue Code (IRC) Section 403 requires taxation of beneficiaries who receive annuity distributions purchased by employer under one of three scenarios: under a qualified annuity plan, under annuity purchased by section 501(c)(3), and under nonqualified annuities or under annuities purchased by exempt organizations.

Form 8924, Excise Tax on Certain Transfers of Qualifying Geothermal or Mineral Interests, is used to report and pay the excise tax on certain transfers of qualifying geothermal or mineral interest.

2. USE OF DATA

The information is used by the Service to verify detailed information on tax incentives for sales of mineral interests in certain specific properties to certain tax-exempt entities. The data will be used by the Internal Revenue Service and taxpayers to verify that the proper amount of tax is reported and excluded.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

Due to the low number of filers, the IRS has no plans to offer electronic filing for this collection.

4. EFFORTS TO IDENTIFY DUPLICATION

The information obtained through this collection is unique and is not already available for use or adaptation from another source.

5. METHODS TO MINIMIZE BURDEN ON SMALL BUSINESSES OR OTHER SMALL ENTITIES

The IRS proactively works with both internal and external stakeholders to minimize the burden on small businesses, while maintaining tax compliance. The Agency also seeks input regarding the burden estimates from the public via notices and tax product instructions. The collections of information in these regulations will not have a significant economic impact on a substantial number of small entities.

6. CONSEQUENCES OF LESS FREQUENT COLLECTION ON FEDERAL PROGRAMS OR POLICY ACTIVITIES

Consequences of less frequent collection on the information will be a failure to verify detailed information on tax incentives for sales of mineral interests in certain specific properties to certain tax-exempt entities thereby hindering the IRS from meeting its mission.

7. **SPECIAL CIRCUMSTANCES REQUIRING DATA COLLECTION TO BE INCONSISTENT WITH GUIDELINES IN 5 CFR 1320.5(d)(2)**

There are no special circumstances requiring data collection to be inconsistent with Guidelines in 5 CFR 1320.5(d)(2).

8. **CONSULTATION WITH INDIVIDUALS OUTSIDE OF THE AGENCY ON AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, CLARITY OF INSTRUCTIONS AND FORMS, AND DATA ELEMENTS**

We received no comments during the comment period in response to the Federal Register notice dated November 19, 2020 (85 FR 73844).

9. **EXPLANATION OF DECISION TO PROVIDE ANY PAYMENT OR GIFT TO RESPONDENTS**

No payment or gift has been provided to any respondents.

10. **ASSURANCE OF CONFIDENTIALITY OF RESPONSES**

Generally, tax returns and tax return information are confidential as required by 26 USC 6103.

11. **JUSTIFICATION OF SENSITIVE QUESTIONS**

A privacy impact assessment (PIA) has been conducted for information collected under this request as part of the “Business Master File (BMF)” system and a Privacy Act System of Records notice (SORN) has been issued for this system under IRS 24.046-Customer Account Data Engine Business Master File. The Internal Revenue Service PIAs can be found at <https://www.irs.gov/uac/Privacy-Impact-Assessments-PIA>.

Title 26 USC 6109 requires inclusion of identifying numbers in returns, statements, or other documents for securing proper identification of persons required to make such returns, statements, or documents and is the authority for social security numbers (SSNs) in IRS systems.

12. **ESTIMATED BURDEN OF INFORMATION COLLECTION**

Burden associated with specific elections are identified on the attached burden table and the total burden identified is:

Authority	Description	# of Respondents	# Responses per Respondent	Annual Responses	Hours per Response	Total Burden
IRC § 403	Form 8924	20	1	20	5.53	111
Totals		20		20		111

13. **ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS**

To ensure more accuracy and consistency across its information collections, IRS is currently in the process of revising the methodology it uses to estimate burden and costs. Once this methodology is complete, IRS will update this information collection to reflect a more precise estimate of burden and costs.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

<u>Product</u>	<u>Aggregate Cost per Product (factor applied)</u>	<u>Printing and Distribution</u>	<u>Government Cost Estimate per Product</u>
Form 8924	12,758	0	12,758

15. REASONS FOR CHANGE IN BURDEN

There is no change in the paperwork burden previously approved by OMB. We are making this submission to renew the OMB approval.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

There are no plans for tabulation, statistical analysis and publication.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

IRS believes that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the regulation sunsets as of the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of the OMB approval and obtain a new expiration date before the old one expires.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I

There are no exceptions to the certification statement.

Note: The following paragraph applies to all of the collections of information in this submission:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
