8 Student Aid Internet Gateway Application for State Grant Agencies

9 Introduction

10 The *Student Aid Internet Gateway (SAIG)* was established to allow authorized entities, including State Grant Agencies
11 (the Agency) to exchange data electronically with the *U.S. Department of Education (ED, Department)*. In order to
12 participate in the SAIG, each Agency must enroll for SAIG access. The SAIG Application for State Grant Agencies is
13 comprised of two parts, an SAIG Enrollment Application and the SAIG Participation Agreement for State Grant
14 Agencies.

- 15 1. **Part One – SAIG Enrollment Application for State Grant Agencies** (pages 8 – 15), which is comprised of
16 five sections: Section One – Information about the State Grant Agencies – Instructions, including a description
17 of whether the form is being used for an initial application, adding a new *Primary Destination Point*
18 *Administrator* (Primary DPA) or *Non-Primary Destination Point Administrator* (Non-Primary DPA), or
19 changing information about the Primary DPA or Non-Primary DPA; Section Two – Tell us about the services for
20 which the Primary DPA wants to enroll for the DPA in Section One – this is where the DPA identified in Section
21 One is enrolling in SAIG services; Section Three – Responsibilities of the Primary and Non-Primary Destination
22 Point Administrator; Section Four – Certification of the President/CEO or Designee; and Section Five – Federal
23 Student Aid User of Electronic Services Statement.
- 24 2. **Part Two – SAIG Participation Agreement for State Grant Agencies** (pages 16 – 22), is the legally binding
25 agreement between the Department and the Agency. The SAIG Participation Agreement establishes the
26 conditions under which the Department will provide the Agency with certain data received or generated by the
27 Department concerning applicants for the *Title IV, Higher Education Act (HEA) student financial aid programs*
28 (*Free Application for Federal Student Aid [FAFSA®] Applicants*). In addition, the SAIG Participation
29 Agreement provides the authority for the agreement, as well as authorized uses and disclosures of data, data
30 security, and reporting of unauthorized disclosures.

31 Information about the Enrollment Process to Participate in the U.S. Department of Education’s SAIG

32 The enrollment process will enable the Agency to select services to receive, and/or view, student financial aid data
33 either online or by batch processing using ED provided software – *EDconnect* (PC-based software) or *TDClient*
34 (client software for multiple environments).

35 Each Agency must designate one individual as its Primary Destination Point Administrator (Primary DPA). Each
36 Agency is also provided with a Primary Destination Point (an *SAIG mailbox*, which is identified by a *TG Number*).
37 The Primary DPA is the only person within the Agency who may enroll other agency staff as Non-Primary DPAs
38 with *Destination Points* assigned for specific SAIG services. Upon completing the enrollment process, the Primary
39 DPA can add or remove users, edit information about the Agency, or change the Agency’s enrollment in various
40 SAIG services.

41 To maintain access to *Federal Student Aid (FSA)* systems, the Primary DPA must validate the individuals enrolled
42 for a SAIG Mailbox and *Electronic Services* for the Agency on a schedule determined by ED. If validation is not
43 completed via the SAIG Enrollment Web site within the prescribed timeframe, all services assigned to the Agency
44 and the Agency’s individuals could be deactivated.

45 Notes about the SAIG Application –

46 The first usage of a term in this document is italicized and can be found in the glossary located in
47 Attachment A. The glossary will assist in understanding the many technical terms and acronyms commonly
48 used in the *Title IV, HEA student financial aid programs* and in connection with the SAIG system.

50 **Available Services for State Grant Agencies**

51 The services that a State Grant Agency can access over the SAIG are:

- 52 • Automatic ISIR processing: A State Grant Agency can receive processed *FAFSA* applicant data in the form of
53 an *Institutional Student Information Record (ISIR)* from the Department’s *Central Processing System (CPS)*. An
54 Agency may receive data for *Residents* (Title IV applicants who indicate on their FAFSA, as their state of legal
55 residence, the state where the Agency is located) and/or *Non-Residents* (Title IV applicants who included on
56 their FAFSA a post-secondary institution that is in the state where the Agency is located but not the applicant’s
57 state of legal residence). With this service, ISIRs are automatically transmitted to the State Grant Agency when
58 students submit FAFSA applications and corrections to ED. The ISIR contains information submitted by the
59 student, as well as CPS processing results. The DPA is automatically enrolled for *Financial Aid Administrator*
60 (*FAA*) *Access to CPS Online* and EDconnect as part of enrolling for ISIR processing. Only one person at the
61 Agency can be enrolled in the Automatic ISIR Processing.
- 62 • *National Student Loan Data Systems (NSLDS)* Online: View Only: The Agency may request that a DPA have
63 online access to NSLDS to view Title IV, HEA loan, grant, and enrollment history.

65 **Agency Personnel Involved in the SAIG Enrollment Application Process**

66 There are four categories of users at the Agency who may obtain data from the Department’s systems and who must
67 complete parts of the SAIG Application:

- 68 • **President/CEO or Designee:** The President/CEO is the individual responsible for identifying a Primary DPA for
69 the Agency, and who is legally authorized to execute the SAIG Participation Agreement in Part Two on behalf of
70 the Agency. This person is also responsible for signing the Enrollment Application in Section Four –
71 Certification of the President/CEO or Designee on behalf of the State Grant Agency and to authorize the
72 enrollment for the Primary DPA or Non-Primary DPA. The President/CEO may also assign a Designee in
73 Section Four to act as the Authorizing Official on behalf of the President/CEO for future enrollments; however,
74 only the President/CEO is authorized to sign the SAIG Participation Agreement in Part Two.

- 75 • **Primary DPA:** The Primary DPA is the individual at the Agency who is responsible for the administration of
76 the Agency’s SAIG participation which includes assigning access to the Agency’s mailboxes and services and
77 determining the Agency’s *Electronic Services Users*. The Primary DPA is the only individual within the Agency
78 who may enroll Agency staff as Non-Primary DPAs. The Primary DPA is required to complete and submit
79 Sections One through Three of the SAIG Enrollment Application to the Coralville, Iowa address provided.
80 When enrolling Non-Primary DPAs, a portion of Section Three of the Enrollment Application must be
81 completed by the Primary DPA indicating that the Primary DPA has reviewed the responsibilities of DPAs with
82 the Non-Primary DPA, including the responsibility to protect the privacy of the information obtained or provided
83 via SAIG. The Primary DPA is also responsible for obtaining the signature of the President/CEO or Designee in
84 Section Four for every enrollment of a Primary or Non-Primary DPA.

- 85 • **Non-Primary DPA:** When a Primary DPA enrolls a Non-Primary DPA in the SAIG, ED will assign the Non-
86 Primary DPA a SAIG Mailbox with a unique TG number. The Non-Primary DPA, in collaboration with the
87 Primary DPA, is required to complete and submit Sections One through Three of the Enrollment Application.

- 88 • **Electronic Services Users:** Electronic Services Users are enrolled for *FAA Access to CPS Online* or EDconnect
89 by the Primary DPA. These Electronic Services Users are associated with the Primary Destination Point and do
90 not require individually assigned mailboxes to access FAA Access or EDconnect. To protect the integrity and
91 security of the data being transmitted, all Electronic Services Users must complete and submit Section Five –
92 Federal Student Aid User of Electronic Services Statement to their Primary DPA. Section Five must also be
93 signed by and maintained by the Primary DPA at the Agency. Section Five User Statements must be available for
94 inspection by the Department.

107 Friday, excluding federal holidays. If you prefer, you can e-mail inquiries to CPSSAIG@ed.gov. A technical support
108 specialist will respond to your e-mail within one business day.

109 **Section One (General Information) – must be completed by the Primary DPA for all DPAs**

110 Section One collects information about the type of enrollment, as well as information about the Agency and the DPA
111 you want to enroll or for whom you are changing or adding information.

112 Item 1. This SAIG Enrollment Application can be used for multiple purposes. As the Primary DPA, you may use
113 the application to enroll new participants in the SAIG and you can use the application to change or add
114 information about an existing DPA or Destination Point.

115 A. Check Box A for “Initial application” if the Agency is a first-time SAIG participant and the Agency does
116 not have a Destination Point. The President/CEO of the Agency will be designating the individual who will
117 serve as the Agency’s Primary DPA. This enrollment will establish this user as the Primary DPA of the
118 Primary Destination Point for the Agency. Note: If item 1A is selected, then enrollees must also complete
119 items 2 and 4.

120 B. Check Box B for “Adding a new user for an additional Destination Point” if the Agency is currently
121 enrolled in the SAIG and you want to add a Non-Primary DPA and an additional Destination Point.
122 Fill in the Primary TG Number for the Destination Point. Note: If item 1B is selected, then enrollees must
123 also complete items 2 and 4.

124 C. Check Box C for “Changing information for an existing Destination Point” if the Agency is currently
125 enrolled in the SAIG and you want to change or add any information about an existing user or Destination
126 Point. Fill in the TG Number for the Destination Point. Also, complete the information that has changed
127 for any items in Sections One and Two; and complete Sections Three and Four. Note: If item 1C is
128 selected, then enrollees must also complete items 2 and 4.

129 **If you are uncertain of which box to check, call CPS/SAIG Technical Support at 1-800-330-5947.**

130 Item 2. Provide the name of the Agency, as you would like it to appear on all SAIG correspondence.
131 (The limit is 40 characters, including letters and spaces.)

132 Item 3. This item is pre-filled with “*State Grant Agency.*”

133 Item 4. Check whether the information being provided is for the Primary DPA (only one Primary DPA per Agency)
134 or for a Non-Primary DPA (the Agency may have more than one Non-Primary DPA enroll for NSLDS
135 Online service). A separate application must be used for each Non-Primary DPA enrolling for NSLDS
136 Online service. All information must be provided for the DPA enrolling for the Agency identified in Item
137 2. **Note: Do not use a group e-mail address.**

138 **Section Two (Selection of Services) – must be completed by the Primary DPA when adding or**
139 **changing services**

140 Section Two allows you to add or change services for the Agency and the Primary DPA or Non-Primary DPA
141 identified in Section One.

142 Item 5. If the Agency would like the DPA identified in Item 4 to have access to receive ISIRs check the “Yes,”
143 box and answer the remaining questions for this section. If not check the “No” box and skip to Item 6.

144 A. Check either or both boxes for the appropriate Automatic ISIR Processing.

145 B. Check either or both boxes for the *award years* this DPA should receive the applicant data. If the ~~2021-~~
146 ~~2022~~ Award Year is selected then the Agency will only receive ~~2021-2022~~ ISIRs. If the ~~2022-2023~~ Award
147 Year is selected the Agency’s enrollment will be rolled over automatically to include subsequent award
148 years.

149 C. Choose the preferred delivery option, Daily or By Request. Daily is the default ISIR delivery method. If
150 “By Request” is checked, the DPA must use FAA Access to CPS Online to request and receive ISIRs. The
151 ISIRs are then sent to the DPA’s SAIG Mailbox through the SAIG.

152 Item 6. If you would like NSLDS Online access to view Title IV, HEA loan, grant, and enrollment history, check the
153 “Yes” box, check the “NSLDS Online-View Only” box, specify the state that the Agency is located, and
154 select all applicable job functions.

155 **Section Three (Primary DPA & Non-Primary DPA Responsibilities) – must be completed by all**
156 **Primary and Non-Primary DPAs**

157 Section Three collects the required agreements and signature pages from the Primary DPA or the Non-Primary DPA
158 identified in Section One.

159 Each Primary and Non-Primary DPA must read and sign the “Responsibilities of the Primary and Non-Primary
160 Destination Point Administrators” statement.

161 **Section Four – must be completed by the Agency President/CEO or Designee**

162 Section Four collects the required authorization from the Agency to process the enrollment information for the Primary
163 DPA or Non-Primary DPA identified in Section One.

164 If the President/CEO wishes to designate another person to be the responsible authorizing official (the Designee), then
165 Section Four, Box 1 must be completed. **This designation needs to be completed only once.**

166 For each Destination Point, the President/CEO or Designee must sign the Certification of the President/CEO or
167 Designee on behalf of the State Grant Agency in Section Four, Box 2.

Section Three: Responsibilities of the Primary and Non-Primary Destination Point Administrators

Each Destination Point Administrator (DPA) must read, sign, and submit this statement (with original signatures, stamped signatures will not be accepted) and must keep a copy for the Agency's records.

1. Responsibilities of the Primary DPA and the Non-Primary DPA:

- Must ensure that SAIG computing resources are used only for official government business.
- Must ensure that the FAFSA® applicant is a resident of the state where the Agency is located or has included on the FAFSA a postsecondary institution that is located in the state where the Agency is located.
- Only the DPA listed in Section One, Item 4, page 8 is permitted to sign up and use the National Student Loan Data System (NSLDS) as indicated in Item 6, page 9.
- Must use software provided by the Department to monitor SAIG mailbox activity. This software will keep track of who is using the SAIG Mailbox, what information is being accessed, the date and time of access, and the batch number (if applicable).
- By applying for access to Federal Student Aid systems, must consent to monitoring, recording, and auditing; and acknowledge that information obtained under this consent may be disclosed by the Department to an appropriate third-party (e.g., law enforcement personnel).
- Must ensure that all Federal Student Aid applicant information is protected from access by or disclosure to unauthorized personnel. In the event of an unauthorized disclosure or an actual or suspected breach of applicant information or other sensitive information (such as personally identifiable information), the DPA must notify Federal Student Aid within 1 hour of becoming aware of the breach at CPSSAIG@ed.gov.
- Must ensure that password sharing, the sharing of system access, and the use of any tools that allow access to the SAIG are strictly prohibited. (These tools are called "authenticators.")
- Must ensure that access is provided only to systems, networks, data, control information, and software for which the DPA is authorized.
- Must ensure that procedures for sanitizing stored information are followed (e.g., overwriting electronic media that contain sensitive information before reuse).
- The Non-Primary DPA must inform the Agency's Primary DPA when access to a Federal Student Aid system is no longer required (i.e. the individual is leaving a position or his or her job responsibilities have changed).
- The information provided to the Primary and Non-Primary DPA by the U.S. Department of Education is protected by the Privacy Act of 1974, as amended. Protecting this information, once it is entrusted to the Primary and Non-Primary DPA, becomes his or her responsibility. Therefore, the Primary and Non-Primary DPA must protect the privacy of all information that has been provided by the U.S. Department of Education. The Primary and Non-Primary DPA understand that any person, including himself or herself, who knowingly and willfully requests or obtains any record concerning an individual from an agency under false pretenses shall be guilty of a misdemeanor and is subject to a fine of up to \$5,000 (5 U.S.C. 552a(i)(3)). The Primary and Non-Primary DPA further understand that any person, including him or herself, who knowingly and willfully use an access device (18 U.S.C. 1029(e)(1)) issued to another person or obtained by fraud or false statement to access the U.S. Department of Education information technology systems for fraud, commercial advantage, or private financial gain shall be guilty of a felony and is subject to a fine of up to \$20,000, imprisonment for up to five years, or both, under provisions of the United States Code (20 U.S.C. 1097(e)).

- Must maintain a signed Federal Student Aid User of Electronic Services Statement (see Section Five) for anyone who is enrolled in Electronic Services (FAA Access to CPS Online or EDconnect).
- At least on an annual basis, must validate all DPA and user access rights for the Agency.

SAIG Enrollment Application for State Grant Agencies

- Must ensure that the Agency has a process to inform the Primary DPA of any changes in a user's need for access to FSA systems because of changes to job responsibilities or termination of employment. The Primary DPA must immediately deactivate or delete user access rights for Agency employees who no longer require access.

3. Agreements

The Primary DPA and/or the Non-Primary DPA agree(s) and understand(s) that intentional submission of false or misleading information to the U.S. Department of Education is subject to a fine of up to \$10,000, imprisonment for up to five years, or both, under provisions of the United States Code (including 18 U.S.C. 1001). The Primary DPA and/or the Non-Primary DPA also agree(s) to comply with all provisions of Section 483 of the Higher Education Act of 1965, as amended.

All Authorized Personnel must be under the direct control of the LEAs, secondary schools, or Designated Entity with respect to the use and maintenance of ISIR Data.

Award Year: July 1 of one year through June 30 of the next year. For the Grant Services (Pell Grant, Iraq and Afghanistan Service Grant, and TEACH Grant), eligible students are paid out of funds designated for a particular award year.

Central Processing System (CPS): The CPS manages the application and eligibility determination portion of the federal student aid process. It gathers information from applicants via the Free Application for Federal Student Aid (FAFSA), applies computerized edits and calculations to determine the student's eligibility, and communicates the results to the students, schools, state agencies, third-party servicers, and other federal computer systems.

Destination Point: An organization enrolled in the SAIG that uses an electronic mailbox to send and receive financial aid data using the SAIG. Every Destination Point is administered by a Primary or Non-Primary Destination Point Administrator (DPA) and has an electronic mailbox number that begins with the letters "TG."

Destination Point Administrator (DPA): An individual representing an organization involved in the administration of Title IV, HEA student financial aid programs (such as a postsecondary institution, a State Agency, or third-party servicer) that is enrolled in the SAIG and assigned a Destination Point. The DPA is responsible for the Agency's SAIG users' access to Federal Student Aid systems, to ensure the data provided by these systems is protected according to the Privacy Act of 1974, as amended, as well as to ensure users do not inappropriately access records that are not associated with their organization. The Primary DPA is responsible for enrolling additional Non-Primary DPAs for specific SAIG services. Non-Primary DPAs are not allowed to make SAIG enrollment changes. An Agency may only have one Primary DPA, but may have many Non-Primary DPAs.

EDconnect: ED's telecommunications software that allows PC Windows users to send and receive data through the SAIG.

Electronic Services: Primary Destination Point Administrators (Primary DPAs) and their Secondary Destination Point Administrators (Secondary DPAs) for their organization may enroll users for FAA Access to CPS Online or EDconnect Entitlement Access. An FSA User ID and password are required to log in to both systems.
