CSP Data Collection Form - State Entity (SE) Grantees

Instructions

Purpose of Data Collection:

The new data collection will collect CSP grant award information from SE grantees to create a new database of subgrant award data. The *CSP Data Collection Form* will allow the U.S. Department of Education (ED) to monitor CSP grant performance and analyze data related to accountability for academic performance and financial integrity. The data collection will assist in carrying out the purpose of the Charter Schools Program which is to expand the number of high quality charter schools and increase the national understanding of the charter school model.

The *CSP Data Collection Form* has two parts:

Part A asks for CSP SE grantee award information. The state name, the state contact person, and the contact person's title has already been entered in the form. If this information is incorrect, please contact the data collection administrators (see "Contact Information" below). In the gray boxes, please enter the number of new CSP subgrantees that receive CSP funds for each Federal Fiscal Year. The Total Number of Current Active Subgrants in Part A should match the number of subgrant awards in Part B.

Part B asks for CSP subgrant award information. In all, grantees will provide the *following information for each active subgrant within the State's project period: 1) the name and contact information for the charter school and LEA; 2) the charter school's management organization (CMO, EMO or freestanding); 3) the authorized public chartering agency; 4) the total amount of funding an applicant received to start a charter school, along with the beginning and end date of the grant project period and budget periods; and 5) other charter school information (e.g., enrollment) as needed.*
