

AmeriCorps Disaster Response Teams Quarterly Capacity Assessment

The Disaster Services Unit (DSU) strives to respond to disasters in an effective and efficient manner through our AmeriCorps Disaster Response Team (A-DRT) programs. In order to deploy programs strategically in times of disaster, the DSU needs to have current information on every A-DRT program's capacity.

Program Name:				Year:
Quarter Dates: <i>select one</i>	<input type="checkbox"/> Jan 15 - April 14	<input type="checkbox"/> April 15 - July 14	<input type="checkbox"/> July 15 - Oct 14	<input type="checkbox"/> Oct 15 - Jan 14
Member/Staff Availability Dates				
First date available (Beginning travel date):				
Last date available (Ending travel date):				
Dates unavailable: <i>Include any trainings, events, or other commitments</i>				
Number of members available to deploy:				
Number of staff available to deploy:				
Equipment Availability				
Number and type of program vehicles available:				
What supplies and tools are you able to bring? (chainsaws, shovels, wheelbarrows, etc)				
Experience Level				
Enter the experience level of current available crews and staff using the following categories: <i>High, Mid, Low, None, Trainable</i>				
	Crew:	Staff:	Additional Comments	
Volunteer Reception Center (VRC) Management				
Donations/Warehouse Management				
Leading Volunteers				
Chainsaw and Debris Clearing				
Shelter Operations				
Mucking/Gutting				
Rebuilding/Minor Home Construction				

The Quarterly Capacity Assessment should be completed and submitted to the DSU upon approval of their Disaster Response Cooperative Agreement and continually on a quarterly basis: **January 15, April 15, July 15, and October 15**. This will provide the DSU with greater situational awareness throughout the year, aiding in the DSU's planning and projections for CNCS's capacity to deploy to a disaster.
