

Veterans' Interconnection Data Accuracy

Thank you for participating in the Veterans' Interconnection data accuracy test and feedback survey.

What you'll need to start

Before you start the test you will need the following:

- Your DD214 and DD215 (if you have a DD215).
- Your VA disability letter (if you have one). If you don't have a disability, that's okay. We still want you to confirm your military service information.

Get your military service data

1. Sign into [USAJOBS](#)
2. Click Get started in the blue banner at the top of the page.
3. Answer each question- you'll come to a page that asks you to Share your military information with USAJOBS.
4. Click Continue to VA.
5. Follow the prompts to sign into the VA.
6. Review the information on the My VA Information page.
7. **After** you verify your information on your My VA Information page click Next to see the what Veterans' Preference and Special Hiring Authorities you are eligible to claim.

Complete the survey

Answer the questions based on your experience during this process and whether or not the information on your My VA Information page is correct.

1. Was your service information returned and displayed in USAJOBS?

- Yes, my information was displayed in USAJOBS.
- No, it said "No information found".

Veterans' Interconnection Data Accuracy
