

Profile Screenshots for USAJOBS Submission (as of 7/13/2016)

Document Instructions:

At the top of every page is a label that indicates what section of the Profile has been screenshot.

Profile: Contact Information Tab

Every change is identified with a red bracket with a red arrow pointing to a call out with explanation of the change. Each change is labeled with a Change Type that have been explained in the glossary below. There are only five Change Types outlined in this submission.

User Name			
ptoohey24	┝	(<u>Form Design Change:</u> The Username field will be editable at all times.

Glossary of Profile Change Types:

Below is an explanation of the types of changes that are taking place in the USAJOBS Profile.

Field(s) Moved: The field moved label means that an input form, label and related help text have been moved to a different section of the USAJOBS.gov website. The field will still exist but it has just changed locations.

Change in Dropdown Options: The selection options in a dropdown have changed or been deleted.

Form Design Change: The form design change label is usually associated with user interface design changes. This could include combining input fields or adding dependencies to existing input fields. The requested information is not changing intent, just being displayed differently.

Extraneous Field Removed: An input form field has been removed because the question is no longer valuable to the job seeker, USAJOBS system or hiring authority.

Text Change: The text change label indicates that the question or statement has been altered to improve understanding or plain language. The intent of the questions or statements does not change, just how it is phrased.
