### Sec. 303. BORROWING POWER.

(a) Each small business investment company shall have authority to borrow money and to issue its securities, promissory notes, or other obligations under such general conditions and subject to such limitations and regulations as the Administration may prescribe.

Such debentures may be issued for a term of not to exceed fifteen years and shall bear interest at a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities on such debentures, adjusted to the nearest one-eighth of 1 percent, plus, for debentures obligated after September 30, 2001, an additional charge, in an amount established annually by the Administration, as necessary to
