

**OMB Nonsubstantive Change Request**

**Department: Commerce**

**Agency: U.S. Census Bureau**

**Title: 2020 Census Post-Enumeration Survey Person Interview and Person Followup**

**OMB Control Number: 0607-1011**

**Expiration Date: 01/31/2023**

**Request:** This nonsubstantive change is to notify the public of proposed data collection schedule changes to the approved information collection for the 2020 Census Post-Enumeration Survey (PES) Person Interview (PI) field operation because of the COVID-19 pandemic.

On March 18, 2020, the U.S. Census Bureau announced a temporary suspension of 2020 Census field operations to help protect the American public and our employees from the coronavirus outbreak. (News release is available here: <https://2020census.gov/en/news-events/press-releases/jeffersonville-statement.html>.)

The Census Bureau is proposing a change to the data collection schedule for the PI operation from what was previously stated in the **Federal Register** on June 5, 2019 (Vol. 84, No. 108, p. 26067.) The PES PI and PI Quality Control operations will occur September 2020 through December 2020, instead of June 2020 through September 2020. (News release is available here: <https://www.census.gov/newsroom/press-releases/2020/2020-additional-operations.html>.)

There are no substantive changes to the program resulting from these proposed changes.
