Resident Coral Reef Survey  
OMB Control Number XXXX-XXXX

**\*\*CORE MODULE\*\***

Hello,

My name is \_\_\_\_\_ We are only interested in obtaining your opinions on some important issues related to coral reefs and the environment in \_\_\_\_\_

Your participation is voluntary and will be kept strictly confidential. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information ... **[optional depending on agency-** subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number].

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Send comments regarding this burden estimate or any other suggestions for reducing this burden to Jane/John Diploria, Marine Conservation Organization X, (137 Acropora Cervicornis Boulevard, Ocean Town).

**Please note: this survey can be administered using different modes, ie; in-person, telephone interview, self administered paper (mail) or online versions. Researchers can adjust question order, skip patterns and interviewer prompts as required. The amount of questions and type of answer format may affect overall time and burden on the respondent.**
