CDC is adding the burden estimates for vaccination data collection instruments in order to provide greater transparency notwithstanding the Paperwork Reduction Act (PRA) waiver for the collection and reporting of vaccination data under Section 321 of the National Childhood Vaccine Injury Act of 1986 (pub. L. 99-660, enacted on November 14, 1986) (NCVIA).

In OMB Control No. 0920-0666, CDC is providing the burden estimates for the following NHSN Influenza Vaccination forms:

- 1) Weekly Healthcare Personnel Influenza Vaccination Cumulative Summary for Non-Long-Term Care Facilities. Burden estimate of 1 hour for each week the form is completed.

- 3) Weekly Resident Influenza Vaccination Cumulative Summary for Long-Term Care Facilities. Burden estimate of 1 hour for each week the form is completed.
- 4) Annual Healthcare Personnel Influenza Vaccination Summary in the NHSN Healthcare Personnel Safety Component. Burden estimate of 2 hours.

In OMB Control No. 0920-1317, CDC is providing the burden estimates for the following NHSN COVID-19 Vaccination forms:

- 5) Weekly Healthcare Personnel COVID-19 Vaccination Cumulative Summary for Non-Long-Term Care Facilities. Burden estimate of 1 hour for each week the form is completed.

CDC estimates 1 hour to complete reporting for each week the form is being used. The total burden time will depend upon how long data reporting is required.
