Abdominal chemodectomas with cutaneous angioliopomas

How can we make GARD better? We want to hear from you.

Categories: [Skin Diseases](#)

Symptoms

This table lists symptoms that people with this disease may have. For most diseases, symptoms will vary from person to person. People with the same disease may not have all the symptoms listed. This information comes from a database called the [Human Phenotype Ontology \(HPO\)](#). The HPO collects information on symptoms that have been described in medical resources. The HPO is updated regularly. Use the HPO ID to access more in-depth information about a symptom.

Showing 4 of 4

Medical Terms	Other Names	Learn More: HPO ID
Percent of people who have these symptoms is not available through HPO		
Autosomal dominant inheritance		0000006
Chemodectoma		0030074
Cutaneous angioliopomas		0006773
Retroperitoneal chemodectomas		0006729

Thank you for taking the time to help improve this website. Be assured that your responses will remain completely anonymous and will only be used for the purpose of improving the website.

* Required

1. How did you first learn about this website? *

Search engine (Google, Yahoo, etc.)
Recommended by friend or colleague
Social Media
Doctor / Specialist
Patient Advocacy Group
Other:

2. Are you seeking information for yourself or on behalf of someone else? *

For myself
For someone else
Other:

3. What information were you looking to find on the website? *

Select all that apply

Signs & symptoms
Cause
Inheritance
Diagnosis
Treatment
Statistics
Long-term outlook
Support
Research
Financial aid
Experts & specialists
Keep up to date
Other:

4. Did you find what you were looking for? *

Yes, easily
Yes, eventually
No

5. Is anything missing from the website? *

No

Other:

6. How easy is it to understand the information on the website? *

Not east at all
