OMB#: 0925-0648 Exp., date: 05/2021

Public reporting burden for this collection of information is estimated to average 3 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

The Alcohol Research and Current Reviews (ARCR) an open-access, interdisciplinary journal with the mission of providing in-depth reviews spanning the field of alcohol research. Areas of interest include the effects of alcohol across the lifespan on health, function, and well-being in addition to basic science, genetics, epidemiology, prevention, diagnosis, and treatment of alcohol-related conditions. Topics are approached from basic, translational, and clinical perspectives. Reviews are written in a style that is accessible to a broad audience of scientists and clinicians, including trainees, with varying specialties and degrees of expertise in the field of alcohol research.

Please note, this survey is voluntary and all responses will remain anonymous. The estimated time to complete the survey is approximately 3 minutes, and you can choose to answer as many or as few questions as you would like.
