

**Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB#: 0925-0648 Exp., date: 05/2021)**

---

**TITLE OF INFORMATION COLLECTION:** Patient Perception Survey- Non-Behavioral (CC)

**PURPOSE:** The purpose of this survey is to solicit feedback on the patient experience at the National Institutes of Health Clinical Center (NIHCC). We have ensured that these survey activities, which are designed to gather and measure customers’ perceptions of the quality of the Clinical Center’s services and operations, satisfy the requirements and the spirit of Executive Order (EO) 12862. Furthermore, periodic surveys of patient perceptions of their care is a requirement for hospital accreditation by The Joint Commission, (American Nurses Credentialing Center (ANCC), and other accrediting organizations. Our planned activities for the next several years reflect our ongoing emphasis on performance improvement activities, and our reliance on the valuable data generated from these surveys. Additionally, this request amends previously approved requests under this Generic Clearance by: 1) shortening the surveys to reduce burden; 2) using nationally fielded surveys to improve benchmarking; 3) increasing the frequency a returning patient could receive a survey to quarterly to increase data confidence; and 4) combining previously approved requests for inpatients, outpatients, and pediatric patients into a single request.

**DESCRIPTION OF RESPONDENTS:** The sample will consist of adult and pediatric in-patient admitted to the NIH Clinical Center for participation in clinical research.

**TYPE OF COLLECTION:** (Check one)

**If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:**

**The selection of your targeted respondents**

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?  
 Yes       No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

**Adult patients and the primary care givers of all pediatric patients, admitted to or visiting the NIH Clinical Center (NIHCC), are invited to participate in a patient perception survey following their visit. Survey version will vary depending on services received.**

**Administration of the Instrument**

1. How will you collect the information? (Check all that apply)  
 Web-based or other forms of Social Media  
 Telephone  
 In-person  
 Mail  
 Other, Explain

**In keeping with the standardized survey methodology developed by the survey contractor, an industry leader, the adult patients and primary care givers of NIH Clinical Center (NIHCC) pediatric inpatients receive an emailed survey after visiting a procedure area or upon discharge. Non-respondents are sent a follow up request. Their responses are returned to a third-party contractor, and de-identified results are made available to the NIHCC through a secure, web-based portal.**

2. Will interviewers or facilitators be used?  Yes  No
