### For off-boarding trainees to participate in NINR Exit Survey

Dear NINR trainee,

As you look to take your next step, we ask that you provide feedback in the NINR Exit survey (link provided below).

<https://www.surveymonkey.com/r/3CSHBWZ>

This is your opportunity to provide feedback on different aspects of your fellowship experience.

Responses to this information collection are voluntary and anonymous. We do not ask for your name or contact information. Data will be analyzed only in aggregate and will help NINR review its intramural training programs and to share with the larger training community and future trainees. NINR plans to publicize the findings of this information collection to inform stakeholders. The survey should take about 15 minutes to complete.

If you have any questions, please contact me.

Thank you for your participation in helping to make the NINR Division of Intramural Research a great place to train!

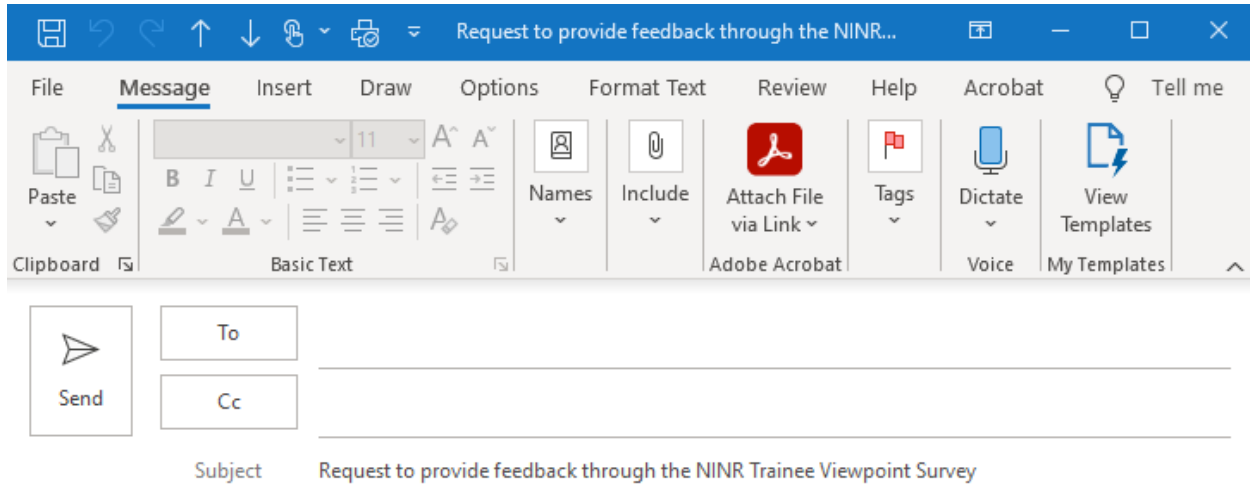

Pamela Tamez, Ph.D.

Training Director

NINR, National Institutes of Health

For current trainees to participate in the NINR Trainee Viewpoint Survey

Dear NINR trainees,

NINR is interested in your viewpoint and asks for your participation in the NINR Viewpoint survey (link provided below).
