

OMB Control Number: 0925-0648

Expiration Date: May 31, 2021

Public reporting burden for this collection of information is estimated to average 3 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

How would you describe yourself? (Please choose the best answer.)

- Library or information professional
 - Educator or trainer
 - General public
 - Physician
 - Patient, family, or friend of patient
 - Genetic counselor
 - Student
 - Researcher
 - Other (please specify)
-

Why are you visiting Genetics Home Reference today? (Please choose the best answer.)

- To learn about a specific condition affecting me, a friend, or a family member
 - Just curious
 - To gather information about a patient under my care
 - To interpret genetic testing results
 - For an assignment for work or school
 - Other (please specify)
-

How do you plan to use this information?

- For my own knowledge
 - To share with a family member, friend, patient, or student
 - To share with health professionals or researchers
-

What is your highest level of education completed?

- Less than high school
 - High school/GED
 - Some college
 - 2 year degree
 - 4 year degree
 - Master's degree (MPA, MBA, MPH, etc.)
 - Doctorate
 - Professional certificate or other degree
-

How often do you visit Genetics Home Reference?

- First time
 - Daily
 - Once a week
 - Once a month
 - Every six months or less
-

GHR Perception Attributes

The publisher of Genetics Home Reference, the National Library of Medicine (NLM), is the world's largest biomedical library and part of the U.S. National Institutes of Health (NIH).

On a scale from 1 (very unaware) to 5 (very aware), how aware are you that Genetics Home Reference is a product of NLM?

- Very unaware (1)
 - 2
 - 3
 - 4
 - Very aware (5)
-

How important is it to you that Genetics Home Reference is from NLM?

- Not at all important
 - Slightly important
 - Moderately important
 - Very important
 - Extremely important
-

On a scale from 1 (very unaware) to 5 (very aware), how aware are you that Genetics Home Reference is a product of NIH?

- Very unaware (1)
 - 2
 - 3
 - 4
 - Very aware (5)
-

How important is it to you that Genetics Home Reference is from NIH?

- Not at all important
 - Slightly important
 - Moderately important
 - Very important
 - Extremely important
-

Why have you chosen Genetics Home Reference today?

- It was recommended to me by someone I know.
 - When I saw the page in my search results, it looked like it would answer my question.
 - I followed a link from another web site.
 - The name Genetics Home Reference suggested it would contain the information I need.
 - It's my preferred source for health information.
 - Other (specify).
-

Which types of information provided by Genetics Home Reference do you value?
(Please select all that apply.)

- How a condition is inherited
 - Information about a specific genetic variation or mutation
 - The frequency of a particular condition
 - Links to information about how to diagnose or treat a particular disease
 - Signs and symptoms of a particular disease or health condition
 - Information about a particular gene's function
 - The genetic cause of a particular condition
 - Links to advocacy, support, or educational resources
 - General information about DNA and genetics
 - Other (please specify)
-

How understandable is the information on this website?

- Not at all understandable
 - Not very understandable
 - Somewhat understandable
 - Understandable
 - Very understandable
-

How often do you use the following NLM resources for genetics information?
(Please choose the best answer for each resource. If you do not use a given resource, choose "Never".)

	Never	Occasionally	Monthly	Weekly	Daily
MedlinePlus (consumer health information)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Genetic Testing Registry (information about genetic tests)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
MedGen (information about medical genetics)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
NCBI Gene (information about genes in a wide range of species)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
NCBI Bookshelf (books and documents about life sciences and healthcare)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
