

Welcome

Welcome to this study, and thank you for agreeing to participate!

OMB Control Number: 0925-0648

Expiration Date: May 31, 2021

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address

This study is being conducted by IQ Solutions, a consulting services company working with the National Institute on Drug Abuse (NIDA). This activity will help us better organize the information on the NIDA website so that visitors can easily find what they are looking for.

The activity shouldn't take longer than 10 minutes to complete.

Your response will help us to organize the content on our website. Find out how on the next page...
