

**0925-0744-NEW\_DASH\_ATTACHMENT A.2-6\_DATA USE ANNUAL PROGRESS  
REPORT (APPROVED OMB NUMBER: 0925-0744)**

**NICHD DATA AND SPECIMEN HUB (DASH)  
Annual Data Use Progress Report**

**I. Guidelines for Reporting DASH Data Use**

The *Eunice Kennedy Shriver* National Institute of Child and Human Development (NICHD) established the NICHD Data and Specimen Hub (DASH) as a data sharing mechanism that enables investigators to organize, store, and mine de-identified data from NICHD funded research studies for the purpose of secondary research use.

As part of the agreement for using DASH data, the Recipient of the data is required to submit annual reports during the validity of the Data Use Agreement (DUA), which is a period of three years (Refer to clause 17 in the DUA). The purpose of the Report is to:

1. Verify that the Recipient is conducting research according to the Research Plan as indicated in the DASH Data Request Form
2. Confirm or amend Affiliates (individuals within the same institution as the Recipient, for whom access to data is required to carry out the Research Plan)
3. Document any collaborations (individuals requiring access to the Data and who are employed by a different institution than the Recipient)
4. Provide information to DASH on any outcomes or outputs that have resulted from the use of DASH data

The Annual Data Use Progress Reports will help NICHD to determine how best to use its resources to foster data sharing.

- I. Public reporting burden for this collection of information is estimated to average ten minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974.
