Administration for Children and Families

Proposed Information Collection Activity; Child Care and Development Fund (CCDF) Tribal Annual Report—ACF–700 (0970–0430)

AGENCY: Office of Child Care; Administration for Children and Families; HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting a three-year extension of the form ACF–700: Child Care and Development Fund (CCDF) Tribal Annual Report (OMB #0970–0430, expiration 11/30/2019) with changes.

DATES: Comments due within 60 days of publication. In compliance with the

requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing *infocollection@acf.hhs.gov*. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Child Care and Development Fund (CCDF) Tribal Annual Report (ACF–700) requests

Tribal Lead Agencies (TLAs) to provide annual Tribal aggregate information on services provided through the CCDF, which is required by CCDF regulations (45 FR parts 98 and 99). The revised ACF–700 report consists of an introductory section that provides program characteristics and two parts: (1) Administrative Data, and (2) Tribal Narrative. The content and format of the entire form have been revised to address Child Care and Development Block Grant (CCDBG) Act of 2014 changes and to reduce the reporting burden to TLAs.

Information from the ACF–700 will be included in the CCDF Report to Congress, as appropriate, and will be shared with TLAs to inform them of CCDF-funded activities.

Respondents: Tribal Governments.

Annual Burden Estimates:

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
ACF–700	138 (Tribes with small allocation)	3	19	7,866	2,622
ACF–700	83 (Tribes with medium/large allocation).	3	26	6,474	2,158

Estimated Total Annual Burden Hours: 4,780.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 42 U.S.C. 9857.

Mary B. Jones,

ACF/OPRE Certifying Officer.

Proposed Information Collection Activity; Assessing the Implementation and Cost of High Quality Early Care and Education: Field Test (0970–0499)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: This information request is part of the project, Assessing the Implementation and Cost of High Quality Early Care and Education (ECE–ICHQ). The project’s goal is to create a technically sound and feasible instrument that will provide consistent, systematic measures of the implementation and costs of education and care in center-based settings that serve children from birth to age 5. The resulting measures will inform research, policy, and practice by improving understanding of variations in what centers do to support quality, their associated costs, and how resources for ECE may be better aligned with expectations for quality.

DATES: Comments due within 60 days of publication. In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing *OPREinfocollection@acf.hhs.gov*. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) seeks approval to collect new information to use in testing measures of the implementation and costs of high quality early care and education. This information collection is part of the project, Assessing the Implementation and Cost of High Quality Early Care and Education (ECE–

ICHQ). The project's goal is to create a technically sound and feasible instrument that will provide consistent, systematic measures of the implementation and costs of education and care in center-based settings that serve children from birth to age 5. The resulting measures will inform research, policy, and practice by improving understanding of variations in what centers do to support quality, their associated costs, and how resources for ECE may be better aligned with expectations for quality. The goals of the study are (1) to test and refine a data collection approach to gather information about implementation activities and costs of key functions

within ECE centers and (2) to develop new measures of implementation and costs for use together in understanding ways to support quality. The study has completed two phases of data collection to develop the data collection tools and measures. The study team collected data through on-site visits to 15 centers as part of an initial phase of data collection to pre-test information collections (data collected under clearance #0970-0355). A second phase (OMB #0970-0499) relied on remote data collection through an electronic cost workbook, telephone interviews, and web-based surveys to gather information from 30 centers in three states to develop preliminary measures of implementation and cost

and further reduced and refined the data collection tools.

This proposed new information collection is focused on a field test of the measures to assess the psychometric properties of the implementation measures and to examine the associations between measures of implementation, cost, and quality. The field test will include a mix of remote and on-site data collection.

Respondents: ECE site administrators or center directors, program directors, education specialists, financial managers or accountants, teachers, and aides.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Center recruitment call (to gain participation; assumes outreach to 10 centers for every 1 center needed):				
Center director	800	1	.33	264
Umbrella organization administrator	75	1	.33	25
Center engagement call (to gather basic characteristics and plan steps for participation; assumes 20% may withdraw after this step)	100	1	.50	50
Implementation interview protocol:				
Center director	80	1	3	240
Additional center staff	20	1	3	60
Electronic cost workbook	80	1	8	640
Staff rosters for time use survey	80	1	.25	20
Time-use survey	1,120	1	.25	280
Classroom rosters for observations	80	1	.50	40
Total Burden				1,619

Submission for OMB Review; Survey of Head Start Grantees on Training and Technical Assistance (New Collection)

AGENCY: Office of Planning, Research, and Evaluation; Administration for Children and Families; HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) seeks approval to conduct a statistically representative survey of directors and managers/coordinators from Head Start grantee organizations regarding their access to and use of training and technical assistance (T/TA) from multiple sources, including ACF's Early Childhood Training and Technical Assistance system. The purpose of the data collection is to inform ACF on three aspects of grantee directors and

managers/coordinators T/TA experience: (1) Search and selection of T/TA; (2) receipt of T/TA; (3) and potential relationships between T/TA received and perceived change in practice.

DATES: *Comments due within 30 days of publication.* OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and Families.

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street SW,
