

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 1405-0193)

Expiration Date: 9-30-2021

TITLE OF INFORMATION COLLECTION: J-1 Intern/Trainee Check-In

PURPOSE: The primary purpose of this survey will be used to check in on interns and trainees on the BridgeUSA program (formerly the Exchange Visitor Program) to ensure their health, safety, and welfare. The survey also will ask about their exchange experience. Answers will be collected electronically through the Qualtrics program. Responses will be anonymous, and taking the survey is voluntary. The survey has 17 questions and is attached. Respondents will only give their name (optional) if they wish our office to follow up with them after they have taken the survey.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time required for searching existing data sources, gathering the necessary documentation, providing the information and/or documents required, and reviewing the final collection. You do not have to supply this information unless this collection displays a currently valid OMB control number. If you have comments on the accuracy of this burden estimate and/or recommendations for reducing it, please send them to: jexchanges@state.gov

DESCRIPTION OF RESPONDENTS: We plan to send the survey to around 1,000 Interns and Trainees combined on the BridgeUSA program (Exchange Visitor Program) who were on program in the 2020-2021 program year.

BURDEN HOURS

Category of Respondent	No. of Respondents	Participation Time	Burden
Intern/Trainee exchange visitors	1,000	.25 of an hour per participant (15 minutes per participant)	250 minutes
Totals	2,000	.25 of an hour per participant	250 minutes

FEDERAL COST: The estimated annual cost to the Federal government is \$352

There is no cost to identify the respondents. The list of respondents is in our participant database, so there is no cost associated with identifying those who would take the survey. The 1,000 respondents represent all participants in this exchange category for the time-period indicated. The only cost would be staff time to download responses from Qualtrics and review the results. We anticipate that one GS-9 staff member at an hourly wage of \$22 would take 19 hours to review and analyze the results.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions: n/a
