Information Collection Request – Supporting Statement

Coronavirus State and Local Fiscal Recovery Funds
OMB No. 1505-0271

Part A. **Justification**

1. Circumstances necessitating the collection of information

Justification for Emergency Processing:

Sections 602 and 603 of the Social Security Act (the “Act”), as added by section 9901 of the American Rescue Plan Act of 2021, Pub. L. No. 117-2 (Mar. 11, 2021) authorizes the Coronavirus State Fiscal Recovery Fund (“CSFRF”) and Coronavirus Local Fiscal Recovery Fund (“CLFRF”) respectively (referred to as the “Coronavirus State and Local Fiscal Recovery Funds” or “SLFRF”). The Coronavirus State and Local Fiscal Recovery Funds provide \$350 billion in total funding for the Department of the Treasury (“Treasury”) to make payments to States (defined to include the District of Columbia), U.S. Territories (defined to include Puerto Rico, U.S. Virgin Islands, Guam, Northern Mariana Islands, and American Samoa), Tribes, Metropolitan cities, Counties, Consolidated Governments, and (through States) Nonentitlement units of local government (collectively the “eligible entities”) to (1) respond to the COVID-19 public health emergency or its negative economic impacts, including providing assistance to households, small business, nonprofits, and impacted industries, such as tourism, travel, and hospitality; (2) respond to workers performing essential work during the COVID-19 pandemic by providing premium pay to eligible workers of the State, U.S. Territory, Tribal government, Metropolitan city, County, or Nonentitlement units of local government who are performing essential work or by providing grants to eligible employers that have eligible workers; (3) provide of government services, to the extent COVID-19 caused a reduction of revenues collected in the most recent full fiscal year of the State, U.S. Territory, Tribal government, Metropolitan city, County, or Nonentitlement units of local government; or (4) make necessary investments in water, sewer, or broadband infrastructure.

Section 602(b) of the Act prescribes that \$219.8 billion must be allocated as follows: (1) \$4.5 billion reserved for making payments to the U.S. Territories; (2) \$20 billion reserved for making payments to Tribal governments; and (3) \$195.3 billion reserved for making payments to the 50 States and the District of Columbia.

Section 603(b) of the Act prescribes that \$130.2 billion must be allocated as follows: (1) \$45.57 billion reserved for making payments to Metropolitan cities; (2) \$19.53 billion reserved for making payments to States for distribution to Nonentitlement units of local government; and (3) \$65.1 billion reserved for making payments to Counties. A unit of general local government that has formed a consolidated government or is geographically (in full or in part) within the boundaries of another unit of general local government may receive a distribution from the funds reserved for making payment to a Metropolitan city, Nonentitlement unit of local government, or county, as applicable based on the respective formula for such allocation to a Metropolitan city, Nonentitlement unit of local government, or County.

Section 602(b)(6)(A)(i) provides that, to the extent practicable, Treasury shall make payments to States and U.S. Territories no later than 60 days after receipt of the required certification. Payments to Tribal governments are to be distributed, to the extent practicable, no later than 60 days after March 11, 2021, pursuant to section 602(b)(6)(B).

Section 603(b)(7)(A) provides that, to the extent practicable, Treasury shall make the first tranche of payments to Metropolitan cities, Counties, and States for distribution to Nonentitlement units of local government no later than 60 days after March 11, 2021.

Because of the statutory requirement to make payments as expeditiously as practicable to the eligible entities under sections 602 and 603 of the Act, Treasury requests emergency processing for the Acceptance of Award Terms Form, and the Recipient Payment Information Form.

Acceptance of Award Terms Forms

Eligible entities that elect to receive payment under the Coronavirus State and Local Fiscal Recovery Funds must complete and sign the acceptance of award terms form that indicates their agreement to the award terms. There are two acceptance of award terms forms. The first is for States, the District of Columbia, and U.S. Territories to complete. This first form includes certification language required by section 602(d)(1) of the Social Security Act, as added by section 9901 of the American Rescue Plan Act, which requires certification that an entity requires the payment under section 602(b) to carry out the activities specified in section 602(c). The other acceptance of award terms form is for the other eligible entities to complete; this second form does not include the certification language as the other entities are not required to make such certification.

Recipient Payment Information Form

In order to ensure proper payment by Treasury, all eligible entities must supply basic identifying and bank routing information. This information should be readily available to officials completing the form.

Assurances of Compliance with Title VI of the Civil Rights Act of 1964

As a condition of receipt of federal financial assistance from Treasury, all eligible entities under the Coronavirus State and Local Fiscal Recovery Funds program are required to provide assurances pursuant to 31 C.F.R. § 22.5 that they will comply with the requirements of Title VI of the Civil Rights Act of 1964 and Treasury's Title VI implementing regulations.

Furthermore, the information collection is tailored to leverage data that already exists and require only additional data that is necessary for making payments to eligible entities.

5. Impact on small entities

This collection of information will minimally affect small entities. However, Treasury will attempt to minimize the burden on small entities to the greatest extent practicable, such as by providing assistance to small entities.

6. Consequences of less frequent collection and obstacles to burden reduction

Treasury will collect only the information required to make any payments to the eligible entities. The eligible entities will submit a limited amount of information that should be readily available to the entity in the ordinary course of business. If the eligible entities are unable to provide their completed Certification, Acceptance of Award Terms form, and Recipient Payment Information form, Treasury will not be able to make payment to those entities.
