The Community Development Financial Institutions Fund (CDFI Fund) is publishing this Capital Magnet Fund (CMF) Application Template (Application Template) in conjunction with the Notice for Public Comment on proposed and/or continuing information collection, as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3506(c)(2)(A). This Application Template is provided for the purposes of soliciting comments on the appropriateness of the information collected in the Application. The CMF Application is an online form submitted through the CDFI Fund's Award Management Information System (AMIS).

The Capital Magnet Fund (CMF) is administered by the CDFI Fund. Through the CMF, the CDFI Fund provides financial assistance grants to Certified Community Development Financial Institutions (CDFIs) and to qualified Nonprofit Organizations that have the development or management of affordable housing as one of their principal purposes.

In order to understand the requirements of the CMF, including eligible uses of financial assistance grants, potential Applicants should review the CMF Interim Rule ([12 C.F.R. 1807](#)). Capitalized terms not defined in this Application Template (other than titles) have meanings set forth in the CMF Interim Rule or the Notice of Funds Availability (NOFA). The CMF Interim Rule and most recent NOFA are available on the CDFI Fund's website: www.cdfifund.gov/cmfi.

In order to facilitate review of this Application Template in Comment, new or substantially revised questions compared with the FY 2020 CMF Application are highlighted. A number of less substantive changes were also made relative to the FY 2020 CMF Application, but these changes were not highlighted.

AMIS Application Overview

This document provides the full question text and related guidance for the information that will be entered into the CMF Application in AMIS.

In order to facilitate the crosswalk between this Application Template document and AMIS, each Application question in this document will be presented in a table that contains the following information:

- Full question text
- Response
- Notes/guidance relevant to that specific question or sub-question
- AMIS Field Type

AMIS FIELD TYPES

Below is an overview of the nine field types you will encounter in completing the Application in AMIS.

- **Auto-populated/Auto-calculated:** These fields will be automatically populated in AMIS based on other data inputs. No data entry is required for fields that are marked “auto-populated” or “auto-calculated.”
- **Checkmark:** These fields allow the Applicant to check a box to select a corresponding option.
- **Currency:** These fields allow the Applicant to enter currency data points and have a dollar sign in front. For example, Award Request Amount: \$2,000,000.
- **Look-up:** These fields allow the Applicant to search and select data fields for an existing list in the AMIS database. For example, when entering geographic areas, the Applicant can “look-up” counties or states.
- **Narrative:** These fields allow the Applicant to enter text (non-numeric data). These fields will also have a character limit as indicated in each question.
- **Numeric:** These fields allow the Applicant to enter a number (that is not a dollar figure or a percentage). For example, the number of hours to complete the Application: 100.
- **Percentage:** These fields allow the Applicant to enter a percentage. For example, percentage of CMF Award that will be used as a Loan Loss Reserve: 23%.
- **Picklist:** These fields allow the Applicant to select an option from a suite of choices (e.g. a dropdown of “Yes” or “No”).
- **Text:** These are short text fields that allow the Applicant to enter up to 255 characters. They are used for names and short descriptions.

Program Profile and Creating an AMIS Application

Once your organization is registered in AMIS, the first step in completing the AMIS Application is to ensure that your CMF Program Profile has the correct “Entity Type.” On the Program Profile, you must make sure the field “Entity Type” is completed in order to create an Application. This selection will trigger certain validations on the AMIS Application. The options are listed below:

- Financing Entity
- Affordable Housing Developer/Manager

A **Financing Entity** is an entity whose predominant business activity is the provision of arm’s length transactions and services to independent, unrelated parties, each acting in its own best interest. Such transactions support and promote affordable housing and/or community development through the provision of financial products that serve low income communities, individuals or families with low incomes or underserved markets or communities.

An **Affordable Housing Developer/Manager** is a Nonprofit Organization whose primary mission is the construction, development, redevelopment, preservation or management of affordable housing. The Affordable Housing Developer may own the housing that is developed; may own it in part, such as a limited partnership; may sell the homeownership housing it develops once completed; or may sell but continue to manage the housing if rental housing. CDFIs who have the construction, development, redevelopment, preservation or management of affordable housing as a predominant purpose may elect to apply as an Affordable Housing Developer/Manager.

Leveraging the CMF Award

The CMF authorizing statute requires that Recipients use the CMF Award to finance/support Projects with Eligible Project Costs totaling at least ten times the CMF Award amount. The CDFI Fund refers to this as “leveraging” the CMF Award. Questions 14-17 ask the Applicant to detail its strategy for leveraging the CMF Award. While the Application asks the Applicant to describe its leveraging approach in three different categories (i.e. Enterprise-Level, Reinvestment, and Project-Level), there is no preference for one category of leverage over another.

Question 15- Enterprise-Level Leverage (if applicable)

The questions below focus on the Applicant's plans to use its CMF Award to leverage "Enterprise-Level Capital." **"Enterprise-Level Capital" is capital earned, borrowed, or raised by the Applicant or its Affiliates, which is designated for use and ultimately used to pay for Leveraged Costs but is not initially restricted for use for specific properties at the time the capital is earned, borrowed or raised.** Enterprise-Level Capital can include, but is not limited to, Program-Related Investments (PRIs), loans from third parties, and the organization's own contributed capital (equity or retained earnings).

Example: An Applicant requests a \$2 million CMF Award which it intends to leverage 10 times to create a \$20 million Affordable Housing Fund. The Affordable Housing Fund will be comprised of the requested \$2 million in CMF Award and \$18 million in leveraged funds. Of the \$18 million, \$16 million is from private sources (\$15 million in a new bank line of credit and \$1 million from an existing foundation Program Related Investments (PRI)).

The Affordable Housing Fund also includes \$1 million in funds from the city (not restricted to a specific project) and the Applicant is contributing \$1 million of its own funds. The total Enterprise-Level Capital in this example is \$18 million. \$17 million is private Enterprise-Level Capital.

Note: If the Applicant does not plan to leverage its CMF Award at the Enterprise-Level, it should enter \$0 to Qs. 15(a) and 15(b). The Applicant only needs to respond to Qs. 15(d), 15(e), and 15(f) if Q. 15(c) is greater than \$0. Questions 15(d) – 15(f) will not appear in AMIS if Qs. 15(a) – 15(c) are all \$0.

Question 16 - Reinvestment (if applicable)

The questions below focus on the Applicant’s plans to redeploy repaid capital during the five-year Investment Period (i.e. redeployment of CMF Award and Enterprise-Level Capital). If the Applicant does not anticipate redeploying CMF Award dollars or Enterprise-Level Capital, the amount entered in 16(a), 16(b), and 16(c) should be zero. Program Income in the form of principal and equity repayments of the CMF Award earned during the Investment Period must be reinvested by the Recipient. The required conditions for that reinvestment of Program Income will be specified in the Assistance Agreement and may vary depending on whether the Applicant intends to leverage the CMF Award through reinvestment, as indicated in their response to this question.

Question 17 – Project-Level Leverage (if applicable)

Project-Level Leverage is the difference between the total Eligible Project Costs of the Project and the amount of financing or capital provided to the Project by the Applicant. It is capital used to pay Leveraged Costs that is restricted to a specific project when it is raised. Project-Level Leverage can, among other things, include mortgages secured by the property, proceeds from the sale of bonds, equity investment raised through LIHTC, deferred developer fees, loans and grants from local and state government made directly to a specific Project. Project-Level Leverage does not

include Enterprise-Level Capital or Reinvestments. Here are two examples:

- Example 1: The Applicant is using a CMF Award to support a multi-family rental Project with total Eligible Project Costs of \$2.5 million. In total, the Applicant will be providing \$500,000 in financing from their own funds (Enterprise-Level) and \$500,000 from its CMF Award to the project. \$1 million will be funded by a private lender mortgage and the city has awarded \$500,000 for that specific Project. The amount of Project-Level Leverage in this example is \$1.5 million, with \$1 million from private sources and \$500,000 from public sources.
- Example 2: The Applicant is using a CMF Award to seed an Affordable Housing Fund that will provide soft second mortgages to Low-Income Families. This fund provides a second mortgage of \$10,000 (\$5,000 of its own funds and \$5,000 in CMF) to a homebuyer to help finance a home purchase of \$100,000. The balance of \$90,000 is funded by a private mortgage. The amount of Project-Level Leverage is \$90,000.

Note: The Applicant only needs to respond to Qs. 17(d) and 17(e) if Q. 17(c) is greater than \$0. Questions 17(d) – 17(e) will not appear in AMIS if Q. 17(c) is \$0.

Geographic and Income Targeting

The CMF authorizing statute indicates that the CMF Program should target affordable housing that revitalizes Areas of Economic Distress or targets Low- and Very-Low Income Families outside of Areas of Economic Distress. In terms of income targeting, the CMF Program prioritizes Applicants targeting Low-Income Families (80% AMI or below) for Homeownership and Very Low Income Families (50% AMI or below) for Rental Housing. Given this different level of targeting and the differences between Homeownership and Rental, the Geographic and Income Targeting section has different questions for Rental and Homeownership.

Rental Housing - Geographic and Income Targeting

For rental Housing, Applicants will be asked to separately discuss their income targeting plans and the extent to which they intend to use the Award to target High Opportunity Areas and Areas of Economic Distress. For rental housing, the CMF Program is targeting the financing and production of housing at 50% AMI or below.

AMIS Note: These questions will only appear in the AMIS Application if the Applicant indicates in Q. 9(c) that it plans to undertake Rental Housing.

Question 25 - Rural Areas

The CDFI Fund is dedicated to achieving geographic diversity across Metropolitan and Rural Areas in the United States, and encourages Applicants to serve Rural Areas as a way to ensure that diversity. Rural Areas is defined per 12 CFR § 1282.1 (Enterprise Duty To Serve Final Rule) as (i) A census tract outside of a Metropolitan Statistical Area as designated by the Office of Management and Budget; or (ii) A census tract in a Metropolitan Statistical Area as designated by the Office of Management and Budget that is outside of the Metropolitan Statistical Area's Urbanized Areas, as designated by the U.S. Department of Agriculture's (USDA) Rural-Urban Commuting Area (RUCA) Code #1, and outside of tracts with a housing density of over 64 housing units per square mile for USDA's RUCA Code #2. The CDFI Fund has published a dataset indicating which census tracts are designated as Rural Areas for the current Round on its [website](#).

If the Applicant's response to Q. 25(a) is greater than zero, the Applicant will be held to using a required percentage of CMF Award dollars in Rural Areas as a condition of its Assistance Agreement. The required percentage will equal the response to Q. 25(a).

Table B1: Track Record of Housing Units Production by Income Levels

Data entered in Table B1 should include projects completed in the last five years, based on Project Completion date. Applicants should enter the number of units for each income category. AMI stands for Area Median Income.

Areas of Economic Distress are census tracts: (a) where at least 20% of households that are Very Low-Income (50% of AMI or below) spend more than half of their income on housing; or (b) that are designated Qualified Opportunity Zones; or (c) that are Low-Income Housing Tax Credit Qualified Census Tracts; or (d) where greater than 20% of households have incomes below the poverty rate and the rental vacancy rate is at least 10% ; or (e) where greater than 20% of the households have incomes below the poverty rate and the homeownership vacancy rate is at least 10%; or (f) Are Underserved Rural Areas as defined in the CMF Interim Rule (as amended February 8, 2016; 12 CFR Part 1807). A spreadsheet of Areas of Economic Distress is available at: <https://www.cdfifund.gov/programs-training/Programs/cmf/Pages/apply-step.aspx#step2>.

Table B2: Projected Housing Units Production by Income Levels

Data entered in Table B2 should be based on the date the Project will achieve Project Completion. In this table, only provide data for activities that will be financed and/or supported by the Applicant’s requested CMF Award that will achieve Project Completion by the end of the five-year Investment Period. Do not include data on activities unrelated to the Applicant’s requested CMF Award.

Areas of Economic Distress are census tracts: (a) where at least 20% of households that are Very Low-Income (50% of AMI or below) spend more than half of their income on housing; or (b) that are designated Qualified Opportunity Zones ; or (c) that are Low-Income Housing Tax Credit Qualified Census Tracts; or (d) where greater than 20% of households have incomes below the poverty rate and the rental vacancy rate is at least 10%; or (e) where greater than 20% of the households have incomes below the poverty rate and the homeownership vacancy rate is at least 10%; or (f) Are Underserved Rural Areas as defined in the CMF Interim Rule (as amended February 8, 2016; 12 CFR Part 1807). A spreadsheet of Areas of Economic Distress is available at: <https://www.cdfifund.gov/programs-training/Programs/cmf/Pages/apply-step.aspx#step2>.

Please note that the number of units projected in Areas of Economic Distress in this table should align with the percentages entered in Q. 20(a) and/or Q. 22(b).

NOTE: As defined in 1807.104 of the CMF Interim Rule (12 C.F.R. 1807), Affordable Housing Activities means the Development, Preservation, Rehabilitation, and/or Purchase of Affordable Housing, meaning that they comply with the affordability qualifications set forth for Eligible-Income Families. Also, per 12 C.F.R 1807.400, each Recipient that uses its CMF Award for Affordable Housing Activities must ensure that 100% of Eligible Project Costs are attributable to Affordable Housing; meaning, that they comply with the affordability qualifications for Eligible-Income Families (120% of AMI or below).

Appendix 3: Project Pipeline and Sources

In Appendix 3a, provide the requested information for the proposed pipeline of projects. Include at least two and up to eight projects. If you plan to use the Award to capitalize a Homeownership Program for Purchase (e.g. mortgage finance/down payment and/or closing cost assistance), complete the Homeownership Program information. For pipelines which exceed eight projects or where not all projects have yet been identified, provide estimated aggregate cost information on those projects in the “Total for Additional Projects” category. For each identified project, provide the requested information.

While the Applicant will not be held to financing the specific projects listed in the pipeline if selected to receive a CMF Award, please only describe projects in the Applicant’s pipeline for which the Applicant realistically anticipates using the CMF Award.

- If your organization is planning to provide mortgage assistance/Purchase assistance to homebuyers, you may list the Homeownership program as one “project” in Appendix 3a.
- If your organization is planning to use the CMF Award to finance/support Economic Development Activities, please ensure to include at least one project of this type in the pipeline.

In Appendix 3b, all anticipated sources of capital needed to finance Eligible Project Costs should be listed appropriately based on the status (i.e. “Sources Secured/Received” or “Anticipated/Projected”). Financing sources should be classified as either “Early Stage” or “Permanent”. Financing that is taken out/repaid by permanent financing should be listed as “Early Stage”. If financing is early stage but converts to permanent, it should be listed as “Permanent”. If the sources are unknown, indicate the estimated amount as “Other Private” or “Other Public”. Early Stage financing will be netted from permanent financing when calculating Eligible Project Costs. Eligible Project Costs should not exceed Total Development Costs. The Total Net Sources/Eligible Project Costs listed at the bottom of Appendix 3b should align with the Total Eligible Project Costs for the pipeline in Appendix 3a.

Notification

As stated in 12 CFR 1815.105, if the CDFI Fund determines that the Application proposes actions which require an environmental assessment or an environmental impact statement, any approval and funding of the Application will be contingent upon:

1. The Applicant supplying to the CDFI Fund all information necessary for the CDFI Fund to perform or have performed any required environmental review;
2. The Applicant not using any CDFI Fund Financial Assistance to perform any of the proposed actions in the Application requiring an environmental review until approval is received from the CDFI Fund; and

B. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS: INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this Application, the prospective primary participant (the Applicant) is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in the denial of participation in this covered transaction. The prospective Applicant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the CDFI Fund's determination whether to enter into this transaction (approval and funding of the Application). However, failure of the Applicant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. This certification is a material representation of fact upon which reliance is placed when the CDFI Fund determines to enter into this transaction. If it is later determined that the Applicant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the CDFI Fund may terminate this transaction for cause or default.

4. The Applicant shall provide immediate written notice to the CDFI Fund if at any time the Applicant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms “covered transactions,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal”, and “voluntarily excluded,” as used in this clause (certification), have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. The Applicant further agrees by submitting this Application that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” to be provided by the CDFI Fund, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions (see 31 C.F.R. part 19, Appendix B).
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the No Procurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the CDFI Fund may terminate this transaction for cause or default.

After submitting responses to this questionnaire, the Applicant is under a continuing obligation to: (1) supplement its responses upon a change in circumstances; and (2) revise or modify its responses within 10 business days of having actual or constructive knowledge that the responses previously submitted and certified are no longer complete, accurate, or true.
